The Mirror Mind Spirituality And Transformation:

The Mirror Mind William Johnston, 1981 *The Only Mind Worth Having* Gardner Fiona, 2016-11-24 In *The Only Mind Worth Having* Fiona Gardner takes Thomas Merton's belief that the child mind is the only mind worth having and explores it in the context of Jesus' challenging paradoxical and enigmatic command to become like small children. She demonstrates how Merton's belief and Jesus' command can be understood as part of contemporary spirituality and spiritual practice. To follow Christ's command requires a great leap of the imagination. Gardner examines what it might mean to make this leap when one is an adult without it becoming sentimental and mawkish or regressive and pathological. Using both psychological and spiritual insights and drawing on the experiences of Thomas Merton and others, Gardner suggests that in some mysterious and paradoxical way, recovering a sense of childhood spirituality is the path towards spiritual maturity. The move from childhood spirituality to adulthood and on to a spiritual maturity through the child mind is a move from innocence to experience to organised innocence or from dependence to independence to a state of being in dependence with God.

Conjugal Spirituality Mary Anne McPherson Oliver, 1994 Mary Anne Oliver develops an alternate to celibate religious practices drawing from the experience of couples and diverse sources in the Christian tradition. This work explores the dynamics of conjugal love. **Spirituality** Kees Waaijman, 2002 This textbook is a systematic guide to the extensive field of spirituality. Kees Waaijman charts the multiform phenomenon of spirituality: the spirituality of ordinary people, the great spiritual traditions, and the force of counter-movements. From the foundation of this survey, he answers questions like: What exactly is spirituality? What forms can a scholarly approach take? Finally, the book provides methodic access to the study of spirituality, focusing on the following questions: Which are the different forms of spirituality and how can we describe them? How can spiritual texts be given a reliable reading? Which themes can be distinguished in the field of spirituality and what would be a meaningful way to address them? What do we mean by spiritual guidance and what can we learn from it? This textbook has no equal. It is indispensable to scholars wishing to study the subject but also to others who want to learn about spirituality. **Act Justly, Love Tenderly** Neafsey, John, 2016-10-13 Inspired by the words of the prophet Micah to act justly, love tenderly, and walk humbly before God, the author describes how we realize our vocation to holiness as it is expressed throughout the various stages of life.

Foundations of Spirituality Carla Mae Streeter, 2013-01-01 How does the Holy come to meet the human? Or said another way, how does God work with the physical, psychic, and spiritual persons that each of us are? Scholarly approaches to spirituality often overlook the need for a sound anthropology as the base for explaining conversion, the dynamic of grace, and the effects of conversion in virtue theory. In *Foundations of Spirituality*, longtime educator Carla Mae Streeter provides a more adequate account of what it means to be a person before God. By mining the insights of Bernard Lonergan on human consciousness and the virtue theory of Thomas Aquinas, she presents a clear and integrated incarnational spirituality. Streeter argues that God works with precisely what God has made, enhancing it.

rather than overriding or disposing of it The basic premise of this book is that every person is called to holiness which comes about through the relationship of the human with the Divine It is a divine summons heard and responded to by a human being Carla Mae Streeter OP is professor emerita at the Aquinas Institute of Theology in St Louis Missouri where she continues to teach in the areas of systematic theology and spirituality *Bringing Bernard Lonergan Down to Earth and into Our Hearts and Communities* John Raymaker, Godefroid Alekiabo Mombula, 2018-11-29 Bernard Lonergan is a world renowned philosopher methodologist and theologian The complexity of his work has tended to limit his accessibility to average readers Bringing Bernard Lonergan Down to Earth seeks to remedy this limitation by showing how Lonergan did address problems of community life He also broadened his interest after writing *Insight* to include a reaching into our hearts as modeled for example by the genius Blaise Pascal Lonergan also sought to bridge religious divides Here the Christian theological virtues of faith hope and love are indispensable but that does not curtail from Lonergan's uncanny ability to reach out to secularists by focusing on ethics The importance of Lonergan's interdisciplinary work is signaled in the book's twelve explorations in the concluding Part IV that detail for interested readers his extraordinary ability to solve major philosophical issues Horizons & Hopes Thomas H. Groome, Harold Daly Horell, 2003 Essays exploring the latest ideas on where religious education is headed with an emphasis on adult and young adult faith formation in the context of total catechesis

Mysticism and the Spiritual Quest Phyllis Zagano, 2013 A crosscultural exploration of the meanings definitions practices and common themes of mysticism via a study of original texts in translation from different parts of the world It brings together the writings of the mystics from Christianity Judaism Islam Buddhism Hinduism Taoism and Confucianism in one volume *The Relevance of Bernard Lonergan's Notion of Self-appropriation to a Mystical-political Theology* Ian B. Bell, 2008 In *The Relevance of Bernard Lonergan's Notion of Self Appropriation to a Mystical Political Theology* Ian Bell takes on the issue of the separation of the interior and exterior lives that has come to dominate mystical theology over the years The mystical life he claims is necessarily involved in the establishment of social structures and institutions that govern human living and the work of Bernard Lonergan on the human subject provides a means by which the connection between the interior and exterior lives may be established Because human persons operate in a consistent pattern regardless of a given moment's particularities mystical experience is no longer relegated to so called spiritual matters and the insights of mystics may be applied to the Christian call to live as agents of love With this connection in place mystical theology and political theology come together in a theology that is both mystical and political
