About the Novel: The Girl Who Drank the Moon follows the tale of Luna, who must quickly overcome the obstacles that were hidden from her in order to save the ones she loves. In the Protectorate village, each year the Elders sacrifice a newborn baby to the witch who lives in the forest. This sacrifice ensures the Protectorate's safety for another year. What the villagers don't know is that there is no witch at least not an evil one living in the forest. Not knowing why these babies are left to die, the witch Xan finds them and takes them to nearby villages to be raised. To sustain them on this journey, Xan feeds the babies starlight. One year, Xan mistakenly feeds the baby moonlight, which fills the child with magic. Xan decides to raise the girl herself in order to keep those around her safe from her magic. She names the child Luna. The story follows Luna as she grows and discovers her magic while also coming head to head with the real evil of the forest.

Blue Moon Investigations: Case File 4-6 Steve Higgs, 2019-10-25 The paranormal. It's all nonsense, but proving might just get them killed. Delve into a world where supernatural crimes are investigated by two detectives standing alone to protect those that call on them. In the brooding dark landscape of England with its rolling hills and forgotten castles, the dark breeds evil in every shadow. Or stupid, some of them definitely just contain stupid. With millions of pages read and thousands of books sold, the Blue Moon paranormal investigation series will grip you from the start and rob you of sleep as you continue turning pages until well after your bedtime. It is action-packed but funny, fast-paced yet intriguing, and there are 15 stories already written. Get the second 3 excitement-filled stories in this omnibus edition and save a pile against buying them individually.

The Klowns of Kent Before the dust settles following a zombie outbreak, a plague of evil clowns descends on the towns and villages of Kent, bringing havoc and crime. When petty theft escalates to murder, Tempest knows he must get involved, but they come looking for him first. What is their motive? Are they from hell? To find out, he'll have to follow them into their trap and fight his way out.

Dead Pirates of Cawsand A ghost ship has been spotted off the coast of a quiet Cornish village where gold coins were recently found. Now skeletal pirates are wandering the streets, hiding in the mist to strike fear into the local community because they want their gold back. But they

didn't count on England's best paranormal P.I. turning up. His well-earned break soon goes sideways as murder, kidnapping and ghost hunters ruin his vacation and threaten more than just his life. In the Doodoo with Voodoo, a client cursed by a voodoo priest is the start of a case that will push Amanda to her very limits. With Tempest away in Cornwall, Amanda has no back up but she wants to do this for herself even though the priest is a scary character. However, when BFF Patience goes missing, it's a race against time to solve the case before someone dies and she is about to find out just how badly she underestimated her suspect. Praise for the Blue Moon Investigation series and Steve Higgs. Be prepared to struggle with getting anything else done as you will want to keep reading. Supernatural overtones with a hint of sexual tension interspersed with humor make this a fantastic book. Truly delightful tales of mystery and misadventure. Higgs is a wonderful author with great character development which includes an enticing cast of misfits. A great crime comedy with a group of zany characters. I really enjoyed the book and look forward to the next one. Highly recommended. Higgs makes everything and everyone come alive. Seasons of the Moon Series, Books 1-4: Six Moon Summer, All Hallows' Moon, Long Night Moon, and Gray Moon Rising SM Reine, 2014-03-01 When Rylie went to summer camp, she didn't expect to get bitten by a werewolf and turn into a monster. She also didn't expect to fall in love, especially not with a werewolf hunter. Between ravenous werewolf packs, a bloodthirsty family of hunters, and Rylie's battle with her inner wolf, all the odds are stacked against Rylie's love for Seth. But Seth will do anything to be with her, even if it means turning against his family and sacrificing everything. This is a collection of the first four books in the Seasons of the Moon series. It contains Six Moon Summer, All Hallows' Moon, Long Night Moon, Gray Moon Rising. SIX MOON SUMMER: Rylie's been bitten. She's changing. And now she has three months to find a cure before becoming a werewolf forever. Rylie Gresham hates everything about summer camp: the food, the fresh air, the dumb activities, and the other girls in her cabin. But the worst part is probably being bitten by a werewolf. Being a teenager is hard enough, but now she's craving raw flesh and struggles with uncontrollable anger. If she doesn't figure out a way to stop the transformation, then at the end of summer, her life is worse than ever. She'll be a monster. ALL HALLOWS' MOON: The good girl has become the big bad wolf. Rylie survived a werewolf bite. She's moved to her aunt's ranch to enroll in a new school and continue her life, except now she transforms into a monster every moon and struggles to control her murderous urges. Without many werewolves left, it's hard to stay in hiding. A family of hunters, Eleanor Abel, and Seth recognize the signs and follow Rylie to her new home. They want to stop her before she murders someone, and the only way to do it is with a silver bullet. Seth soon realizes the werewolf is Rylie, the one monster he failed to kill. Worse yet, he's still in love with her. Torn between family and

