Slaves Spices And Ivory In Zanzibar:

Slaves, Spices and Ivory in Zanzibar Abdul Sheriff, 1987-09-30 The rise of Zanzibar was based on two major economic transformations Firstly slaves became used for producing cloves and grains for export Previously the slaves themselves were exported Secondly there was an increased international demand for luxuries such as ivory At the same time the price of imported manufactured goods was falling Zanzibar took advantage of its strategic position to trade as far as the Great Lakes However this very economic success increasingly subordinated Zanzibar to Britain with its anti slavery crusade and its control over the Indian merchant class Professor Sheriff analyses the early stages of the underdevelopment of East Africa and provides a corrective to the dominance of political and diplomatic factors in the history of the area **Slaves, Spices, &**

Nyanto,2024-11-19 The first historical account of the dramatic growth of Christianity in Western Tanzania during the twentieth century and of the role of former slaves in this process Examining the intersection of post slavery and evangelism this book shows the ways that former slaves from a variety of linguistic and cultural backgrounds came together to create new communities in the Christian missions of western Tanzania It shows how converts adapted to Christianity and at the same time shaped it through their translations of the Bible and other religious texts into the Kinyamwezi language integrating concepts from their own cultures and experiences of slavery Working as teachers pastors and catechists former slaves and their descendants laid the basis for the growth of African Christianity in the region and the book pays particular attention to women s agency in creating spaces for negotiating kinship ties and mutual relations with the wider communities It also delves into the range of missionary sources to show the experience of lay Christians who opposed religious authority in Catholic and Moravian missions examining the division caused by catechists demands for equality of status recognition and appropriate pay in the context of ujamaa and the turmoil brought about by the revival movement Through narratives of religious experience from multiple missions and village outstations the book shows how former slaves created a Kinyamwezi speaking Christian culture taking inspiration both from European missionaries and neighbouring African villagers and became part of evolving rural communities in the inter war period enabling their descendants to achieve a significant degree of social mobility **Slave Trade Profiteers in the Western Indian Ocean** Hideaki Suzuki,2017-10-12 This book

through the haunted afterlives of colonial migrations Indian migrants provided the labor that enabled the British Empire to gain control over a quarter of the world's population and territory In the mid 1800s the British government began building an elaborate bureaucracy to govern its mobile subjects issuing photo IDs lists of kin and wills It amassed records of workers belongings such as handwritten IOUs crumpled newspaper clippings and copper bangles Worldly Afterlives uses this trove of artifacts to recover the stories of the hidden subjects of empire Navigating the remains of imperial bureaucracy in archives scattered across Asia Africa the Middle East and the Americas Julia Stephens follows migrant families as they traverse the Indian Ocean and the British Empire She draws on in depth interviews to show how the histories of empire reverberate in the present through the memories and experiences of their descendants who collected their own remnants of empire in albums and curio cabinets We encounter women subaltern migrants and people of mixed heritage whose family stories upend ethnonationalist and patriarchal approaches to studying Asian diasporas What emerges is a social history of Indian migration and a political history of British imperial governance one that offers a new methodological approach to the historian's craft Spanning archives family collections cemeteries online ancestry records and social media Worldly Afterlives breaks down boundaries that separate academic amateur and public history to open new conversations about the ongoing legacies of empire

Aspects of Colonial Tanzania History E.Y. Mbogoni, 2012-11-20 Aspects of Colonial Tanzanian History is a collection of essays that examines the lives and experiences of both colonizers and the colonized during colonial rule in what is today known as Tanzania Dr Mbogoni examines a range of topics hitherto unexplored by scholars of Tanzania history namely excessive alcohol consumption the sundowners adultery and violence among the colonial officials attitudes to inter racial sexual liaisons especially between Europeans and Africans game poaching European settler vigilantism radio broadcasting film production and the nature of Arab slavery in Zanzibar A particularly noteworthy case related to European vigilantism is examined the trial of Oldus Elishira a Maasai for the murder of a European settler farmer in 1955 The victim Harold M Stuchbery was speared to death when he attempted to arrest a group of Maasai young men who were passing through his farm The event highlighted the differences in the concepts of justice held by Maasai and the imported justice systems from the colonizers It also raised vexing questions about the colonial judges acquittal of Oldus Elishira while the Maasai who should have been satisfied with that decision decided to take it upon themselves to mete out an appropriate punishment to Elshira instead of total acquittal and to compensate Mrs Stuchbery for the death of her husband by giving her a number of heads of cattle

Economies of Representation, 1790-2000 Dr Helen Gilbert, Dr Leigh Dale, 2013-04-28 Although postcolonialism has emerged as one of the most significant theoretical movements in literary and cultural studies it has paid scant attention to the importance of trade and trade relations to debates about culture Focusing on the past two centuries this volume investigates the links among trade colonialism and forms of representation posing the question What is the historical or modern relationship between economic inequality and imperial patterns of representation and reading

Rather than dealing exclusively with a particular industry or type of industry the contributors take up the issue of how various economies have been represented in Aboriginal art in literature by North American Caribbean Portuguese South African First Nations Australian British and Aboriginal authors and in a diverse range of writings that includes travel diaries missionary texts the findings of the Leprosy Investigation Commission early medical accounts and media representations of HIV AIDS Examining trade in commodities as various as illicit drugs liquor bananas tourism adventure fiction and modern Aboriginal art as well as cultural exchanges in politics medicine and literature the essays reflect the widespread origins of the contributors themselves who are based throughout the English speaking world Taken as a whole this book contests the commonplace view promoted by some modern economists that trade in and of itself has a leveling effect equalising cultures places and peoples demonstrating instead the ways in which commerce has created and exacerbated differences in power

Following the killing of George Floyd in 2020 a moral panic gripped the US and UK To atone for an alleged history of racism statues were torn down and symbols of national identity attacked Across universities fringe theories became the new orthodoxy with a cadre of activists backed by university technocrats adopting a binary worldview of moral certainty sin and deconstructive redemption through Western self erasure This hard hitting book surveys these developments for the first time It unpacks and challenges the theories and arguments deployed by decolonisers in a university system now characterised by garbled leadership and illiberal groupthink The desire to question the West's sense of itself deconstruct its narratives and overthrow its institutional order is an impulse that ironically was underpinned by a more confident and assured Western

hegemony which is now waning and under great strain If its light continues to dim who or what will carry the torch for human freedom and progress *Indian Ocean Slavery in the Age of Abolition* Robert W. Harms, Bernard K. Freamon, David W.
