Bradford Luckingham, 1995-08-01 More than half of all Arizonans live in Phoenix the center of one of the most urbanized states in the nation This history of the Sunbelt metropolis traces its growth from its founding in 1867 to its present status as one of the ten largest cities in the United States Drawing on a wide variety of archival materials oral accounts promotional literature and urban historical studies Bradford Luckingham presents an urban biography of a thriving city that for more than a century has been an oasis of civilization in the desert Southwest First homesteaded by pioneers bent on seeing a new agricultural empire rise phoenix like from ancient Hohokam Indian irrigation ditches and farming settlements Phoenix became an agricultural oasis in the desert during the late 1800s With the coming of the railroads and the transfer of the territorial capital to Phoenix local boosters were already proclaiming it the new commercial center of Arizona As the city also came to be recognized as a health and tourist mecca thanks to its favorable climate the concept of the good life became the centerpiece of the city's promotional efforts Luckingham follows these trends through rapid expansion the Depression and the postwar boom years and shows how economic growth and quality of life have come into conflict in recent times

Dreams of Flight Janet Rose Daly Bednarek, Michael H. Bednarek, 2003 General aviation encompasses all the ways aircraft are used beyond commercial and military flying private flights barnstormers cropdusters and so on Authors Janet and Michael Bednarek have taken on the formidable task of discussing the hundred year history of this broad and diverse field by focusing on the most important figures and organizations in general aviation and the major producers of general aviation aircraft and engines This history examines the many airplanes used in general aviation from early Wright and Curtiss aircraft to the Piper Cub and the Lear Jet The authors trace the careers of birdmen birdwomen barnstormers and others who shaped general aviation from Clyde Cessna and the Stinson family of San Antonio to Olive Ann Beech and Paul Poberezny of Milwaukee They explain how the development of engines influenced the development of aircraft from the E 107 that powered the 1929 Aeronca C 2 the first affordable personal aircraft to the Continental A 40 that powered the Piper Cub and the Pratt and Whitney PT 6 turboprop used on many aircraft after World War II In addition the authors chart the boom and bust cycle of general aviation manufacturers the rising costs and increased regulations that have accompanied a decline in pilots the

creation of an influential general aviation lobby in Washington and the growing popularity of type clubs created to maintain aircraft whose average age is twenty eight years This book provides readers with a sense of the scope and richness of the history of general aviation in the United States An epilogue examining the consequences of the terrorist attacks on September 11 2001 provides a cautionary note Landing in Las Vegas Daniel K. Bubb,2012-06-01 At the beginning of the twentieth century Las Vegas was a dusty isolated desert town By century s end it was the country s fastest growing city a world class travel destination with a lucrative tourist industry hosting millions of visitors a year This transformation came about in large part because of a symbiotic relationship between airlines the city and the airport facilitated by the economic democratization and deregulation of the airline industry the development of faster and more comfortable aircraft and the ambitious vision of Las Vegas city leaders and casino owners Landing in Las Vegas is a compelling study of the role of fast affordable transportation in overcoming the vast distances of the American West and binding western urban centers to the national and international tourism business and entertainment industries *Kayenta and Monument Valley* Carolyn O'Bagy Davis,Harvey Leake,2010 In December 1910 Indian traders John and Louisa Wetherill opened their trading post with a tent for supplies and sleeping and a store counter of boards laid across two barrels From that modest beginning Kayenta became the center of Navajo gatherings and exploring expeditions to Rainbow Bridge Monument Valley and the grand cliff dwellings in Tsegi Canyon Soon came a parade of visitors including authors painters and archaeologists as well as cowboys miners traders and tourists The Kayenta Township today is home to descendants of the early inhabitants and the hub for thousands of annual visitors from around the world who come to see the magnificent region known as Monument Valley **Tucson** John Warnock,2019-10-11 This account of the drama in time that is Tucson begins not with the founding of the Presidio San Agust n on August 20 1775 but with the emergence of Sentinel Peak in geologic deep time It ends To be continued in 2014 It spans the periods of precontact with Europeans Spanish colonization Mexican nationhood the territorial West early and Depression era statehood and the development of metropolitan Tucson after World War II It offers not one definitive historical account but a collection of stories in which threads appear that may disappear beneath the surface for a while and reappear later like some desert streams It leaves spaces for and invites the stories of its readers About the Author John Warnock was born in Tucson and graduated from Tucson High when it was one of the largest high schools in the nation He attended Amherst College in Massachusetts Oxford University in England and the New York University School of Law After teaching at the University of Wyoming in Laramie he returned to Tucson in 1990 to join the English Department at the University of Arizona He is now Professor Emeritus at UA and resides in Tucson **Mexicans at War** Santiago A. Flores,2019-09-19 The untold story of Mexican aviators in WWII including their role in the Battle of the Philippines is revealed in this illustrated military history When Mexico s neighbor to the north entered World War II German U Boats began haunting the North American coastline And when the Kriegsmarine torpedoed Mexican tankers the young republic was

drawn into the global conflict At first Mexico was forced to defend its coastline and shipping with general purpose biplanes But it quickly organized a modern aviation force equal to the task The newly formed Mexican Naval Aviation established its first squadron to patrol the Gulf of Mexico Meanwhile the Mexican Air Force experienced its most rapid growth since it was established in 1915 In 1944 it sent combat pilots to fight alongside the U S in the liberation of the Philippines Even before Mexico s official involvement Mexican nationals were volunteering for the Allied air forces of the British Commonwealth and the Free French naval and air forces Using photos and archival testimony Mexicans at War sheds much needed light on Mexican involvement in the Second World War The introduction also provides a detailed overview of Mexican military aviation from the Mexican Revolution to WWII **The Longest Flight** Shirley Woodhouse Murdock,2009-10-02 It started as an innocent challenge and through sheer determination and pure tenacity it developed into one of the greatest and most successful promotions ever conducted in the state of Arizona **Arizona Transportation History** Mark E.
