

STANNARY LAW

*A History of the Mining Law
of Cornwall and Devon*

ROBERT R. PENNINGTON

Stannary Law

George Randall Lewis

Stannary Law:

Stannary Law Robert R. Pennington, 1973 **The Stannaries** George Randall Lewis, 1907 No detailed description available for The Stannaries **A History of English Law** Sir William Searle Holdsworth, 1922 *The Oxford History of the Laws of England: 1483-1558* John Hamilton Baker, 2003 This volume in The Oxford History of the Laws of England covers the years 1483 1558 a period of immense social political and intellectual changes which profoundly affected the law and its workings **The Oxford History of the Laws of England Volume VI** John Baker, 2003-09-18 This volume covers the years 1483 1558 a period of immense social political and intellectual changes which profoundly affected the law and its workings It first considers constitutional developments and addresses the question of whether there was a rule of law under king Henry VIII In a period of supposed despotism and enhanced parliamentary power protection of liberty was increasing and habeas corpus was emerging The volume considers the extent to which the law was affected by the intellectual changes of the Renaissance and how far the English experience differed from that of the Continent It includes a study of the myriad jurisdictions in Tudor England and their workings and examines important procedural changes in the central courts which represent a revolution in the way that cases were presented and decided The legal profession its education its functions and its literature are examined and the impact of printing upon legal learning and the role of case law in comparison with law school doctrine are addressed The volume then considers the law itself Criminal law was becoming more focused during this period as a result of doctrinal exposition in the inns of court and occasional reports of trials After major conflicts with the Church major adjustments were made to the benefit of clergy and the privilege of sanctuary was all but abolished The volume examines the law of persons in detail addressing the impact of the abolition of monastic status the virtual disappearance of villeinage developments in the law of corporations and some remarkable statements about the equality of women The history of private law during this period is dominated by real property and particularly the Statutes of Uses and Wills designed to protect the king's feudal income against the consequences of trusts which are given a new interpretation Leaseholders and copyholders came to be treated as full landowners with rights assimilated to those of freeholders The land law of the time was highly sophisticated and becoming more so but it was only during this period that the beginnings of a law of chattels became discernible There were also significant changes in the law of contract and tort not least in the development of a satisfactory remedy for recovering debts *Substance of a Report on the Laws and Jurisdiction of the Stannaries in Cornwall* Sir George Harrison, 1835 A History of English Law: A history of English law Sir William Searle Holdsworth, 1903 *A Treatise on the Law of Mines and Minerals* William Bainbridge, Archibald Brown, 1878

Propaganda and the Tudor State John P. D. Cooper, 2003 This book offers a fresh understanding of the substance behind the rhetoric of English Renaissance monarchy Propaganda is identified as a key factor in the intensification of the English state The Tudor royal image is pursued in all its forms in print and prayer in iconography and architecture The

monarchy surrounded itself with the trappings of majesty at court but in the shires it relied on different strategies of persuasion to uphold its authority The Reformation placed the provincial pulpit at the disposal of the crown and the church became the main conduit of royal propaganda Sermons taught the duty of obedience and parish prayer was redirected from local saints towards the sovereign as the symbolic core of the nation Dr Cooper examines the relationship between the Tudor monarchy and its subjects in Cornwall and Devon and the complex interaction between local and national political culture These were years of social and religious upheaval during which the western peninsula witnessed three major rebellions and many more riots and affrays A vibrant popular religion was devastated by the Protestant Reformation and foreign invasion was a frequent threat Cornwall remained recognizably different from England in its ancient language and traditions Yet in the midst of all this popular allegiance to monarchy and nation survived and prospered The Tudors were mourned and celebrated in towns and parish churches Loyalty was fostered by the Duchy of Cornwall and the stannaries Regional difference far from undermining the power of the crown was fundamental to its success in the westcountry This is a study of government at the dangerous edges of Tudor England and a testament to the unifying power of propaganda

Harvard Economic Studies Albert Benedict Wolfe,1908 **The Law Relating to Mines, Minerals, and Quarries in Great Britain and Ireland; with a Summary of the Laws of Foreign States, Etc** Arundel Rogers,1876 **The Victoria History of the County of Cornwall** ,1906 **The Law of Mines, Quarries, and Minerals** Robert Forster MacSwinney,1897 **Harvard Economic Studies** ,1907 **Law Notes** Albert Gibson,Robert McLean,1887

Constitutional Law of England Edward Wavell Ridges,1922 **The Accountant** ,1891 **The Law Times** ,1891 *A History of English Law* Sir William Searle Holdsworth,1956 *The Cornish Miner* Alfred Kenneth Hamilton Jenkin,1927
