Recording Russia Gabriella Safran, 2022-11-15 Recording Russia examines scenes of listening to the people across a variety of texts by Russian writers and European travelers to Russia Gabriella Safran challenges readings of these works that essentialize Russia as a singular place where communication between the classes is consistently fraught arguing instead that as in the West the sense of separation or connection between intellectuals and those they interviewed or observed is as much about technology and performance as politics and emotions Nineteenth century writers belonged to a distinctive media generation using new communication technologies not bells but mechanically produced paper cataloguing systems telegraphy and stenography Russian writers and European observers of Russia in this era described themselves and their characters as trying hard to listen to and record the laboring and emerging middle classes They depicted scenes of listening as contests where one listener bests another at times the contest is between two sides of the same person They sometimes described Russia as an ideal testing ground for listening because of its extreme cold and silence As the mid century generation witnessed the social changes of the 1860s and 1870s their listening scenes revealed increasing skepticism about the idea that anyone could accurately identify or record the unadulterated voice of the people Bringing together intellectual history and literary analysis and drawing on ideas from linguistic anthropology and sound and media studies Recording Russia looks at how writers folklorists and linguists such as Turgenev Dostoevsky and Vladimir Dahl as well as foreign visitors thought about the possibilities and meanings of listening to and repeating other people's words The New Russian Diaspora Vladimir Shlapentokh, Munir Sendich, Emil Payin, 2016-09-16 In the wake of the USSR's collapse more than 25 million Russians found themselves living outside Russian territory their status ambiguous Equally uncertain is the role they will play as a factor in Russian politics local politics and relations among the newly independent states of the former Soviet Union This volume prepared under the sponsorship of the Kennan Institute offers a comprehensive and amply documented examination of these issues *The Dostoevsky Archive* Peter Sekirin, 1997-01-01 Fyodor Mikhailovich Dostoevsky 1821–1881 one of the greatest novelists of the 19th century continues to be one of the writers most focused upon in academia throughout the world With the recent opening of numerous archives in the former Soviet Union much new material has come to light that has not yet been incorporated in published works or standard curricula The Dostoevsky Archive comprehensively documents the entire life of the Russian novelist using contemporary Russian source documents the author's own letters and notes and those of his family and the memoirs of his contemporaries This fullscale reference work includes a detailed chronology an annotated bibliography and brief biographies of important contemporaries Fully indexed

Russian Orthodoxy, Nationalism and the Soviet State during the Gorbachev Years, 1985-1991 Sophie Kotzer, 2020-01-22 This book examines how the Russian Orthodox Church developed during the period of Gorbachev's rule in the Soviet Union a period characterised by perestroika reform and glasnost openness It charts how official Soviet policy

towards religion in general and the Russian Orthodox Church changed with the Church enjoying significantly improved status It also discusses however how the improved relations between the Moscow Patriarchate and the state and the Patriarchate s support for Soviet foreign policy goals its close alignment with Russian nationalism and its role as a guardian of the Soviet Union s borders were not seen in a positive light by dissidents and by many ordinary believers who were disappointed by the church s failure in respect of its social mission including education and charitable activities

1823-1886 Stephen Lukashevich,1965 Here is a complete biography of Ivan Aksakov a prominent intellectual figure in Russia during the reigns of Tzars Alexander II and III Aksakov began his fiery career as a critic of Slavophilism a movement created by his brother Konstantin along with Alexis Khomiakov the brothers Kireevskii and others which sought to divorce Russia from the West and all Western influence Circumstances however turned Aksakov into the fanatical leader of the Slavophiles making him a passionate nationalist and Pan Slavist and a fierce anti Semite Although he accepted the reforms of the 1860 s he feared that their results would lead to the further Westernization of Russia and toward the end of his life disillusioned and despairing he lent a generous hand to reaction This book is based on a meticulous study of primary sources
