**Writing the History of the British Stage** Richard Schoch, 2016-09-12 This is the first book on British theatre historiography It traces the practice of theatre history from its origins in the Restoration to its emergence as an academic discipline in the early twentieth century In this compelling revisionist study Richard Schoch reclaims the deep history of British theatre history valorizing the usually overlooked scholarship undertaken by antiquarians booksellers bibliographers journalists and theatrical insiders none of whom considered themselves to be professional historians Drawing together deep archival research close readings of historical texts from the seventeenth eighteenth and nineteenth centuries and an

awareness of contemporary debates about disciplinary practice Schoch overturns received interpretations of British theatre historiography and shows that the practice and the diverse practitioners of theatre history were far more complicated and far more sophisticated than we had realised His book is a landmark contribution to how theatre historians today can understand their own history      *The Challenge of World Theatre History* Steve Tillis,2020-09-19 The future of theatre history studies requires consideration of theatre as a global phenomenon The Challenge of World Theatre History offers the first full scale argument for abandoning an obsolete and parochial Eurocentric approach to theatre history in favor of a more global perspective This book exposes the fallacies that reinforce the conventional approach and defends the global perspective against possible objections It moves beyond the conventional nation based geography of theatre in favor of a regional geography and develops a new way to demarcate the periods of theatre history Finally the book outlines a history that recognizes the often connected developments in theatre across Eurasia and around the world It makes the case that world theatre history is necessary not only for itself but for the powerful comparative and contextual insights it offers to all theatre scholars and students whatever their special areas of interest      **Illustrations of the History of Medieval Thought and Learning** Reginald Lane Poole,1920      **Theatre History Studies 2008, Vol. 28** Theatre History Studies,2008-09-14 Theatre History Studies is a peer reviewed journal of theatre history and scholarship published annually since 1981 by the Mid American Theatre Conference MATC a regional body devoted to theatre scholarship and practice The conference encompasses the states of Illinois Iowa Nebraska Kansas Missouri Minnesota North Dakota South Dakota Wisconsin Indiana Michigan and Ohio The purpose of the conference is to unite persons and organizations within the region with an interest in theatre and to promote the growth and development of all forms of theatre
