The Monuments Of Syria An Historical Guide:

The Monuments of Syria Ross Burns, 2009-06-30 This is a guidebook to Syria's historical and archaeological treasures. It is a new revised and expanded edition in a travel friendly format. Syria is home to some of the world's richest historical and archaeological remains dating from the Bronze Age through biblical and Byzantine times to the early Islamic and Ottoman periods. Yet even in an age of mass tourism these magnificent monuments are little known and rarely visited in other words ripe for discovery by independent minded and adventurous travellers. The Monuments of Syria is organised as a gazetteer of all Syria's historical sites with complementary sections on history and architectural influences and comprehensive chronologies and glossaries. This fully revised edition includes the latest information about site visits and the layout of museums, extensive and detailed itineraries for further travel and a new 24 page colour section. *Monuments of Syria*, 1999

Monuments of Syria Ross Burns, 1999 Monuments of Syria is organized as a gazetteer of all Syria's historical sites with complementary sections on history and architectural influences and comprehensive chronologies and glossaries. New material has been added to this revised edition including 20 colour photographs while its format has been redesigned to a more convenient size for travellers. **BOOK JACKET**

Monuments of Syria Ross Burns, 1992-09-01 Ancient Syria has one of the richest cultures outside Egypt with particularly impressive and virtually unspoiled remains from the Byzantine period and the time of the Crusades. An encyclopedic survey of Syria's ancient monuments, this guidebook takes the traveller through Syria's turbulent history, linking the sites to events and historical figures. Supplementary notes on the history and architectural influences are given for all the main sites and monuments, along with an explanation of the main architectural and foreign language terms, alternative place names and indications of the level of interest.

Rome in the East Warwick Ball, 2016-06-10 This new edition of *Rome in the East* expands on the seminal work of the first edition and examines the lasting impact of the near Eastern influence on Rome on our understanding of the development of European culture. Warwick Ball explores modern issues as well as ancient and overturns conventional ideas about the spread of European culture to the East. This volume includes analysis of Roman archaeological and architectural remains in the East as well as links to the Roman Empire as far afield as Iran, Central Asia, India and China. The Near Eastern client kingdoms under Roman rule are examined in turn and each are shown to have affected Roman and ultimately European history in different but very fundamental ways. The highly visible presence of Rome in the East, mainly the architectural remains, some among the greatest monumental buildings in the Roman world, are examined from a Near Eastern perspective and demonstrated to be as much if not more a product of the Near East than of Rome. Warwick Ball presents the story of Rome in the light of Rome's fascination with the Near East, generating new insights into the nature and character of Roman civilisation and European identity from Rome to the present. Near Eastern influence can be seen to have transformed Roman Europe with perhaps the most significant change being the spread of Christianity. This new edition is updated with the latest research and findings from a

range of sources including field work in the region and new studies and views that have emerged since the first edition Over 200 images most of them taken by the author demonstrate the grandeur of Rome in the East This volume is an invaluable resource to students of the history of Rome and Europe as well as those studying the Ancient Near East The History of Leo the Deacon Leo (the Deacon),2005 The History tells how they expanded the frontiers of the empire and brought back captured relics booty and prisoners of war to parade in triumph through the streets of Constantinople Leo accompanied at least one expedition and drew on his firsthand experience to provide vivid descriptions of sieges pitched battles ambushes and single combat His account of the conspiracy against Nikephoros II Phokas murdered as he slept on the floor in front of his icons is one of the most dramatic in Byzantine narrative histories page 4 of cover Environmental Hazards in the Arabian Gulf Region Abd el-aziz Khairy Abd el-aal,Abdullah Al-Enezi,Qusaie E.
