The God Hunters William Kelley, 1965 **The God Hunters** Mark Reed, 2013-02-04 *The God Hunters Book One* David Ruger has always been curious That s how he landed his charming on again off again boyfriend Wyler and how they started in St Louis and ended up in the Expanse an alien universe where humans take on supernatural abilities and demons munch on Chinese takeout Thirty thousand years earlier the Expanse was devastated by a gruesome war The old gods and a group of shifters known as The God Hunters fought and failed to restore order Little does David know that they ve been waiting for the perfect time to try again and they ve set their eyes on him as the one with the power to restore the Expanse to its former splendor Strolling along cobblestone streets in a technologically advanced city floating above the clouds is fascinating and David and his companions venture ever deeper where strange beings welcome David as an old friend But what should have been a brief exploration becomes a race against time to save David s life **The God Hunters: Reunion** Mark Reed, 2013-05-06 *The God Hunters Book Two* Months ago David Ruger was an average human with a flighty boyfriend Now he lives in an alien universe called the Expanse and wields supernatural powers He s also traded in his flighty ex for Doug Colt a man with a heart of gold and nerves of steel which is a good thing because his occupation can get rough When David joins Doug and his brother Bryan on a job to track down a group of vengeful trolls the journey takes them across the Expanse to the Shards of Exeter a magical place made of continent size landmasses shrouded in atmosphere There supernatural beings abound and formidable adversaries lurk in the shadows But the mission is more than it seems Through visions David learns of the role he must play in reshaping the Expanse and of the unspeakable evil that caused the God Hunters war so long ago With that same threat resurfacing David must embrace his destiny to save the family he has come to love **The God Hunters: Mark Reed**, 2016-11-19 Now that David has demanded the MST disband hordes of MST affiliates have become rogue agents and are determined to reclaim their hold over the Expanse A fleet of rogue ships have banded together and are preparing to attack the Citadel to eliminate David his friends and all the Bear Paw forces But will they succeed Will the Keeper of the Citadel bow before their might **The God Hunters: Light and Shadow** Mark Reed, 2014-06-30 *The God Hunters Book Three* The treachery of an ancient and sinister evil is on the rise again The races that live in the universe known as the Expanse have been deceived by the MST their so called guardians and the truth has finally emerged Change is inevitable but not without a fight As Keeper of the Citadel and endowed with supernatural abilities beyond imagination David will shine as a beacon of hope to those in need to those who have succumbed to what is known as the weakening agenda for their so called guardians fear losing control above all else Worlds will perish That much is certain But from loss often comes a greater strength a greater understanding of right and wrong of duty and devotion Aided by his boyfriend Doug and his beloved companions David will stand against both old threats and new His newly acquired powers of spirit calling and shifting will serve as impressive fronts and he will draw strength from his passionate love for Doug The time nears when they

will learn if that will be enough if the races of the Expanse will be consumed by the coming shadows or if they will bathe in David's light

God Hunters Gordon D. Lanyon, 1900 **The Navajo Hunter Tradition** Karl W.
