The Golden Treasury of Longer Poems Ernest Rhys, 2015-07-06 Excerpt from The Golden Treasury of Longer Poems

Selected Edited This volume of longer poems is the natural successor to the two anthologies of songs and lyrics and the ballad book in the same library It does not apply too rigidly its measure of length being intended to take up the line of English verse at the point where the others paused to maintain the record and make it of a piece with the rest There are poems that are still lyrical like Drayton's Agincourt and others like Chaucer's Knightes Tale which show the sustained narrative power of English verse Again there are poems like Parnell's Hermit which knit up afresh the old ballad tradition of Chevy Chase and Clerk Saunders There are noble elegies too and tributes of poet to poet Adonais and Ben Jonson's lines to the Beloved Memory of Shakespeare while the English love of place and of Nature is heard again and again in its pages In all this variety the main purpose is to show the great succession of the English poets who wrote as Coleridge says with A light in sound a soundlike power in light Rhythm in all thought and joyance everywhere It keeps on the whole close to the recognised track It does not forget the great prose writers like Swift and Dr Johnson who influenced verse But chiefly it upholds the princely line in which Chaucer Spenser Marvell Milton Ben Jonson Crashaw Henry Vaughan Pope Goldsmith Burns Wordsworth Coleridge Byron Shelley and Keats are the masters and the great maintainers In the shadow of their greater fame stand other poets worthy of remembrance on whom as it were the true tradition took hold men who were not great poets but who yet contributed to the rich store Such were Joseph Warton whose Grave of King Arthur is rescued from comparative forgetfulness and Shenstone whose Schoolmistress is the reminder of an old and pleasant mode of rural art About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
