Sourcebook of Psychological Treatment Manuals for Adult Disorders Michel Hersen, Vincent B. Van Hasselt, 2013-11-11 Here is a practical reference offering mental health professionals 16 state of the art methods for treating a variety of problems presented by outpatient and inpatient adult clients Supported by ample clinical illustrations each chapter offers sufficient information so that the respective methods can be replicated Problems include obsessive compulsive disorder depression schizophrenia and obesity The book also examines contemporary issues of accountability in treatment This handbook meets the needs of psychologists psychiatrists counselors social workers rehabilitation specialists and graduate students

Oxford Textbook of Correctional Psychiatry Robert L. Trestman, Kenneth L. Appelbaum, Jeffrey L. Metzner, 2015 This textbook brings together leading experts to provide a comprehensive and practical review of common clinical organisational and ethical issues in correctional psychiatry

Effective Brief Therapies Michel Hersen, Maryka Biaggio, 2000-06-05 This treatment guide is based on selected disorders taken from the American Psychiatric Association DSM IV Diagnostic Classifications The disorders selected are treatable or responsive to brief therapy methods The therapist or student in training can use this book to identify the elements needed for formulating a treatment plan on disorders typically encountered in clinical practice The approaches taken are based on cognitive behavioral principles and makes use of empirical findings However the case study format allows the reader to see how the assessment and treatment is implemented in a real life patient and not as a clinical abstraction distilled from research studies Moreover the treatment plan is outlined in a manner that makes reimbursement likely from managed care organizations and insurance companies Effective Brief Therapies is useful as a reference for therapists and as a training guide for graduate students Case Descriptions Treatment Conceptualization Assessment Techniques Treatment Implementation Techniques Concurrent Diagnoses and Treatment Complications and Treatment Implications Dealing with Managed Care and Accountability Outcome and Follow up Dealing with Recidivism

The Effortless Sleep Method: The Incredible New Cure for Insomnia and Chronic Sleep Problems Sasha Stephens, 2011-05-12 Review Original practical and very effective This new approach to insomnia will change lives Dr W Rosental Consultant Psychiatrist and Addiction Specialist Product Description To those who are longing for a good night s sleep To those addicted to sleeping pills To those who would give anything to get over their insomnia To those for whom nothing ever seems to work To every person who has suffered the horror of chronic insomnia to every insomniac everywhere this is for you The Effortless Sleep Method is the book insomniacs all over the world have been waiting for even those for whom nothing ever works This highly practical and hugely effective method offers a simple and permanent solution for long term and new insomniacs alike The Effortless Sleep Method gives you something no other sleep aid can an entirely different

way of looking at insomnia The step by step insomnia recovery programme contained in this book doesn't just treat insomnia it totally undermines it This is not another dry as dust reference book written by a doctor but a lively empowering book which connects the sufferer intimately to one who has gone through the same pain Many insomnia books follow a similar format scientific information about sleep a section on sleep hygiene and a set of relaxation techniques all interspersed with various case studies While in some cases this will be helpful in learning how to sleep better for many this will never be enough The chronic insomniac can think his or her way around the sleep hygiene will doubt the validity of the case studies and will fight the relaxation techniques The chronic insomniac has been there done that the chronic insomniac has an answer for everything This book is entirely different in its approach to insomnia Yes there are practical changes to make but the real magic lies in the changes it will make to your thinking Because of this the approach in the book is not only useful in treating insomnia once mastered the principles can be extended into other areas of your life What will you get from The Effortless Sleep Method You will discover a truly permanent solution to chronic insomnia even if you have suffered for decades You may end up sleeping better than you have ever done Discover the one simple rule which can instantly improve your sleep Learn the secret most doctors won't tell you You will finally understand why nothing seems to work no matter how many remedies and sleep aids you try Learn the astonishing and unexpected ways in which you may be sabotaging your own recovery with everyday talk and activities Hear a new and surprising take on sleep restriction therapy which explains why it may not have worked for you You will feel empowered optimistic acquire a positive outlook and feel more in control of your life in general The ability to sleep soundly naturally and unaided is the desire of every chronic insomniac This book will guide you to rediscovering your innate ability to sleep without pills potions or external sleep aids When The Effortless Sleep Method is followed properly the results can be incredible Many people report sleeping better than they have ever done Now anyone really can have perfect sleep

Beyond Self-Interest Krzysztof Pelc, 2022 At a time when people are questioning the fundamental assumptions of the free market Beyond Self Interest upends how we relate to capitalism It does so not by rejecting the market but by consigning it to its original function as a tool of human development rather than an end in itself Krzysztof Pelc reminds us that commercial society was seen by its earliest theorists merely as a means of achieving our highest ends It can still do this if only we treat it once more as the tool it was originally conceived as Prosperity is highly desirable but only insofar as it contributes to human flourishing

Sleep Disorders Handbook Peretz Lavie, Giora Pillar, Atul Malhotra, 2002-06-27 Recent years have seen the rapid development of sleep medicine as a new medical subspecialty It is estimated that at least 30% of the adult population suffer at least once from some sort of sleep disturbance Patients with sleep disorders are frequently among the most difficult to treat and account for a high percentage of absenteeism in the workp

Eating, Sleeping, and Sex Albert J. Stunkard, Andrew S. Baum, 2020-03-12 The lack of balance and the failure of regulation in life has traditionally been recognized in such extreme symbolic acts as

overconscientiousness or a criminal lack of conscience This volume shows how the neurotic process affects biologic functions distorting natural functioning Three distinct functions and their respective extremes are discussed eating obesity bulimia nervosa sleeping insomnia excessive somnolence and sex hypersexuality including child molestation hyposexuality including inhibited sexual desires **Sleep** Teofilo L. Comprehensive Handbook of Psychopathology Henry E. Adams, Patricia B. Sutker, 2013-04-17 The first edition of Comprehensive Handbook of Psychopathology was published in 1984 almost a decade ago In the interim there has been an explosion of information in psychopathology Proliferation of knowledge has included a widening base of research data and changing or new concepts and theories regarding classification measurement methods and etiology of abnormal behaviors and mental disorders It has been an active and productive period for biological and behavioral scientists and clinicians particularly in terms of changing notions of the complex interaction of environmental and biological factors in many disorders For example with the classic disorders such as anxiety and dissociative disorders our understanding while far from perfect has been greatly enhanced in recent years Whereas there was almost a vacuum of empirical knowledge ten years ago about the personality disorders concentrated efforts have been undertaken to investigate classification comorbidities and expression of the personality disorders and variants in normal personality traits In addition scientific advances in the fields of behavioral medicine health psychology and neuropsychology have greatly contributed to our knowledge of psychopathology and the interplay of psychobiological factors It is now commonly acknowledged that psychopathology is not limited to the traditional mental illness categories it also plays a significant role in many physical illnesses such as cancer and AIDS With these developments it became clear that the first edition of this handbook was outdated and that a revision was needed
