Towards an Ecocritical Theatre Mohebat Ahmadi, 2022-04-27 Towards an Ecocritical Theatre investigates contemporary theatre through the lens of Anthropocene oriented ecocriticism. It assesses how Anthropocene thinking engages different modes of theatrical representation as well as how the theatrical apparatus can rise to the representational challenges of changing interactions between humans and the nonhuman world. To explore these problems, the book investigates international Anglophone plays and performances by Caryl Churchill, Stephen Sewell, Andrew Bovell, E. M. Lewis, Chantal Bilodeau, Jordan Hall, and Miwa Matreyek, who have taken significant steps towards re-orienting theatre from its traditional focus on humans to an ecocritical attention to nonhumans and the environment in the Anthropocene. Their theatrical works show how an engagement with the problem of scale disrupts the humanist bias of theatre, provoking new modes of theatrical inquiry that envision a scale beyond the human and realign our ecological culture, art, and intimacy with geological time. Moreover, the plays and performances studied here, through their liveness, immediacy, physicality, and communality, examine such scalar shifts via the problem of agency in order to give expression to the stories of nonhuman actants. These theatrical works provoke reflections on the flourishing of multispecies responsibilities and sensitivities in aesthetic and ethical terms, providing a platform for research in the environmental humanities through imaginative conversations on the world's iterative performativity in which all bodies, human and nonhuman, are cast horizontally as agential forces on the theatrical world stage. This book will be of great interest to students and scholars of theatre studies, environmental humanities, and ecocritical studies.

Famous Ghost Stories Brian Haughton, 2011-08-15 Presents a history and critique of a selection of the famous ghost stories from different countries, organized by such common themes as spectral armies, phantom women in white, haunted houses, screaming skulls, crisis apparitions, and ghostly lights.

Women in Dramatic Place and Time Geraldine Cousin, 2002-09-11 First published in 1996, Routledge is an imprint of Taylor & Francis, an informa company.

The Cambridge Companion to Caryl Churchill Elaine Aston, Elin Diamond, 2009-12-10 Caryl Churchill's plays are internationally performed, studied, and acclaimed by practitioners, theatre scholars, critics, and audiences alike. With fierce imagination, the plays dramatise the anxieties and terrors of contemporary life. This Companion presents new scholarship on Churchill's extraordinary and ground-breaking work. Chapters explore a cluster of major plays in relation to pressing social topics: ecological crisis, sexual politics, revolution, terror, and selfhood, providing close readings of texts in their theatrical, theoretical, and historical contexts. These topic-based essays are intercalated with other essays that delve into Churchill's major collaborations, her performance innovations, and her influences on a new generation of playwrights. Contributors explore Churchill's career, long experimentation, her risk-taking that has reinvigorated the stage both formally and politically. Providing a new critical platform for the study of a theatrical career that spans almost fifty years, the Companion pays fresh attention to Churchill's poetic precision, dark wit, and inexhaustible creativity.

Playing for Time

Geraldine Cousin, 2013-03-31 *Playing for time* explores connections between theatre time the historical moment and fictional time Geraldine Cousin persuasively argues that a crucial characteristic of contemporary British theatre is its preoccupation with instability and danger and traces images of catastrophe and loss in a wide range of recent plays and productions The diversity of the texts that are examined is a major strength of the book In addition to plays by contemporary dramatists Cousin analyses staged adaptations of novels and productions of plays by Euripides Strindberg and Priestley A key focus is Stephen Daldry's award winning revival of Priestley's *An Inspector Calls* which is discussed in relation both to other Priestley time plays and to Caryl Churchill's apocalyptic *Far Away* *Lost children* are a recurring motif Bryony Lavery's *Frozen* for example is explored in the context of the Soham murders which took place while the play was in production at the National Theatre whilst three virtually simultaneous productions of Euripides *Hecuba* are interpreted with regard to the Beslan massacre of schoolchildren *Rethinking the Theatre of the Absurd* Carl Lavery, Clare Finburgh Delijani, 2015-11-05

