

A silhouette of a person standing with their arms raised in a 'V' shape, set against a dramatic sky at sunset or sunrise. The sky is filled with large, billowing clouds that are illuminated from below, creating a warm, golden glow. The person's figure is dark and centered, with the word 'HEALING' printed in white across their chest. The overall mood is one of hope, freedom, and spiritual connection.

The Healing Presence:

The Healing Presence: Curing The Soul Through Union With Christ Leanne Payne, I consider Leanne Payne's book *Healing presence* as an exceptionally good book. Because it has much truth it divides opinions. That is the nature of truth. Some like it, some don't. While reading it, it especially struck me what she said about wrong fantasies how they kill the real imagination and prevent us to be fertilized with the reality. This really hit me but because I accepted it, it set me free. All happened in an instant. Payne has great insight about what it means to be human, a created being called to fullness, creativity and into all truth in Christ. Read it with prayer and apply it.

The Healing Presence Leanne Payne, 1995-08 Leanne Payne explains the basis of her counseling ministry: Christ's indwelling presence that brings the power of the incarnation into wounded lives.

The Healing Presence A. J. Meek, 2014-02-14 Do images heal? Yes, they do. That is the thesis of renowned photographer A. J. Meek with these photographs of the clouds paired with children's perceptions of hope. The feeling of freedom is exhilarating. Meek says in his photographer's comments for the work contained within: The total package of sky and children's perception is designed to evoke a positive healing attitude within the viewer. When studied and meditated upon, the audience cannot maintain a negative thought. Heavily influenced by Native American culture, these pictures which were made in New Mexico and Louisiana promote a feeling of well-being and inspiration. To be in the world but not of it is certainly the road less traveled and the most challenging for there are no earthly rewards for this choice, only peace.

Healing Presence JoEllen Goertz Koerner, 2007-05-14 An invitation for all nurses to re-engage with the passion and commitment that originally inspired them represents an act of passion for the profession, a window to a personal journey and an invitation to view the nursing profession's contribution to healing in a Jungian context. The work's value comes from its integration of scientific, creative and spiritual philosophies as a core context for the complex nurse-patient interaction involved in the promotion of a healing environment. Recommended Choice Nursing is at a crossroads facing shortages of unparalleled proportion at a time when society is experiencing health care challenges of great magnitude. At the center of professional nursing lies the authentic presence of the nurse, the intention and commitment that brings nurses to the profession in the first place. When there is congruence between who nurses are and what they do, nurses bring their souls to work. This balance is experienced as a healing presence that encourages the patient's self-healing capacity. Throughout this book, JoEllen Koerner explores ways scientific, creative and spiritual of understanding the power and impact of this healing presence on both the caregiver and those receiving care. Wisdom from the field is presented in a series of reflections from multiple areas of practice. For all nurses and nursing students, the book offers practical application strategies.

Becoming a Healing Presence Tom Balles, 2015-05-01 This volume should not be required reading but required study for everyone offering care in America. The biggest complaint about care in the USA is that nobody listens. Tom Balles' book lays out in simple detail the basic human habits that we lost in our addiction to technology. Care is about individuals caring for other individuals. ROBERT M. DUGGAN, MA, MAc, UK, Dipl. Ac, NCCAOM, author of *Common Sense for the Healing Arts* and *Breaking the Iron Triangle: Reducing Health Care Costs in Corporate America*. *Becoming a Healing Presence* is simply elegant. Tom Balles calls all those who offer care to a high standard to be present with senses wide open. He offers uncomplicated practices for exploration, inviting us to sharpen our attention and deepen our awareness. The book serves head and heart and will transform the caring experience for both giver and receiver. BARBARA CATLIN, Founder and Director, Bigger Conversations, Columbia, Maryland. Over the last thirty years, the delivery of healthcare has gone through enormous changes. The insurance industry, managed care, the use of pharmaceuticals and high-tech medicine have all grown exponentially. In the midst of these changes, have we developed a bit of amnesia? In offering our care, have we forgotten the capacity of human beings to help heal other human beings? Have we overlooked the need to cultivate ourselves as instruments of healing? Are we in danger of losing the healing power of the relationship between those giving and receiving care? The tribe of caregivers is in need of some potent medicine. Whether you're at home caring for an aging or ailing family member, trained to be a volunteer or working as a health care professional, you'll find powerful elixirs in these essays. They'll remind you of the many healing capacities you possess as a caregiver and of the great strength to be found in the healing relationship. *Becoming a healing presence* requires practice. Each essay is accompanied by practices that will transform your care and compassion into effective action and help you focus on what truly matters when offering care.
