## **The Modern Tongues Movement:**

**The Modern Tongues Movement** Robert Glenn Gromacki, 1967 The first half of the twentieth century saw the rise of Pentecostalism with its most spectacular feature of speaking in tongues Now in the middle of this century that phenomenon is being experienced in the historic Christian churches heralded as the new Pentecostalism or the Charismatic Renewal What has caused this new movement What are its characteristics Is modern tongue speaking of God of Satan psychologically produced or artificially stimulated Was speaking in tongues designed to be the outward evidence of the baptism of the Holy Spirit Was the gift of tongues given as a permanent or a temporary gift to the church Can tongue speaking be used for private devotions and self edification This book presents a careful study of the modern tongues movement with its historical antecedents It offers a thorough scriptural study of the biblical phenomenon and evaluates the current movement in the light of that study Back cover