Rethinking the Theatre of the Absurd is an innovative collection of essays written by leading scholars in the fields of theatre performance and eco criticism which reconfigures absurdist theatre through the optics of ecology and environment As well as offering strikingly new interpretations of the work of canonical playwrights such as Beckett Genet Ionesco Adamov Albee Kafka Pinter Shepard and Churchill the book playfully mimics the structure of Martin Esslin's classic text *The Theatre of the Absurd* which is commonly recognised as one of the most important scholarly publications of the 20th century By reading absurdist drama for the first time as an emergent form of ecological theatre *Rethinking the Theatre of the Absurd* interrogates afresh the very meaning of absurdism for 21st century audiences while at the same time making a significant contribution to the development of theatre and performance studies as a whole The collection's interdisciplinary approach accessibility and ecological focus will appeal to students and academics in a number of different fields including theatre performance English French geography and philosophy It will also have a major impact on the new cross disciplinary paradigm of eco criticism ***Theatres of Compost*** Abby Schroering, 2025-06-30

Theatres of Compost places ecology at the center of performance scholarship and criticism and it positions performance as a key cultural process for bringing about a more just and sustainable future Examining a unique archive of agricultural performances plays theatre collectives and activist rituals that engage questions of how humans use the land and produce food this book lays out a framework for how theatre and performance contribute to a cultural shift toward ecological awareness *Theatre of compost* is performance that directly engages ideologies of exploitation mass production and accumulation Instead of discarding the forms themes methodologies and histories that have perpetuated ecological destruction the case studies in this book show that what has come before can be composted broken down and reconstituted as the fertile foundation for a more livable life in the Anthropocene *Theatres of Compost* will appeal to the new but quickly growing subfield of performance and ecology As the climate and ecological crises worsen more scholars and students in theatre and performance will be searching for ways to

make their work meaningful and relevant This book will be a helpful resource for graduate level courses in performance studies performance and ecology and the environmental humanities *The Skriker* Caryl Churchill, 2015-06-26 In a broken world two girls meet an extraordinary creature The Skriker is a shapeshifter and death portent She can be an old woman a child a young man She is a faerie come from the Underworld to pursue and entrap them through time and space through this world and her own The Skriker was originally produced at the National Theatre London in 1994 It was revived at the Royal Exchange Theatre Manchester in 2015 as part of the Manchester International Festival starring Maxine Peake directed by Sarah Frankcom and featuring specially commissioned music by Nico Muhly and Antony of Antony and the Johnsons The Skriker is also available in the volume Caryl Churchill Plays Three **Process in the Arts Therapies** Ann Cattanach, 1999 The multiplicity of levels at which process operates for art therapists is the theme of this book What happens during a therapy session is examined as are the client's response which is experienced through the medium of the art form itself and the evolution of the relationship between therapist and client **Playwriting, Dramaturgy and Space** Sara Freeman, 2024-01-10 Theatre has come back to text but with perspectives shifted by the experimental practices of the twentieth century across performance forms Contemporary playwriting brings its scenographic engagement to the foreground of the text reflecting the spatial turn in theory and practice In production this spatiality has renewed and enlivened the status and impact of text based theatre Theatre studies needs to better describe the artfulness of contemporary text based theatre bringing to it the same sophisticated lenses scholars and critics have used for performance based theatre and other experimental theatre practices This Element does that by presenting the work of Caryl Churchill Naomi Iizuka and Sarah Ruhl as exemplary of the way text based theatre both its scripts and productions now creates and expects a spatialized imaginary and demonstrates the potentials of text based theatre in an increasingly visual and spatial field of cultural production *The Herlequin - Pitch & Sickle Book Six* D K Girl, 2023-04-27 The Diabolus Chronicles continue Pitch and Sickle have escaped the Fulbourn but not their fate The Lady's Horsemen have survived enraged fae queens murderous forest guardians walking corpses and ghosts turned monstrous by the Blight They have been tortured by sorcerers and made playthings by enemies who have sided with the Morrigan The ankou and his daemon prince have both confronted awful secrets from their pasts and made terrible sacrifices to keep the other safe But how much further will they be forced to go to protect the unimaginable bond that has grown between them In the midst of the chaos and carnage of the Fulbourn a deadman and a daemon found each other But all is not as it should be for Prince Vassago and as the next challenge arises Pitch will need Silas's steadying presence more than ever before The journey to Blood Lake will be perilous A great hunt has begun Can Silas and the Order outwit the Morrigan and deliver Pitch to where Seraphiel's secrets lie Or will the Herlequin succeed where all the rest have failed For the Reader This book contains much death lots of blood sprinklings of tragedy and a cliffhanger The Diabolus Chronicles is an 8 Book series *Dramatic Revisions of Myths, Fairy Tales and Legends* Verna A.
