The Gatling Gun:

The Gatling Gun Joseph Berk, 1991 Here is the first complete 130 year history of what is a truly remarkable and timeless weapon Author Joseph Berk traces the glorious career of this multi barreled high rate of fire gun from its inception during the Civil War to its current role as a state of the art modern combat system of the US military **The Gatling Gun** Peter Smithurst, 2015-05-20 A unique chapter in the history of firearms the multibarrel hand cranked Gatling gun was one of the first practical rapid fire weapons ever to be used in battle It changed warfare by introducing the capability to project deadly high intensity fire on the battlefield and portended the devastation that automatic weapons would wreak in World War I During its 50 year career it saw widespread service with US British and other forces on a host of battlefields through conflicts in Zululand and the American West to the Spanish American War Although it saw widespread use in the hands of industrialized nations against various groups of indigenous native warriors it was famously left behind by Custer at the battle of the Little Bighorn where some argue it could have made all the difference Featuring full colour artwork plus contemporary and close up photographs this engaging study investigates the origins development combat use and lasting influence of the formidable Gatling gun Mr. Gatling's Terrible Marvel Julia Keller, 2008-05-29 A provocative look at the life and times of the man who created the original weapon of mass destruction Drawing on her investigative and literary talents Julia Keller offers a riveting account of the invention of the world's first working machine gun Through her portrait of its misunderstood creator Richard Jordan Gatling who naively hoped that the overwhelming effectiveness of a multiple firing weapon would save lives by decreasing the size of armies and reducing the number of soldiers needed to fight Keller draws profound parallels to the scientists who would unleash America's atomic arsenal half a century later The Gatling gun in its combination of ingenuity idealism and destructive power perfectly exemplifies the paradox of America's rise in the nineteenth century to a world superpower **The Gatling Gun** Joe Berk, 2017-12 The Gatling Gun outlines the development of the Gatling gun from its inception during the Civil War to applications on a variety of modern combat systems The Gatling gun concept has proven itself to be in a very real sense timeless Future weapons systems will no doubt continue to apply the engineering elegance inherent to Dr Gatling's design assuring the survival of this most interesting weapon system **The Gatling Gun** Paul Wahl, Donald R. Toppel, 1965 History of its development and use in warfare **History of the Gatling Gun Detachment** John Parker, Senior Lecturer in African History John Parker, VI, 2015-02-25 This is a history that looks at the innovating gatling gun which was a predecessor of modern machine guns Gatling guns had a huge effect on warfare at the turn of the 20th century From the preface On the morning of July 1st the dismounted cavalry including my regiment stormed Kettle Hill driving the Spaniards from their trenches After taking the crest I made the men under me turn and begin volley firing at the San Juan Blockhouse and intrenchments against which Hawkins and Kent's Infantry were advancing While thus firing there suddenly smote on our ears a peculiar drumming sound One or two of the men cried out The Spanish machine guns but after

listening a moment I leaped to my feet and called It s the Gatlings men It s our Gatlings Immediately the troopers began to cheer lustily for the sound was most inspiring Whenever the drumming stopped it was only to open again a little nearer the front Our artillery using black powder had not been able to stand within range of the Spanish rifles but it was perfectly evident that the Gatlings were troubled by no such consideration for they were advancing all the while Soon the infantry took San Juan Hill and after one false start we in turn rushed the next line of block houses and intrenchments and then swung to the left and took the chain of hills immediately fronting Santiago Here I found myself on the extreme front in command of the fragments of all six regiments of the cavalry division I received orders to halt where I was but to hold the hill at all hazards The Spaniards were heavily reinforced and they opened a tremendous fire upon us from their batteries and trenches We laid down just behind the gentle crest of the hill firing as we got the chance but for the most part taking the fire without responding As the afternoon wore on however the Spaniards became bolder and made an attack upon the position They did not push it home but they did advance their firing being redoubled We at once ran forward to the crest and opened on them and as we did so the unmistakable drumming of the Gatlings opened abreast of us to our right and the men cheered again As soon as the attack was definitely repulsed I strolled over to find out about the Gatlings and there I found Lieut Parker with two of his guns right on our left abreast of our men who at that time were closer to the Spaniards than any others **Dr.**
