The Hidden Disorder A Clinicians Guide To Attention Deficit Hyperactivity Disorder In Adults

Scott Shannon

The Hidden Disorder A Clinicians Guide To Attention Deficit Hyperactivity Disorder In Adults:

The Hidden Disorder Robert J. Resnick, 2000-01-01 This handbook is designed to help mental health practitioners to recognize diagnose and treat attention deficit hyperactivity disorder ADHD in adults The book features case studies along with guidance on aetiology differential diagnosis assessment and treatment

Attention Deficit Hyperactivity Disorder David Gozal, Dennis L. Molfese, 2007-10-28 Attention deficit hyperactivity disorder ADHD is a common neurobehavioral disorder affecting 5-10% of children and adolescents and 3% of adults *Attention Deficit Hyperactivity Disorder From Genes to Patients* aims to provide a comprehensive state of the art overview of the critical aspects of ADHD and hopefully will serve as a quick and up to date reference source for professionals with an interest in ADHD The book is divided into three major areas that follow an historical survey The first group of chapters deals with current theories on the pathophysiology of ADHD and focuses on neurotransmitters and the contributions and validity of animal models The second section emphasizes the evaluation and treatment of patients with ADHD from the day to day approach by the clinical psychologist to the more sophisticated anatomical and functional imaging strategies that have emerged in the last decade In addition chapters dealing with specific impairments such as those pertaining to reading social interaction and working memory are also included for more detailed analysis of these important aspects and their respective contributions to global functioning The third and final section provides an expanded review on the pharmacotherapy of ADHD and the appropriate methods for selection of specific drugs for individual patients based on drug kinetics and gene expression David Gozal MD Dennis L Molfese PhD vii

Adult ADHD-Focused Couple Therapy Gina Pera, Arthur L. Robin, 2016-01-08

Since ADHD became a well known condition decades ago much of the research and clinical discourse has focused on youth In recent years attention has expanded to the realm of adult ADHD and the havoc it can wreak on many aspects of adult life including driving safety financial management education and employment and interpersonal difficulties Adult ADHD Focused Couple Therapy breaks new ground in explaining and suggesting approaches for treating the range of challenges that ADHD can create within a most important and delicate relationship the intimate couple With the help of contributors who are experts in their

specialties Pera and Robin provide the clinician with a step by step nuts and bolts approach to help couples enhance their relationship and improve domestic cooperation This comprehensive guide includes psychoeducation medication guidelines cognitive interventions co parenting techniques habit change and communication strategies and ADHD specific clinical suggestions around sexuality money and cyber addictions More than twenty detailed case studies provide real life examples of ways to implement the interventions

A Comprehensive Guide To Attention Deficit Disorder In Adults Kathleen G. Nadeau, 2013-06-17 This groundbreaking volume written by pioneering clinicians and researchers firmly convinced of the neurobiological underpinnings of ADD in adults is the first to provide broad coverage of this burgeoning field Written for professionals who diagnose and treat adults with ADD it provides information from psychologists and physicians on the most current research and treatment issues regarding our understanding of ADD as a neurobiological disorder According to the contributors ADD in adults may be responsible for difficulties ranging from minor attention memory and organization problems in well functioning adults to drug abuse and criminal behavior *A Comprehensive Guide to Attention Deficit Disorder in Adults* begins by addressing the history of ADD and the evolution of our understanding of the disorder The neurobiology of ADD is examined laying a solid foundation for the clinician to develop a scientific understanding of this complex syndrome The assessment and differential diagnosis of ADD is explored from the perspectives of a variety of specialists in the field This includes an exploration of the interrelationships between attention deficit disorder and other neurodevelopmental disabilities that may interact with ADD to affect cognitive functioning and an examination of the connections between ADD and a host of psychiatric conditions Also covered is the process of differential diagnosis from a neurological perspective which will help the non medically trained clinician better to determine when a complete neurological evaluation seems warranted in the assessment process Authors examine ADD with and without hyperactivity and describe a wide range of assessment tools that can be useful in developing a full diagnostic picture of different conditions that must be addressed in treating adults with the disorder A wealth of experience highly practical suggestions and an optimistic outlook are the hallmark of the section on treatment The authors strongly recommend a multifaceted treatment plan combining medication psychotherapy and addressing the pervasive self esteem issues which typically haunt the adult whose condition has gone untreated Specific treatment issues for Adults with ADD are also discussed These include the development of practical life management skills the difficulties in relationships ADD within the context of marriage and family and higher education and the workplace The volume concludes with a discussion of the legal implications of the diagnosis of ADD in adults as it pertains to education and employment the important role of support groups for adults with ADD and a thought provoking examination of current and future research including the need for increased public recognition of ADD in adults *A Comprehensive Guide to Attention Deficit Disorder in Adults* is a pioneering volume that will bring the most current information available to the attention of those able to help adult ADD sufferers vocation and rehabilitation counselors and numerous psychotherapists who recognize

symptoms of depression and anxiety but perhaps overlook the underlying attention deficit disorder It will stimulate the interdisciplinary research that is the key to increasing knowledge and educate those who can truly make a difference

Encyclopedia of Applied Developmental Science Celia B Fisher, Richard M. Lerner, 2004-10-16 The most comprehensive one stop source for the latest in applied developmental science Don Floyd President and CEO National 4 H Council The Encyclopedia of Applied Developmental Science is an important and timely contribution to this burgeoning field This four volume set is the authoritative source that encompasses the entire range of concepts and topics involved in the study of applied developmental science Its contents and levels have broad appeal for those interested in how the application of knowledge about human development can be used to enhance the lives of individuals families and communities The breadth of activity in applied developmental science makes adequate representation of its concepts and topics a daunting challenge To this end the encyclopedia seeks to answer the following questions How may information about this field be integrated in a manner accessible meaningful and useful to the next generation of the leaders of our nation and world How may we best convey the knowledge necessary for them to understand the nature of their development and the way that they may contribute positively to their own lives to their families and communities and to the designed and natural environments of which they will be stewards The Encyclopedia of Applied Developmental Science provides the most effective way to address these questions It includes entries written in an authoritative but not overly technical manner by the broad range of scholars and practitioners involved in applied developmental science In addition to an alphabetical table of contents there is a readers guide that organizes the entries into 30 content categories to help the reader locate similarly themed entries with ease The encyclopedia is ideal for libraries serving those with interests in psychology human development human ecology education sociology family and consumer sciences and nursing as well as social work and other human services disciplines The entries are written to be accessible to not only professionals but also to policy makers and other potential consumers of applied developmental science scholarship This includes young people and their parents teachers and counselors Topics Covered Adolescent Development ADS Training and Education Adult Development Biographies of Applied Developmental Scientists Child Development Civic Engagement Culture and Diversity Development Promoting Interventions Developmental Assessment Developmental Disorders Developmental Processes Developmental Risks Ecology of Human Development Emotional and Social Development Ethics Families Foundations Health Historical Influences Infant Development Organizations Parenting Personality Development Religiosity and Spirituality Research Methodology Schools Social Issues Theory Universities Youth Programs Advisory Board Peter Benson President Search Institute Joan Bergstrom Wheelock College Nancy A Busch Rossnagel Fordham University Roger A Dixon University of Alberta Felton Tony Earls Harvard University Robert C Granger William T Grant Foundation Daniel P Keating University of Toronto Kim Choo Khoo National University of Singapore Kaveh Khoshnood Yale University Bonnie Leadbeater University of Victoria Rick Little President CEO
