The Golden Age Of Augustus

**George Pierce BAKER (Professor of
Dramatic Literature, Harvard
University.)**

The Golden Age Of Augustus:

The Golden Age of Augustus Meyer Reinhold, Paul T. Alessi, 1978 **Golden Age Augustus** Meyer Reinhold, Paul T. Alessi, 1978 The Golden Age of Augustus : [texts] ,1978 Augustus George Philip Baker, 2000 Another in a series of superb biographies of ancient leaders Baker tackles the life and times of Gaius Octavian Augustus first emperor of Rome and founder of a Roman state that endured for centuries *Augustus. The Golden Age of Rome, Etc. [With Plates, Including Portraits.]*. George Pierce Baker, 1937 **The Renaissance in Rome** Charles L. Stinger, 1998 From the middle of the fifteenth century a distinctively Roman Renaissance occurred A shared outlook a persistent set of intellectual concerns similar cultural assumptions and a commitment to common ideological aims bound Roman humanists and artists to a uniquely Roman world different from Florence Venice and other Italian and European centers This book provides the first comprehensive portrait of the Roman Renaissance world Charles Stinger probes the basic attitudes the underlying values and the core convictions that Rome s intellectuals and artists experienced lived for and believed in from Pope Eugenius IV s reign to the Eternal City in 1443 to the sacking of 1527 He demonstrates that the Roman Renaissance was not the creation of one towering intellectual leader or of a single identifiable group rather it embodied the aspirations of dozens of figures active over an eighty year period Stinger illuminates the general aims and character of the Roman Renaissance Remaining mindful of the economic social and political context Rome s retarded economic growth the papacy s increasing entanglement in Italian politics papal preoccupation with the crusade against the Ottomans and the effects of papal fiscal and administrative practices Stinger nevertheless maintains that these developments recede in importance before the cultural history of the period Only in the context of the ideological and cultural commitments of Roman humanists artists and architects can one fully understand the motivation for papal policies Reality for Renaissance Romans was intricately bound up with the notion of Rome s mythic destiny The Renaissance in Rome is cultural history at its best It evokes the moods myths images and symbols of the Eternal City as they are manifested in the Liturgy ceremony festivals oratory art and architecture of Renaissance Rome Throughout Stinger focuses on a persistent constellation of fundamental themes the image of the city of Rome the restoration of the Roman Church the renewal of the Roman Empire and the fullness of time He describes and analyzes the content meaning origin and implications of these central ideas of Roman Renaissance This book will prove interesting to both Renaissance and Reformation scholars as well as to general readers who may have visited or plan to visit Rome and have become fascinated and affected by this extraordinary city There is no other book like it in any language says Renaissance historian John O Malley It presents a coherent view of Roman culture collects and presents a vast amount of information never before housed under one roof Anyone who teaches the Italian Renaissance O Malley stresses will have to know this book **Augustus. The Golden Age of Rome, Etc. [With Plates, Including Portraits.]**. George Pierce BAKER (Professor of Dramatic Literature, Harvard University.), 1937 *The Renaissance Battle for Rome* Susanna de Beer, 2024

The Renaissance Battle for Rome examines a rhetorical battle fought simultaneously between many parties seeking prestige or legitimacy through the legacy of ancient Rome. It traces the contours of this battle across Renaissance Europe waged by humanist Latin poets negotiating different claims on behalf of others and themselves in their work. **Apostle of the Last Days** C. Marvin Pate, 2013-11-07 Paul's life, letters, and theology are unified by the theme of the overlapping of two ages: this age and the age to come. With the life, death, and resurrection of Jesus Christ, the age to come, i.e., the kingdom of God, broke into this present age but didn't end it. Where other important doctrines such as justification by faith, reconciliation, and the cross of Christ were key players in Paul's theology, Marvin Pate compellingly demonstrates that the overarching theme driving the Pauline corpus was indeed Paul's inaugurated eschatology. In fact, Paul's apocalyptic framework was only one of a number of other rival eschatologically focused religious perspectives of the day, such as the Imperial Cult, Hellenistic syncretistic religion, and the merkabah Judaism. Paul's vigorous debates with the churches he served centered on the exclusivity of the gospel of Christ that he preached: the nonnegotiable apocalypse of Jesus the Messiah. **Apostle of the Last Days** will be welcomed in the classroom as a one-volume treatment of Paul's life and letters as well as his theology. The Rape of Eve Celene Lillie, 2017-01-01 Sex, violence, power, and redemption. In recent decades, scholars of New Testament and early Christian traditions have given new attention to the relationships between gender and imperial power in the Roman world. In this surprising work, Celene Lillie examines core passages from three Gnostic texts from Nag Hammadi: *On the Origin of the World*, *The Reality of the Rulers*, and *The Secret Revelation of John*, in which Eve is portrayed as having been humiliated by the cosmic powers yet experiencing restoration. Lillie compares that pattern with Gnostic savior motifs concerning Jesus and Seth, then sets it in the broader context of Roman cosmogonic myths at play in imperial ideology. The Nag Hammadi texts she argues offer us a window into symbolic forms of Christian resistance to imperial ideology. This groundbreaking study highlights the importance of the Nag Hammadi writings for our fuller appreciation of the currents of Christian response to the Roman Empire and the culture of rape pervasive within it.

Decoding **The Golden Age Of Augustus**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
