The Gender Of Modernism A Critical Anthology:

The Gender of Modernism Mary Lynn Broe,1990-11-22 This is the book we've been waiting for a distinguished collection that demonstrates how revisions of Modernist definitions might proceed The Gender of Modernism will be nothing less than an absolutely necessary text for Modernist studies Shari Benstock Scott and her contributing editors effectively bring together the issues of gender and modernism into a volume recommended for reference and classroom use James Joyce Literary Supplement a treasure trove for anyone interested in the literature and history of modern times Susan Gubar Authors included are Djuna Barnes Willa Cather Nancy Cunard H D T S Eliot Jessie Redmond Fauset Zora Neale Hurston James Joyce Nella Larsen D H Lawrence Mina Loy Rose Macaulay Hugh MacDiarmid Katherine Mansfield Charlotte Mew Marianne Moore Ezra Pound Jean Rhys Dorothy Richardson May Sinclair Gertrude Stein Sylvia Townsend Warner Rebecca West Antonia White Anna Wickham and Virginia Woolf **Gender and Modernism: Critical Concepts 4 Vols: Critical Concepts in Literary and Cultural Studies** Bonnie Kime Scott,2008-04-01 This collection takes articles from late 20th and early 21st century literary criticism and places them alongside earlier key pieces written during the modernist period The text has been edited in light of the thesis that modernism has been marked consciously or unconsciously by gender

Virginia Woolf Julia Briggs,2006 Julia Briggs has written a chronological exploration of Woolf's life that reads her life through her books using the novels to create a new form of biography Each chapter is illustrated with a sample of Woolf's original manuscript **Women Artists and Writers** B. J. Elliott,Jo-Ann Wallace,2014-06-03 In this beautifully illustrated and provocative study Bridget Elliott and Jo Ann Wallace reappraise women's literary and artistic contribution to Modernism Through comparative case studies including Natalie Barney Virginia Woolf Vanessa Bell and Gertrude Stein the authors examine the ways in which women responded to Modernism and created their artistic identity and how their work has been positioned in relation to that of men Bringing together women's studies visual arts and literature Women Writers and Artists makes an important contribution to 20th century cultural history It puts forward a powerful case against the academic division of cultural production into departments of Art History and English Studies which has served to marginalize the work of female Modernists

The History of British Women's Writing, 1920-1945 M. Joannou,2016-01-03 Featuring sixteen contributions from recognized authorities in their respective fields this superb new mapping of women's writing ranges from feminine middlebrow novels to Virginia Woolf's modernist aesthetics from women's literary journalism to crime fiction and from West End drama to the literature of Scotland Ireland and Wales **The Return of the Soldier** Rebecca West,2010-09-21 The Return of the Soldier tells the story of a shell shocked soldier who returns home from the First World War believing that he is in love with a working class woman from his past rather than married to his aristocratic wife His family and doctor must decide whether to allow him to remain safely in his delusion or to bring him back to reality and return him to the front A brief novel with a seemingly simple plot it is a classic of modernist literature and provides a point of entry

into discussions of some of the twentieth century's most enduring themes. Appendices include textual variants, patriotic and antiwar verse from World War I, war journalism by West, contemporary paintings and propaganda posters, and material on shell shock.

Beyond the Victorian/ Modernist Divide Anne-Florence Gillard-Estrada, Anne Besnault-Levita, 2018-03-08

Beyond the Victorian Modernist Divide contributes to a new phase in the Victorian modern debate of traditional periodization through the perspective lens of literature and the visual arts. Breaking away from conventionally fixed discourses and dichotomies, this book utilizes an interdisciplinary approach to examine the existence of overlaps and unexplored continuities between the Victorians, the post Victorians, and the modernists, including the fields of music, architecture, design, science, and social life. Furthermore, the book remaps the cultural history of two critical meta narratives and their interdependence: the myth of high modernism and the myth of Victorianism, by building on recent scholarly work and addressing the question of the turn of the century break theory with a new set of arguments and contributions. The essays presented within acknowledge the existence of a break theory in modernism but question this theory by re-contextualising it while uncovering long masked continuities between artists, genres, and forms across the divide. The collection offers a new approach to modernism, Edwardianism, and Victorianism, utilizing the cross-fertilisation of interdisciplinary approaches and by combining contributions that look forward from the Victorians with other contributions that look backward from the modernists. While literary modernism and its vexed relationships with the nineteenth century is a central subject of the book, further analysis includes artistic discourses and theories stemming from history, the visual arts, science, music, and design. Each chapter offers a fresh interpretation of individual artists, navigating away from characteristic classifications of works, authors, and cultural phenomena. Ultimately, the volume argues that though periodization and genre categories play substantial roles in this divide, it is also essential to be critically aware of the way cultural history has been and continues to be constructed.

Ulysses Rainer Emig, 2017-03-14

This collection of recent essays on James Joyce's masterpiece *Ulysses* provides an up-to-date overview of debates in Joycean scholarship, with particular emphasis on gender, postcolonial, and ideological critiques and deconstructive readings. The essays are framed by an introduction that assesses particularity and universal schemes in Joyce's novel, including its role in modern literature.

"Women's Contributions to Visual Culture, 1918-1939" Karen E. Brown, 2017-07-05

An exploration of women's contributions to visual culture in major urban centres between the wars, 1918-1939, this collection sheds new light on women's relationships with the processes of modernism and modernization. Women's work in a variety of mediums is explored, including design, print, illustration, murals, poster art, and costume design, as well as more conventional forms of painting and sculpture. International in scope, the volume discusses artists and exhibitions from the United Kingdom, Greece, Mexico, France, Ireland, and the United States. The contributors place a strong emphasis on archival research, yet each addresses contemporary concerns in feminist art history. By focusing on a very specific time period, the essays place a central concern on the history and theory of art and gender and are united by their coherent focus on

women s role in the agency and mediation of artistic production in the interwar period Concise Dictionary of Women Artists Delia Gaze, 2013-04-03 This book includes some 200 complete entries from the award winning Dictionary of Women Artists as well as a selection of introductory essays from the main volume
