Lucifer ,1894-09 The Devachanic Plane, Or, The Heaven World Charles Webster Leadbeater,1902 **The Psychic in You** Jeffrey A. Wands,2004-02-17 When Jeffrey Wands was six years old he met his great grandmother Mary She had been dead for twenty three years Gifted psychic Jeffrey Wands s connection with his great grandmother was the first step in a remarkable journey that has led to his current status as one of the most acclaimed and successful psychics in the country Now in *The Psychic in You* he traces his development as a psychic and describes what it s like to grow up with such an extraordinary gift Using a series of compelling and dramatic anecdotes he illustrates the joys and the pain that this faculty has brought him *The Psychic in You* is a book of incredible stories told in the most down to earth and readable way And underpinning this exceptional narrative is Jeffrey Wands s belief that all of us have psychic capabilities and that all of us can and should try to develop them A fascinating read full of dramatic accounts of the paranormal *The Psychic in You* includes information on Unleashing your own psychic ability Contacting loved ones who have crossed over Understanding the dead Freeing yourself from pain and negativity Handling fear of the dead Captivating yet practical this highly readable book dispels the myths and superstitions that surround psychic phenomena and provides a decidedly down to earth look at communicating with the other side Enlightening and absorbing *The Psychic in You* is essential reading for anyone seeking a richer more insightful life *The Astral Body and Other Astral Phenomena* A. E. Powell,2018-12-05 THE purpose of this book is to present to the student of Theosophy a condensed synthesis of the information at present 1926 available concerning the Astral Body of man together with a description and explanation of the astral world and its phenomena The book is thus a natural sequel of *The Etheric Double and Allied Phenomena* published in 1925 As in the case of *The Etheric Double* the compiler has consolidated the information obtained from a large number of books a list of which is given arranging the material which covers a vast field and is exceedingly complex as methodically as lay within his power It is hoped that by this means present and future students of the subject will be saved much labour and research being able not only to find the information they require presented in a comparatively small compass but also with the help of the marginal references to refer should they so desire to the original sources of information In order that the book may fulfil its purpose by being kept within reasonable dimensions the general plan followed has been to expound the principles under lying astral phenomena omitting particular examples or instances Lecturers and others who wish specific illustrations of the principles enunciated will find the marginal references useful as a clue to the places where the examples they seek may be found A E Powell
