The Mirror Dance Identity In A Womans Community:

The Mirror Dance Susan Krieger, 1983 The Mirror Dance Susan Krieger, 1983 A day draws to a close Helen worries about when her children will get home Gloria considers her day at work and again thoughts cross her mind about telling them at church that she is a lesbian Gayle prepares for a meeting at the Women s Shelter Ellen gets ready for a class Chip and Jessica plan another party at their house Diana paces her kitchen troubled that Meg still intends to see Bronwyn These are some of the people who come to life in this unique book about a lesbian community It is an experiment both in women s language and in social science method and is composed of an interplay of voices that echo again and again themes of self and community sameness and difference merger and separation loss and change Although the method of presentation is unusual the book is based on solid research The author lived for a year with the community and then spent two intensive months interviewing 78 women who were either members of the community or importantly associated with it The author began by addressing several basic questions about privacy that quickly led her to explore dilemmas of identity In time an even more compelling problem emerged the loss of sense of self how it occurs and how it may be dealt with in a social setting The nature of the community itself raised this issue because it was a community of likeness intimacy and ideology It was also a stigmatized or deviant community and of women individuals with life experiences that tended to encourage the giving up of the self to others The book is organized around particular kinds of situations and relationships in the community where conflicts concerning control over identity are especially prominent It concludes with an essay on the author s method Fiction and Social Science Author note Susan Krieger is Visiting Scholar Department of Sociology Stanford University

Community Activism and Feminist Politics Nancy A. Naples, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company **Interpretive Ethnography** Norman K. Denzin, 1997 Norman K Denzin ponders the prospects problems and forms of ethnographic interpretive writing in the twenty first century He argues that postmodern ethnography is the moral discourse of the contemporary world and that ethnographers can and should explore new types of experimental texts to form a new ethics of inquiry The Family Silver Susan Krieger, 1996-10-21 A magnificent read a profoundly personal narrative The Family Silver is on the cutting edge of feminist scholarship Verta Taylor coeditor of Feminist Frontiers Just as Krieger s The Mirror Dance was the first to describe the lesbian community The Family Silver is the first book to blend the personal familial relational professional and political roles of lesbians in today s society I loved reading it Esther Rothblum editor of Journal of Lesbian Studies American Studies Jack Salzman, American Studies Association, 1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988 Feminist Revolution in Literacy Junko Onosaka, 2013-10-14 This book examines the history of women s bookstores in the US from the 1970s to the 1990s It establishes that women s bookstores played an important role in feminism by enabling the dissemination of women s voices

and thereby helping to sustain and enrich the women's movement. They improved women's literacy, their abilities to read, write, publish, and distribute women's voices and visions, and helped women to instigate a feminist revolution in literacy.

No Turning Back Estelle Freedman, 2007-12-18 Repeatedly declared dead by the media, the women's movement has never been as vibrant as it is today. Indeed, as Stanford professor and award-winning author Estelle B. Freedman argues in her compelling new book, feminism has reached a critical momentum from which there is no turning back. A truly global movement as vital and dynamic in the developing world as it is in the West, feminism has helped women achieve authority in politics, sports, and business, and has mobilized public concern for once-taboo issues like rape, domestic violence, and breast cancer. And yet much work remains before women attain real equality. In this fascinating book, Freedman examines the historical forces that have fueled the feminist movement over the past two hundred years and explores how women today are looking to feminism for new approaches to issues of work, family, sexuality, and creativity. Freedman begins with an incisive analysis of what feminism means and why it took root in western Europe and the United States at the end of the eighteenth century. The rationalist, humanistic philosophy of the Enlightenment, which ignited the American Revolution, also sparked feminist politics, inspiring such pioneers as Mary Wollstonecraft and Susan B. Anthony. Race has always been as important as gender in defining feminism, and Freedman traces the intricate ties between women's rights and abolitionism in the United States in the years before the Civil War, and the long tradition of radical women of color stretching back to the impassioned rhetoric of Sojourner Truth. As industrialism and democratic politics spread after World War II, feminist politics gained momentum and sophistication throughout the world. Their impact began to be felt in every aspect of society, from the workplace to the chambers of government, to relations between the sexes. Because of feminism, Freedman points out, the line between the personal and the political has blurred or disappeared, and issues once considered merely private—abortion, sexual violence, homosexuality, reproductive health, beauty

and body image have entered the public arena as subjects of fierce ongoing debate Freedman combines a scholar's meticulous research with a social critic's keen eye Sweeping in scope searching in its analysis global in its perspective No Turning Back will stand as a defining text in one of the most important social movements of all time
