Students of the medical humanities, art, music, and drama therapists and educators in occupational therapy and psychology will also find this a valuable and insightful handbook. The authors of this wonderful handbook provide a convincing argument that the arts are good for what ails us. They have each used a preferred artistic medium to deepen personal reflection and to enhance their own creativity as physicians, teachers, and therapists. Their models are clear, their suggestions practical, but none of the approaches you'll find here is reductive or simplistic. Try some of the reflective exercises and teaching strategies. You will be sure to rediscover something you have always cherished about the art of healing. —Foreword by Allan D. Peterkin
