The Glass Palace Nasser M. Beydoun, Jennifer Baum, 2012 When Americans read in today's news that Qatar is funding rebel groups across the Middle East few of us have any idea what Qatar is or how it is run A nation of perhaps 250 000 locals served by 1 35 million foreign workers the emirate is burning its gas and oil revenue at a break neck pace in an effort to build a position on the global stage Is Qatar actually a suitable ally or a legitimate partner for the United States Under Qatari labor law

foreign workers are actually owned for all practical purposes by their Qatari sponsors in a system akin to slavery This book chronicles the experience of an American executive working in Qatar and delves into Qatar's feudal work sponsorship system showing that an economic great leap forward is not necessarily accompanied by modernization despite superficial emblems that prosperity and democracy need not go hand in hand and that being a US ally may be totally unrelated to any notion of human rights or personal liberties There are other Western expats still trapped in Qatar Yet American workers students and others blithely interact with Qatar as if it were a normal i e Westernized nation where one may navigate with confidence It is nothing of the sort In the meantime Qatar under the leadership of an emir who overthrew his own father is fostering international unrest across the entire Arab world while racing to build a modern looking city from scratch Some of the economic environmental and demographic assumptions underlying these plans are worthy of another 1000 tales from Arabia American businessman Nasser Beydoun found out for himself how quickly the Qataris are moving when he embarked on an exciting new career path leaving his hometown of Dearborn Michigan to move to Qatar to manage the opening of several chain restaurants as part of the sudden economic boom there It didn't take long for the deal to turn sour but Beydoun didn't realize the extent of his problem until he tried to leave the country and was stopped at the border In this book he paints a general picture of life in this fantastical realm while relaying his personal struggle to escape a legal runaround worthy of Kafka's novels

The Glass Church Mark T. Mulder, Gerardo Martí, 2020-04-17 Robert H Schuller's ministry including the architectural wonder of the Crystal Cathedral and the polished television broadcast of Hour of Power cast a broad shadow over American Christianity Pastors flocked to Southern California to learn Schuller's techniques The President of United States invited him sit prominently next to the First Lady at the State of the Union Address Muhammad Ali asked for the pastor's autograph It seemed as if Schuller may have started a second Reformation And then it all went away As Schuller's ministry wrestled with internal turmoil and bankruptcy his emulators including Rick Warren Bill Hybels and Joel Osteen nurtured megachurches that seemed to sweep away the Crystal Cathedral as a relic of the twentieth century How did it come to this Certainly all churches depend on a mix of constituents charisma and capital yet the size and ambition of large churches like Schuller's Crystal Cathedral exert enormous organizational pressures to continue the flow of people committed to the congregation to reinforce the spark of charismatic excitement generated by high profile pastors and to develop fresh flows of capital funding for maintenance of old projects and launching new initiatives The constant attention to expand constituencies boost charisma and stimulate capital among megachurches produces an especially burdensome strain on their leaders By orienting an approach to the collapse of the Crystal Cathedral on these three core elements constituency charisma and capital The Glass Church demonstrates how congregational fragility is greatly accentuated in larger churches a notion we label megachurch strain such that the threat of implosion is significantly accentuated by any failures to properly calibrate the inter relationship among these elements

Deadly Inheritance Suzanne Rossi, 2013-12-13 When aspiring actress Liza

Channing inherits a Caribbean island estate she's sure it will solve her money problems All she has to do is follow the terms of the will and deal with a few resentful relatives no problem But falling for the family attorney wasn't part of her calculations Especially when she learns he's not quite what he seems Stephen Albright planned to keep his distance from the new heiress but soon finds himself drawn to her When she asks for advice he can't refuse But it quickly becomes apparent Liza needs more than legal help Somebody wants her dead When her cousin is murdered Liza realizes just how deadly her inheritance can be Amid the serenity of sensuous tropical nights lurks a killer who will stop at nothing She and Stephen must put their growing love on hold to find a murderer before Liza becomes the next victim *Dusting the Glass* Nancy Kaye Dobson, 2011-04-12

In *Dusting the Glass* Nancy Kaye Dobson trains a compassionate gaze upon often unglamorous protagonists or uncomfortable subjects Precise language and startling imagery evoke the subtle significances of everyday existence of youth and aging regrets and revelations dreams and disillusionment while the spaces between images allow us to personalize them with our own recall Thus we are simultaneously drawn into both the poems themselves and our own memories and we then must as the author has done confront them and wrest meaning from them In any case to read these poems we must be undaunted by what we might find as Dobson must have been when she stared these always human and often haunting images directly in the face **Inherit the Land** Robert Noyola, 2011 Inherit the Word Daryl Wood

Gerber, 2014-03-04 Jenna Hart moved back to Crystal Cove California to recapture her joie de vivre and to help her aunt Vera run the local culinary bookshop and caf But it's hard to follow a simple recipe for relaxation when murder gets thrown in the mix The Cookbook Nook is set to host the town's upcoming Grill Fest a tasty tradition which pits local amateur chefs against one another to concoct the most delicious dishes This year's challenge grilled cheese But with competing chefs bearing grudges from past years more mouths are running off than savoring the fare The expression too many cooks proves all too true when the eight time champ is found murdered in the alley behind the caf Soon a local diner owner and Jenna's second mother is suspected of bumping off the competition and Jenna has to douse the flames before the wrong person gets burned

Inherit the Wealth Richard H. Brooks, 2003-10-30 When Allwin Snarkle comes up with a preposterous get rich quick scheme he quickly snares the attention of his luckless friend Olympia and a gaggle of other bumbler all eager to increase their incomes in New York City of the early 1990s Unfortunately none of these would be entrepreneurs can seem to do anything right from the greedy Dr Jerky a plastic surgeon who lost his license by mixing up his patients with disastrous results to Fatty Friendly the obese and creative accountant jealously guarding the fidelity of his Miss Universe runner up girlfriend to the chronically unemployed and gluttonous Mr Bellybee It's one disaster after another as this crew makes its way through Manhattan on a mission to moonlight to millions The Unblemished Darlings is a comic novel about the absurdity of much of the human enterprise It is filled with zany characters human and animal some of them with unpronounceable names all of them the humans that is out for a buck It is also a hilariously improbable romance with a heroine who is

definitely not thin not rich more than a little addled and somewhat over the hill But her unlikely suitor loves her if only he could bring himself to let her know and if only he didn t have so much competition From the moment the first bird droppings land on Snarkle s head to the pigeon that tries to steal his dessert to his beloved s tiny but ferocious dog that attacks him at every opportunity the entire animal world seems to be conspiring against poor Snarkle and the humans are not making his romantic pursuit any easier either The Rich Shall Inherit Elizabeth Adler,2010-07-07 Millions of dollars will belong to the person who can prove he or she is a descendant of the mystery woman called Poppy Mallory Millions of lies have been told along California s Gold Coast in Paris s demimonde and Italy s dangerous underworld to hide the identity of her daughter or son Millions of hopes grip the hearts of five desperate people each of whom claim to be Poppy s heir and are willing to commit shocking acts of passion or even murder to prove it Millions of dreams buried in the past with Poppy s secrets are now about to be exposed if one determines investigative reporter can uncover the scandalous sin behind it all
