Sources Of Christian Ethics:

The Sources of Christian Ethics Servais Pinckaers, 1995 First published in 1985 as *Les sources de la morale chrétienne* by University Press Fribourg this work has been recognized by scholars worldwide as one of the most important books in the field of moral theology *Sources of Christian Ethics* Servais Pinckaers, OP, 1995-07-01 Now available for the first time in English this work is widely recognised as a classic in the field of moral theology **Christian Ethics; Sources of the Living Tradition** Waldo Beach, Helmut Richard Niebuhr, 1973 Basic Christian Ethics Paul Ramsey, 1950-01-01 This treatise on Christian ethics is one of the most thoughtful and comprehensive presentations of the subject we have had in many years It should be of inestimable value not only to the general reader but also to students and classes in our colleges and seminaries Reinhold Niebuhr Part of Westminster's Library of Theological Ethics series Demanding Our Attention Emily K. Arndt, 2011-03-09 What can we possibly learn about our relationships to others from reading the story of an ancient father who raised a knife to slaughter his beloved only son Contemporary Christian ethicists faced with such dilemmas are often tempted to treat the Hebrew Bible in a limited distanced and even dismissive way Yet Emily Arndt here argues that ancient scriptures can be a vital resource for Christian ethical studies today Focusing on a close analysis of the akedah the story of Abraham's near sacrifice of Isaac she demonstrates the power of even the most troubling and uncomfortable Old Testament narratives to teach valuable ethical lessons Placing ourselves in relationship to such complex perhaps unresolvable and always challenging sacred texts she says is in itself a practice that can help us learn to relate authentically and ethically to others This is a fully formed sophisticated and beautifully written book offering an important contribution to the field of theological ethics A fitting tribute to a scholarly career that was cut short all too soon Jean Porter from the foreword Christian Ethics D. Stephen Long, 2010-07-29 This Very Short Introduction to Christian ethics introduces the topic by examining its sources and historical basis D Stephen Long presents a discussion of the relationship between Christian ethics modern and postmodern ethics and explores practical issues including sex money and power Long recognises the inherent difficulties in bringing together Christian and ethics but argues that this is an important task for both the Christian faith and for ethics Arguing that Christian ethics are not a precise science but the cultivation of practical wisdom from a range of sources Long also discusses some of the failures of the Christian tradition including the crusades the conquest slavery inquisitions and the Galileo affair Placing them in the context of the theory and practice of ethics and their historical perspective he notes the challenges they raise for Christian ethics He concludes with a discussion of their implications in the modern era considering how this affects our lives in the present age ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Liberation Ethics Thomas Louis
