

Rosen's chapters are not altogether alien to an account of the ritual process of becoming a physician in contemporary American society!

The concluding chapter, by Steven Rausser, is a tour de force in the personal document tradition of Kluckhohn and A. J. Levi. A study of the numerous revisions of Christopher Isherwood's autobiographical novel from *Goodbye to Berlin* (1939) through the final *Capote* (1972), it is simultaneously a study of how a culture remembers and forgets through its literary and cinematic traditions (screen memories). Like Thomas van Velsor, Rausser concludes that personal and social meanings are completely featured, that Gertrude not withstanding, text is not all. Methodologically, just as in the psychoanalytic study of a text, "The reader's response may be seen as an unconscious enactment of an organized fantasy embedded in the text" (p. 173), so likewise "the playwright correctly senses what the audience wishes and needs to see performed" (p. 174). "Through his early novel and the later novels and autobiographies, Isherwood has presented his efforts at working through a life situation. In his instance, universal conflict (the Oedipus) is brought into apposition with catastrophic trauma" (the death of his father in World War I, in conjunction with the loss of an entire generation of fathers and the wished/feared fulfillment of oedipal fantasy) (p. 195). Rausser elegantly and persuasively weaves personal history and culture history into a seamless psychodynamic fabric. It is a study in concealment and revelation, of modest revolt and latent submission, in life and art. Finally, it is a masterful illustration of the scholar's use of his or her own unconscious linking associations to discover connections between superficially disparate cultural materials.

In conclusion, Volume 12 is not only a worthy addition to the series, but it merits a wide reading as soundly addressing methodological and interpretive issues that are the essence of the social and behavioral sciences.

Southeastern Pennan Ceremonials: The Kaksu Cult and Its Successors. Abraham M. Halpern. Berkeley: University of California Press, 1989, vii + 36 pp. \$20.00, paper.

First and foremost an appreciation is due to those who have made this publication possible: to Halpern for his completing a manuscript almost forty years after it was begun, to the University of California for publishing this short, but essential, monograph, and to Kay Spencer Halpern for ensuring (through her careful editing) that it was completed after her husband's death.

Halpern spent a month in 1936-37 with Southeastern Pennan people at attempting to uncover "historical events that might indicate some of the reasons

Southeastern Pomo Ceremonials The Kuksu Cult And Its Successors:

Southeastern Pomo ceremonials. The kuksu cult and its successors Abraham Meyer Halpern,1988

Southeastern Pomo Ceremonials Abraham M. Halpern,1988 *Review of Southeastern Pomo Ceremonials, the Kuksu Cult and Its Successors by Abraham M. Halpern* Bruce Bernstein,California Indian Library Collections,1989 *Topics in the Analysis of Causatives* Anuradha Saksena,1982-01-01 [North American Indian Music](#) Richard Keeling,2013-10-15 First Published in 1997 The present volume contains references and descriptive annotations for 1 497 sources on North American Indian and Eskimo music As conceived here the subject encompasses works on dance ritual and other aspects of religion or culture related to music and selected classic recordings have also been included The coverage is equally broad in other respects including writings in several different languages and spanning a chronological period from 1535 to 1995 The book is intended as a reference tool for researchers teachers and college students With their needs in mind the sources are arranged in ten sections by culture area and the introduction includes a general history of research Finally there are also indices by author tribe and subject [Coming Down from Above](#) Lee Irwin,2014-10-20 For longer than five centuries Native Americans have struggled to adapt to colonialism missionization and government control policies This first comprehensive survey of prophetic movements in Native North America tells how religious leaders blended indigenous beliefs with Christianity s prophetic traditions to respond to those challenges Lee Irwin gathers a scattered literature to provide a single volume overview that depicts American Indians creative synthesis of their own religious beliefs and practices with a variety of Christian theological ideas and moral teachings He traces continuities in the prophetic tradition from eighteenth century Delaware prophets to Western dream dance visionaries showing that Native American prophecy was not merely borrowed from Christianity but emerged from an interweaving of Christian and ancient North American teachings integral to Native religions From the highly assimilated ideas of the Puget Sound Shakers to such resistance movements as that of the Shawnee Prophet Irwin tells how the integration of non Native beliefs with prophetic teachings gave rise to diverse ethnotheologies with unique features He surveys the beliefs and practices of the nation to which each prophet belonged then describes his or her life and teachings the codification of those teachings and the impact they had on both the community and the history of Native religions Key hard to find primary texts are included in an appendix An introduction to an important strand within the rich tapestry of Native religions [Coming Down from Above](#) shows the remarkable responsiveness of those beliefs to historical events It is an unprecedented encyclopedic sourcebook for anyone interested in the roots of Native theology [Global Struggles and Social Change](#) Christopher Chase-Dunn,Paul Almeida,2020-09-22 Deftly demonstrates how the rise and fall of social movements throughout history is closely linked to economic and political developments In the early decades of the twenty first century an international movement to slow the pace of climate change mushroomed across the globe The self proclaimed Climate Justice movement urges immediate action to reduce carbon emissions and calls for the adoption of bold

new policies to address global warming before irreversible and catastrophic damage threatens the habitability of the planet. On another front since the 1980s multiple waves of resistance have occurred around the world against the uneven transition from state led development to the neoliberal globalization project. Both Climate Justice and Anti Austerity movements represent the urgency of understanding how global change affects the ability of citizens around the world to mobilize and protect themselves from planetary warming and the loss of social protections granted in earlier eras. In *Global Struggles and Social Change* Christopher Chase Dunn and Paul Almeida explore how global change stimulates the formation and shape of such movements. Contending that large scale economic shifts condition the pattern of social movement mobilizations around the world the authors trace these trends back to premodern societies revealing how severe disruptions of indigenous communities led to innovative collective actions throughout history. Drawing on historical case studies world system and protest event analysis and social networks they also examine the influence of global change processes on local national and transnational social movements and explain how in turn these movements shape institutional shifts. Touching on hot button topics including global warming immigrant rights protests the rise of right wing populism and the 2008 financial crisis the book also explores a broad range of premodern social movements from indigenous people in the Americas Mesopotamia and China. The authors pay special attention to periods of disruption and external threats as well as the role of elites emotions charisma and religion or spirituality in shaping protest movements. Providing sweeping coverage *Global Struggles and Social Change* is perfect for students and anyone interested in globalization international and comparative politics political sociology and communication studies.