love Rylie struggles to reconcile her feelings and control the wolf within while Seth fights to do what's right. But what is right: obeying desire or duty? **LONG NIGHT MOON** Something is killing innocent people around Rylie Gresham's town. The police think it's a wild animal, but she has other suspicions. There are new kids at school, and they have a lot in common with her: gold eyes, super strength, and a habit of turning furry. It seems Rylie's not the only werewolf around anymore. It's up to Rylie and her werewolf hunting boyfriend Seth to stop the killings. But saving lives doesn't come naturally to a monster, and territory battles could risk the life of her sickly aunt, not to mention her own. Rylie has no choice but to stand her ground, protect her home, and stop the murders before anyone else gets hurt. **GRAY MOON RISING** It's been almost a year since Rylie Gresham was bitten by a werewolf on Gray Mountain. Now something is beckoning her back to the place she was attacked, along with every other werewolf in the world. But they aren't the only ones heeding the call. A group of hunters notices them gathering and sees it as their chance to wipe out the entire species. Seth is about to graduate high school when he learns of the final hunt. He secretly plans to save Rylie and his werewolf brother, even though he has to play along with the hunters to do it. But Rylie doesn't want to be saved. She's already decided to solve her problems with a silver bullet if answers aren't waiting on Gray Mountain. One way or another, everything is about to end, whether it means Rylie's liberation or the end of her life.

Public Opinion, 1922 **From the Earth to the Moon** Jules Verne, 2011-03-02 Written almost a century before the daring flights of the astronauts, Jules Verne's prophetic novel of man's race to the stars is a classic adventure tale enlivened by broad satire and scientific acumen. When the members of the elite Baltimore Gun Club find themselves lacking any urgent assignments at the close of the Civil War, their president Impey Barbicane proposes that they build a gun big enough to launch a rocket to the moon. But when Barbicane's adversary places a huge wager that the project will fail, and a daring volunteer elevates the mission to a manned flight, one man's dream turns into an international space race. A story of rip-roaring action, humor, and wild imagination, *From the Earth to the Moon* is as uncanny in its accuracy and as filled with authentic detail and startling immediacy as Verne's timeless masterpieces *20,000 Leagues Under the Sea* and *Around the World in Eighty Days*.

The Sixth Moon and Other Writings Tom Condon, 2004-07 This collection of short stories, short essays, and verse has something for everyone. A plot to steal the Nixon Manuscript. A scientist stumbles on a strange society in the middle of the jungle. A botanist is destroyed by his own plants. A young boy learns about the mystery of life and the universe. Who knows what happened to the dinosaur?

Clark Encyclopedia of Second Temple Judaism provides a comprehensive reference resource of over 600 scholarly articles aimed at scholars and students interested in Judaism of the Second Temple Period. The two volume work is split into four parts. Part One offers a prolegomenon for the contemporary study and appreciation of Second Temple Judaism, locating the discipline in relation to other relevant fields such as Hebrew Bible, Rabbinics, Christian Origins. Beginning with a discussion of terminology, the discussion suggests ways the Second Temple period may be described and concludes by noting areas of study that challenge our perception of ancient Judaism. Part Two presents an overview of respective contexts of the discipline set within the broad framework of historical chronology, corresponding to a set of full colour custom designed maps. With distinct attention to primary sources, the author traces the development of historical, social, political and religious developments from the time period following the exile in the late 6th century B.C.E. through to the end of the Bar Kokhba revolt 135 C.E. Part Three focuses specifically on a wide selection of primary source literature of Second Temple Judaism, summarizing the content of key texts and examining their similarities and differences with other texts of the period. Essays here include a brief introduction to the work and a summary of its contents as well as examination of critical issues such as date, provenance, location, language and interpretative matters. The early reception history of texts is also considered and followed by a bibliography specific to that essay. Numerous high resolution manuscript images are utilized to illustrate distinct features of the texts. Part Four addresses topics relevant to the Second Temple Period such as places, practices, historical figures, concepts and subjects of scholarly discussion. These are often supplemented by images, maps, drawings or diagrams, some of which appear here for the first time. Copiously illustrated, carefully researched and meticulously referenced, this resource provides a reliable up to date and complete guide for those studying early Judaism in its literary and historical settings.
