The Mother Wave Andrea O'Reilly, Fiona Joy Green, 2024-09-01 Matricentric feminism seeks to make motherhood the business of feminism by positioning mothers needs and concerns as the starting point for a theory and politic on and for the empowerment of women as mothers Based on the conviction that mothering is a verb it understands that becoming and being a mother is not limited to biological mothers or cisgender women but rather to anyone who does the work of mothering as a central part of their life The Mother Wave the first ever book on the topic compellingly explores how mothers need a matricentric mode of feminism organized from and for their particular identity and work as mothers and because mothers remain disempowered despite sixty years of feminism The anthology makes visible the power of matricentric feminism as it is theorized enacted and represented to realize and achieve the subversive potential of mothers and their contributions to feminist theory and activism Contributors share the impact and influence of matricentric feminism on families and children culture art literature education public policy social media and workplace practices through personal reflections scholarly essays memoir creative non fiction poetry and photography The mother wave of matricentric feminism invites conversations with others and offers a praxis of feminism that aims to coexist overlap and intersect with others

The Mother's Legacy in Early Modern England Ms Jennifer Heller, 2013-05-28 Using printed and manuscript texts composed between 1575 and 1672 Jennifer Heller defines the genre of the mother's legacy as a distinct branch of the advice tradition in early modern England that takes the form of a dying mother's pious counsel to her children Reading these texts in light of specific cultural contexts social trends and historical events Heller explores how legacy writers used the genre to secure personal and family status to shape their children's beliefs and behaviors and to intervene in the period's tumultuous religious and political debates The author's

attention to the fine details of the period's religious and political swings drawn from sources such as royal proclamations, sermons and first hand accounts of book burnings creates a fuller context for her analysis of the legacies. Similarly Heller explains the appeal of the genre by connecting it to social factors including mortality rates and inheritance practices. Analyses of related genres such as conduct books and fathers' legacies highlight the unique features and functions of mothers' legacies. Heller also attends to the personal side of the genre demonstrating that a writer's education, marriages, children and turns of fortune affect her work within the genre. *Songs of the Mothers* Joe Morris Doss, 2002

Representations of the Mother-in-Law in Literature, Film, Drama, and Television Jo Parnell, 2018-08-03 This book is a comprehensive study of some ways of treating the subject that demonstrate new and unusual perspectives and provides a different approach to the popularly held views of mothers in law and that further address these works as popular culture and as texts in their own right from within the framework of literary theory and as works that demonstrate the ability to reach and connect with and satisfy both the general reader, the student and the scholar from all levels and walks of life

The Mothers and Daughters of the Bible Speak Workbook Shannon Bream, 2022-11-01

EXPLORE THE INTIMATE CONNECTION BETWEEN FAITH AND FAMILY God uses mothers and daughters in critical roles throughout the Old and New Testaments. They are often used to change the course of history but more importantly these female relationships and roles reveal a deeper depth of God's love for and faithfulness to each of us. This workbook is based on the #1 New York Times bestseller *The Mothers and Daughters of the Bible Speak*. In these nine lessons you will consider the parallels between the relationships, experiences and challenges of women in the Bible as mothers and daughters and your own. You'll reflect on how God focused on their faith and trust and how He is doing the same with you. Each lesson includes four components: REFLECT invites you to read key moments of each woman's life in the Bible and connect with her story; CONNECT asks you to consider how God in the Old Testament or Jesus in the New Testament responds to each woman and what this discloses about His character and how He responds to you; REVEAL provides an opportunity to identify how God works through the woman's relationship, responses to God and acts of faith as well as your similar relationships, responses and acts of faith; PRAY asks you to prayerfully consider how the woman's story and how her relationship ties into the work God is doing in your life right now. BONUS SECTIONS: MIRACLES where you'll be asked to consider the phenomenal eye witness accounts experienced by mothers and daughters and how those incredible events continue to impact your life today. Lessons include Jochebed and Miriam, Ruth and Naomi, Elizabeth and Mary, Rebekah, Bathsheba, Mary Mother of Jesus, Dinah, Esther, Michal.