[The Garland Encyclopedia of World Music](#) Ellen Koskoff, 2017-09-25 This volume makes available the full range of the American Canadian musical experience covering for the first time in print all major regions ethnic groups and traditional and popular contexts. From musical comedy to world beat from the songs of the Arctic to rap and house music from Hispanic Texas to the Chinese communities of Vancouver the coverage captures the rich diversity and continuities of the vibrant music we hear around us. Special attention is paid to recent immigrant groups to Native American traditions and to such socio musical topics as class race gender religion government policy media and technology.

Rethinking Global Governance Justin Jennings, 2023-05-09 This book argues that long ignored non western political systems from the distant and more recent past can provide critical insights into improving global governance. These societies show how successful collective action can occur by dividing sovereignty consensus building power from below and other mechanisms. For a better tomorrow we need to free ourselves of the colonial constraints on our political imagination. A pandemic war in Europe and another year of climatic anomalies are among the many indications of the limits of global governance today. To meet these challenges we must look far beyond the status quo to the thousands of successful mechanisms for collective action that have been cast aside a priori because they do not fit into Western traditions of how people should be organized. Coming from long past or still enduring societies often dismissed as savages and primitives until

well into the twentieth century the political systems in this book were often seen as too acephalous compartmentalized heterarchical or anarchic to be of use Yet as globalization makes international relations more chaotic long ignored governance alternatives may be better suited to today s changing realities Understanding how the Zulu Trypillian Alur and other collectives worked might be humanity s best hope for survival This book will be of interest both to those seeking to apply archaeological and ethnographic data to issues of broad contemporary concern and to academics politicians policy makers students and the general public seeking possible alternatives to conventional thinking in global governance

The Garland Encyclopedia of World Music Ruth M. Stone, 2017-09-25 The Garland Encyclopedia of World Music is a ten volume reference work organized geographically by continent to represent the musics of the world in nine volumes The tenth volume houses reference tools and descriptive information about the encyclopedia s structure criteria for inclusion and other information specific to the field of ethnomusicology An award winning reference its contributions are from top researchers around the world who were active in fieldwork and from key institutions with programs in ethnomusicology GEWM has become a familiar acronym and it remains highly revered for its scholarship uncontested in being the sole encompassing reference work with a broad survey of world music More than 9 000 pages with musical illustrations photographs and drawings it is accompanied by 300 audio examples

On Kings Marshall Sahlins, David Graeber, 2017-12-15 In anthropology as much as in popular imagination kings are figures of fascination and intrigue heroes or tyrants in ways presidents and prime ministers can never be This collection of essays by two of the world s most distinguished anthropologists David Graeber and Marshall Sahlins explores what kingship actually is historically and anthropologically As they show kings are symbols for more than just sovereignty indeed the study of kingship offers a unique window into fundamental dilemmas concerning the very nature of power meaning and the human condition Reflecting on issues such as temporality alterity and utopia not to mention the divine the strange the numinous and the bestial Graeber and Sahlins explore the role of kings as they have existed around the world from the BaKongo to the Aztec to the Shilluk and beyond Richly delivered with the wit and sharp analysis characteristic of Graeber and Sahlins this book opens up new avenues for the anthropological study of this fascinating and ubiquitous political figure

Resource Depression and Intensification

During the Late Holocene, San Francisco Bay Jack M. Broughton, 1999-07-01 The Emeryville Shellmound on the east shore of San Francisco Bay was excavated and subsequently destroyed in the early twentieth century From its stratified deposits which span the period 2600 to 700 years ago the author identified 2 004 fish and 15 893 mammal specimens and analyzed these and 2 302 avian remains previously identified by Hildegard Howard in the 1920s A battery of independent tests derived from foraging theory supports the conclusion that human induced impacts on vertebrate populations caused declines in the efficiency of foraging across the time that the Emeryville locality was occupied

[The American Indian Ghost Dance, 1870 and 1890](#) , 1991-05-21 The Ghost Dance Movements of 1868 72 and 1888 91 have fascinated historians

sociologists and anthropologists since the time they first occurred Embraced by American Indians of the Plains Great Basin and the Northwest Plateau the religion of the Ghost Dance promised that all dead families and friends would return the white men would disappear and buffalo and other game would again roam the earth The message spread quickly and particularly between 1889 and 1891 had the effect of uniting many hitherto scattered tribes Materials concerning the Ghost Dance movements are available from many sources among them the American Indians the military settlers newspaper reporters and subsequent historians Shelley Anne Osterreich has collected and annotated a selection of this material Included are most of the major works on the Ghost Dance and its attendant features Osterreich s bibliography will contribute significantly to our ability to understand the ultimate effect of the Ghost Dance and what lessons we can learn from this period of cultural upheaval and intense suffering
