Family Trouble Joy Castro, 2020-03-01 Whenever a memoirist gives a reading someone in the audience is sure to ask How did your family react Revisiting our pasts and exploring our experiences we often reveal more of our nearest and dearest than they might prefer This volume navigates the emotional and literary minefields that any writer of family stories or secrets must travel when depicting private lives for public consumption Essays by twenty five memoirists including Faith Adiele Alison Bechdel Jill Christman Judith Ortiz Cofer Rigoberto Gonz lez Robin Hemley Dinty W Moore Bich Minh Nguyen and Mimi Schwartz explore the fraught territory of family history told from one perspective which from another angle in the family drama might appear quite different indeed In her introduction to this book Joy Castro herself a memoirist explores the ethical dilemmas of writing about family and offers practical strategies for this tricky but necessary subject A sustained and eminently readable lesson in the craft of memoir Family Trouble serves as a practical guide for writers to find their own version of the truth while still respecting family boundaries **School Principal** Dan C. Lortie, 2009-08-01 When we think about school principals most of us imagine a figure of vague yet intimidating authority for an elementary school student being sent to the principal's office is roughly on par with a trip to Orwell's Room 101 But with School Principal Dan C Lortie aims to change that Much as he did for teachers with his groundbreaking book Schoolteacher Lortie offers here an intensive and detailed look at principals painting a compelling portrait of what they do how they do it and why Lortie begins with a brief history of the job before turning to the daily work of a principal These men and women he finds stand at the center of a

constellation of competing interests around and within the school School district officials teachers parents and students all have needs and demands that frequently clash and it is the principal s job to manage these conflicting expectations to best serve the public Unsurprisingly then Lortie records his subjects professional dissatisfactions but he also vividly depicts the pleasures of their work and the pride they take in their accomplishments Finally School Principal offers a glimpse of the future with an analysis of current issues and trends in education including the increasing presence of women in the role and the effects of widespread testing mandated by the government Lortie s scope is both broad and deep offering an eminently useful range of perspectives on his subject From the day to day toil to the long term course of an entire career from finding out just what goes on inside that office to mapping out the larger social and organizational context of the job School Principal is a truly comprehensive account of a little understood profession *The Most Interesting Stories of All Nations* Julian Hawthorne,2010 Includes various narratives from P H Woodward Andrew Lang and others Originally released in 1909
