Englade,2014-12-09 A shocking true story of crime punishment and injustice in a major American city Charles Stuart claimed it was a black man who carjacked him shooting both himself and his wife ending both her life and the life of their unborn child The accusation and subsequent manhunt enflamed the long simmering racial tensions of Boston leading to the arrest of an innocent man It was then discovered that Stuart had killed his wife and shot himself to cover up the crime seeking a big insurance payout When his crimes were exposed Stuart jumped off a bridge to his death Ken Englade explores the story with panoramic vision and a stunning eye for detail Looking at the crime itself and the police response Englade shows how Stuart's crime unraveled how the truth came out and what the media's response can tell us about the biases through which we view the worst of crimes

A Glasgow Mosaic Ian R Mitchell,2013-11-30 With this book is completed a trilogy of works begun in 2005 with *This City Now Glasgow* and its *Working Class Past* and continuing with *Clydeside Red Orange and Green* in 2009 The three books have all had similar aims in trying to raise the profile of forgotten or neglected areas and aspects of Glasgow and its history in a small way trying to boost the esteem in which such places are held by the people who live in there and by those who visit Moving away slightly from the working class focus this third instalment presents a broad view of Glasgow's industrial social and intellectual history From public art to socialist memorials and from factories to cultural hubs Ian Mitchell takes the reader on a guided tour of Glasgow outlining walking routes which encompass the city's forgotten icons

The Thames Torso Murders of Victorian London R. Michael Gordon,2015-10-03 The Thames Torso Murders have been overshadowed by Jack the Ripper and his crimes but were just as brutal and gruesome They began in 1887 in London's East End just north of the Thames River in Rainham England The killer took one victim that year another in 1888 and two more in 1889 He resumed his crimes in 1902 taking his last victim south of the Thames and leaving her body in a pile of dismembered parts as he had done with most of his other victims This work delves deep into the case of the Thames Torso Murders It begins with a look at London in the late 1800s a time of great confusion and tremendous population increase and the killer's path to London which seems to include a murder in Paris in 1886 The book then examines in great detail each murder and the investigation that may have been hindered by the search for Jack the Ripper It also raises the idea that Jack the Ripper and the Torso Murderer may have been the same man Severin Klosowski better known as George Chapman the Borough Poisoner It ends with an examination of Serial Killers the Ripper Torso and Borough Poisoner murder cases the search for clues to the serial killer responsible for the five Thames Torso murders and Wolff Levisohn a dark horse who seems to have known much about all three sets of murders testified at Chapman's murder trial and then faded away as Chapman was sent to the gallows

The Poison Murders of Jack the Ripper R. Michael Gordon,2014-01-10 Considered a primary suspect in the unsolved Jack the Ripper murders Polish born Severin Antoniovich Klosowski also gained considerable notoriety as The Borough Poisoner of Southwark in the late 1800s Within a span of five years Klosowski took on three women as his wives and lethally poisoned each with deadly doses of antimony This study of Klosowski's murders of Mary Spink

Elizabeth Bessie Taylor and Maud Marsh includes extensive accounts of the individual crimes the accompanying investigations and Klosowski's conviction and execution The final chapter examines intense police and media speculation that Klosowski may also have been the unidentified serial killer Jack the Ripper citing period news articles and more recent developments in the notorious case One appendix provides a detailed timeline of Klosowski's poison period from 1892 to 1903

More Guns, Less Crime John R. Lott,2013-01-29 On its initial publication in 1998 John R Lott's More Guns Less Crime drew both lavish praise and heated criticism More than a decade later it continues to play a key role in ongoing arguments over gun control laws despite all the attacks by gun control advocates no one has ever been able to refute Lott's simple startling conclusion that more guns mean less crime Relying on the most rigorously comprehensive data analysis ever conducted on crime statistics and right to carry laws the book directly challenges common perceptions about the relationship of guns crime and violence For this third edition Lott draws on an additional ten years of data including provocative analysis of the effects of gun bans in Chicago and Washington D C that brings the book fully up to date and further bolsters its central contention

