The Multinational Enterprise in Transition Phillip Donald Grub, Dara Khambata, 1993 New edition of a text reference containing both original and reprint essays on the whole range of issues confronting international business executives globalization balance of trade protectionism regional trade grouping and strategic alliances as well as the challenges of effective management Particularly useful in upper level undergraduate or graduate level international business courses and executive programs although practitioners will also benefit from the collection Annotation copyright by Book News Inc Portland OR

Comparative Capitalism and the Transitional Periphery Mehmet Demirbag, Geoffrey Wood, 2018-10-26 An original and insightful book this work focuses on domestic and overseas firms operating in those Central Asian and Eastern European countries considered to be the transitional economic periphery Chapters shed light on their distinct forms of capitalism and how it influences and adapts the firms located there The eminent authors show how in a post state socialist world there are several implications for both domestic and overseas firms functioning successfully in the transitional periphery With the complex mix of political and market mediation and informal personal ties chapters explore the delicate balance of liberalisation in transitional economies Detailed examples from specific countries in Eurasia and Central Asia such as Belarus Turkey Azerbaijan Mongolia Uzbekistan Armenia and Georgia are discussed alongside broader thematic issues of economic and social change labour relations and human resource management Most importantly it is shown that liberalisation has little connection to short term business growth To succeed in such contexts international firms need to be both pragmatic and creative in coping with malleable yet durable forms of institutional mediation Providing a unique perspective on the transitional economic periphery and much needed insights from international business this book is essential reading for researchers and graduate students studying transitional economies non traditional business models institutional persistence and change political and economic development and management in economically transitioning countries

Internationalization of Firms from Economies in Transition Mai Thi Thanh Thai, Ekaterina Turkina, 2014-05-30 This book is an essential resource for academics and students of strategic management international business and business studies It also has significant value for practitioners and policy makers in that it will highlight important factors in a firm

Global Competitive Strategies in the New World Economy Hafiz Mirza, 1998 This important book provides an exhaustive analysis of the strategic responses of transnational firms to current trends in the world economy specifically the trends towards globalization and regionalization The primary focus of this book is on the strategy of transnational firms particularly those from East Asia in the geographical regions of Europe North America and Asia including the European Union the North American Free Trade Agreement and the ASEAN Free Trade Area The contributors discuss protectionism and trade agreements strategic alliances competitiveness and investment strategy towards Eastern European states and compare business strategies in the triad region The distinguished contributors are from industry academia and international
