French] by J. P. Muirhead ... With ... Illustrations. Fr. and Eng Jean Le Houx,1875 Frederick Douglass Gregory P. Lampe,2012-01-01 This work in the MSU Press Rhetoric and Public Affairs Series chronicles Frederick Douglass's preparation for a career in oratory his emergence as an abolitionist lecturer in 1841 and his development and activities as a public speaker and reformer from 1841 to 1845 Lampe's meticulous scholarship overturns much of the conventional wisdom about this phase of Douglass's life and career uncovering new information about his experiences as a slave and as a fugitive it provokes a deeper and richer understanding of this renowned orator's emergence as an important voice in the crusade to end slavery Contrary to conventional wisdom Douglass was well prepared to become a full time lecturer for the Massachusetts Anti Slavery Society in 1841 His emergence as an eloquent voice from slavery was not as miraculous as scholars have led us to believe Lampe begins by tracing Douglass's life as slave in Maryland and as fugitive in New Bedford showing that experiences gained at this time in his life contributed powerfully to his understanding of rhetoric and to his development as an orator An examination of his daily oratorical activities from the time of his emergence in Nantucket in 1841 until his departure for England in 1845 dispels many conventional beliefs surrounding this period especially the belief that Douglass was under the wing of William Lloyd Garrison Lampe's research shows that Douglass was much more outspoken and independent than previously thought and that at times he was in conflict with white abolitionists Included in this work is a complete itinerary of Douglass's oratorical activities correcting errors and omissions in previously published works as well as two newly discovered complete speech texts never before published **The Routledge Anthology of**

BOOK DESCRIPTION A handsome young school teacher from Chicago time travels to Ancient Rome Antebellum New Orleans and 1940s Arabia to learn first hand what its really like in a slave society and he turns out to be the slave His handsome good looks and winsome personality find him first a near naked litter bearer then a liveried groomsman and finally a chauffeur among other things He returns to his Chicago classroom with tales no one will believe Or doesnt want to A psychologist tackles the difficult question of how ordinary persons suddenly thrown into conditions of abject slavery can adjust to a reality where they are now possessions not people Slaves discover that bondage magnifies the value of even the simplest of lifes pleasures that being denied expression doesnt stop thoughts and feelings and experiencing social death doesnt deny their humanness But survivors must learn to think very differently about themselves their owners and their society Sadly one of the most recurring themes of human history is mans quest to subject and exploit others to his direct benefit The extreme case of such exploitation human slavery goes back as long as recorded history and for many parts of the world was a predominant segment of society until only recently How could such huge numbers of people allow themselves to be so completely exploited How did they adjust to the realities of being totally subject to anothers will And how did loss of freedom or never experiencing freedom alter the cognitive functioning of the enslaved both at the time of enslavement and for some after being freed Slaves themselves usually had no opportunity to record their reactions to enslavement and were usually illiterate if such an opportunity were presented but more importantly slave societies were carefully constructed so that those in power were neither interested in the questions or any answers that might be forthcoming if the questions were asked In fact most slave societies viewed slaves as mere non thinking animals who happened to conveniently possess limited ability in verbal communication and who were so brutish that they had limited if any human feelings In *The Itinerant Slave* the author a developmental psychologist explores slavery from a slaves viewpoint with special emphasis on probable psychological reactions to the initial loss of freedom adjustment to a life totally controlled by others with the minimum amount of pain and the psychological reformulation necessary to survive somewhat intact Its fiction but the reader cannot help but identify with the plight of the novels hero as he copes with enslavement in three very different historical slave societies For most Americans slavery was a racial exploitation unique to the South and ending with the Civil War For the rest of the world slavery was a fact of life from pre recorded history had nothing to do with the color of ones skin involved huge segments of the population and extended itself well into the twentieth century Indeed slavery still exists in certain areas of the world e g Mauritania the Sudan etc albeit in slightly different forms e g contract labor coerced prostitution prison labor etc In an effort to challenge the way we see the institution of slavery and especially how we judge those enslaved *The Itinerant Slave* was written as a psychological historical adventure time travel novel which goes back in time rather than forward The book describes the adventures of a young handsome bright and articulate high

school teacher from Chicago who time travels into three distinctly different historical slave societies Ancient Rome the American Antebellum South and Arabia in the 1940s In each society he falls into the hands of slavers has to deal with the expectations imposed on slaves inherent in those particular societies and eventually finds **The Living Age** ,1896

Littell's Living Age Eliakim Littell,Robert S. Littell,1896 **The Poems & Plays of Lord Byron: Childe Harold's pilgrimage** George Gordon Byron Baron Byron,1910 **Poems and Dramas of Lord Byron** George Gordon Byron Baron Byron,1899 **A Concordance to the Poetry of Byron** Ione Dodson Young,1965 *The Week* ,1894**And the Dogs Were Silent/.....Et les chiens se taisaient** Aimé Césaire,2024-06-28 Available to readers for the first time Aim C saire s three act drama And the Dogs Were Silent written during the Vichy regime in Martinique in 1943 and lost until 2008 dramatizes the Haitian Revolution and the rise and fall of Toussaint Louverture as its heroic leader This bilingual English and French edition stands apart from C saire s more widely known 1946 closet drama Following the slave revolts that sparked the revolution Louverture arrives as both prophet and poet general and visionary With striking dramatic technique C saire retells the revolution in poignant encounters between rebels and colonial forces guided by a prophetic chorus and Louverture s steady ethical and political vision In the last act we reach the hero s betrayal his imprisonment and his last stand against the lures of compromise C saire s masterwork is a strikingly beautiful and brutal indictment of colonial cruelty and an unabashed celebration of Black rebellion and victory The Slave Trade Hugh Thomas,2013-04-16 After many years of research award winning historian Hugh Thomas portrays in a balanced account the complete history of the slave trade Beginning with the first Portuguese slaving expeditions Hugh Thomas describes and analyzes the rise of one of the largest and most elaborate maritime and commercial ventures in all of history Between 1492 and 1870 approximately eleven million black slaves were carried from Africa to the Americas to work on plantations in mines or as servants in houses The Slave Trade is alive with villains and heroes and illuminated by eyewitness accounts Hugh Thomas s achievement is not only to present a compelling history of the time but to answer controversial questions as who the traders were the extent of the profits and why so many African rulers and peoples willingly collaborated
