Laurie D. Webster, Louise Stiver, D. Y. Begay, Lynda Teller Pete, 2017-08-15 *Navajo Textiles* provides a nuanced account of the Navajo weavings in the Crane Collection at the Denver Museum of Nature Science, one of the largest collections of Navajo textiles in the world. Bringing together the work of anthropologists and indigenous artists, the book explores the Navajo rug trade in the mid nineteenth century and changes in the Navajo textile market while highlighting the museum's important though still relatively unknown collection of Navajo textiles. In this unique collaboration among anthropologists, museums, and Navajo weavers, the authors provide a narrative of the acquisition of the Crane Collection and a history of Navajo weaving. Personal reflections and insights from foremost Navajo weavers D. Y. Begay and Lynda Teller Pete are also featured, and more than one hundred stunning full color photographs of the textiles in the collection are accompanied by technical information about the materials and techniques used in their creation. An introduction by Ann Lane Hedlund documents the growing collaboration between Navajo weavers and museums in Navajo textile research. The legacy of Navajo weaving is complex and intertwined with the history of the Din themselves. *Navajo Textiles* makes the history and practice of Navajo weaving accessible to an audience of scholars and laypeople both within and outside the Din community.