The Eastern Ukraine Question James Ward,2019-08-26 The first of the John Mordred novels Readers will find John Mordred to be one of the most appealing characters in fiction today Publisher's Daily John Mordred comes alive on the page and is a character readers will not soon forget The Booklife Review A cabal of Russian oligarchs instigates unrest in the far east of Russia as the first stage of an attempt to unseat Vladimir Putin Britain offers covert support in the form of five MI7 agents The disturbances mirror

those in Eastern Ukraine and if pushed far enough might persuade the Kremlin to retract its territorial interests in Donetsk Luhansk and Zaporizhia However once the five operatives are shipped east events take an unexpected turn One by one they begin to disappear Enter Grey Department s John Mordred by grudging consensus MI7 s best agent Young idiosyncratic and a linguistic genius Mordred prefers diplomacy to battle doing the right thing to defending the realm Yet he won t necessarily duck a confrontation Especially when the lives of his co agents are at stake Which given the job description they usually are James Ward brings protagonist John Mordred alive on the page The author displays exceptional ability when it comes to storytelling Emerald Book Review The Eastern Ukraine Question was written in 2014 at the same time as the events which form its backdrop *The Seductive Scent of Empire* James Ward,2020-01-05 When Ruby Parker Head of MI7 s Red Department is hospitalised by a burglar all is not as it seems Her removal coincides with a series of catastrophes for British spies in hostile territories abroad and some very shifty behaviour by the new Acting Head of Red Department Patrick Atherton Atherton dislikes Red s established hierarchy which includes all its officers without exception and possibly John Mordred in particular The idea that there s something fishy going on and that all this is linked seems intuitively obvious and probably worth investigating But then things take a turn for the strange Atherton has an apparent breakdown he gets up from his desk leaves Thames House and apparently goes off radar Important men and women across London start dying in violent circumstances It simultaneously transpires that the mysterious Black Department is taking a close interest in all this And not quite from its usual distance Suddenly John Mordred himself becomes the focus of intensely hostile scrutiny And when he too goes off radar it s because he no longer has a choice At least not if he wants to live For a while nothing seems to make sense Then shockingly it does **The Social Magus** James Ward,2019-08-26 Everyone knows UK general elections aren t what they used to be British politics Westminster in particular is mired in an integrity crisis Expenses scandals cash for questions a tainted honours system and other wrong turns have created a deeply disillusioned electorate Enter Real Alternative a bold new party with a youthful charismatic leader and a radical manifesto True it stands to win very few seats but what really matters is that it has galvanised the young and apathetic And it apparently has the establishment running scared Yet RA may be more vulnerable than it looks Who s funding it No one quite knows If its backers are foreign that would constitute a clear breach of electoral commission rules Which would please a lot of people in Whitehall Agent John Mordred is assigned to investigate What looks at first like a routine probe becomes much more than that when he discovers that his own sister and the party s leader are what used to be called in less cynical times in love And especially when he finds out that for reasons unknown someone determined and very ruthless wants them dead Suddenly the political becomes lethally personal *Humankind 2.0* James Ward,2020-09-21 It s early 2020 MI7 is expecting an eccentric new recruit in the person of Chasha Jones self described only partly tongue in cheek as the most intelligent woman in London Perceptive cerebral fun to work alongside everyone looks forward to her arrival But on the day she s due to start work there s no sign of her Nor the

day after Then shockingly it turns out she s joined an obscure cult run by an eccentric Briton called Hector Raynebow Raynebow used to be a dedicated eco warrior but he s ditched environmentalism on the grounds that humanity in its present form isn t really capable of saving the world the rot has gone too far But don t worry he has a solution Humankind 2.0 a new type of human being developed by means of cutting edge gene technology The trouble is when more than a few governments encounter the words a new type of human being what they actually hear is super soldiers And their only question then is assuming Raynebow really is capable of developing such things who s going to get their hands on them first John Mordred is assigned to investigate But of course he s not the only one And to make things even cosier the investigators are explicitly briefed not to get on with each other

An Evening at the Beach James Ward, 2019-08-26 Twenty eight short stories about contemporary British morals and mores

Encounter with ISIS James Ward, 2019-08-26 When the 14 year old daughter of a British government minister leaves the country to join ISIS MI7 despatches a cohort of agents to Turkey to intercept her en route However maybe not everything is as it seems How to explain for example her long standing prior antipathy to Islamofascism Her sudden conversion to radicalism on the very day of her departure The fact that there is neither sight nor sign of her in Istanbul or elsewhere Agent John Mordred is assigned to investigate Soon he has theories of his own and they fly in the face of the prevailing wisdom Along the way he is forced to face an impossible question How to account for the appeal to some British citizens of an organisation that practises genocide mass torture and the reduction of women to sex slaves Barbarism seems to be banging on the doors of civilisation again in a way unseen since the 1930s Yet for every evil Mordred uncovers a counterbalancing good appears His quest leads him from London to the shores of East Africa and to a confrontation with the all pervading power of ideological malice
