Fitzgibbon, 1980 Russell H Fitzgibbon presents a short history of Dame Agatha's life criticism of her works and a summary of how critics and reviewers view her work Includes a bibliography of all the works of Christie published in either Great Britain or the United States classified according to the detectives involved an alphabetical list of Christie detective and mystery book and short story titles a short story finder for Christie collections and an index of all but the least important of the thousands of characters introduced by the author in the detective and mystery short stories and novels      *Sleeping Murder* Agatha Christie, 2006  
Soon after Gwenda moves into her new home odd things start to happen Despite her best efforts to modernise the house she only succeeds in dredging up its past Worse she feels an irrational sense of terror every time she climbs the stairs Terrified Gwenda turns to Jane Marple to exorcise her ghosts Between them they try to solve a perfect crime committed many years before      **Henry Green** Peter Wolfe, 2017-11-28 By mid career many successful writers have found a groove and their readers come to expect a familiar consistency and fidelity Not so with Henry Green 1905-1973 He prefers uncertainty over reason and fragmentation over cohesion and rarely lets the reader settle into a nice cozy read Evil he suggests can be as instructive as good Through Green's use of paradoxical and ambiguous language his novels bring texture to the flatness of life making the world seem bigger and closer We soon stop worrying about what Hitler's bombs have in store for the Londoners of *Caught* 1943 and *Back* 1946 and start thinking about what they have in store for each other Praised in his lifetime as England's top fiction author Green is largely overlooked today This book presents a comprehensive analysis of his work for a new generation of readers      **Miss Marple's Last Case *Sleeping Murder*** Agatha Christie, 1958 *Sleeping Murder* becomes even more meaningful when presented along with Miss Marple's first adventure *The Murder at the Vicarage* in which she must discover which of the numerous persons who confess to a seemingly impossible murder is guilty of the crime      **Shakespearean Allusion in Crime Fiction** Lisa Hopkins, 2016-04-21 This book explores why crime fiction so often alludes to Shakespeare It ranges widely over a variety of authors including classic golden age crime writers such as the four queens of crime Allingham Christie Marsh Sayers Nicholas Blake and Edmund Crispin as well as more recent authors such as Reginald Hill Kate Atkinson and Val McDermid It also looks at the fondness for Shakespearean allusion in a number of television crime series most notably *Midsomer Murders* *Inspector Morse* and *Lewis* and considers the special sub genre of detective stories in which a lost Shakespeare play is found It shows how Shakespeare facilitates discussions about what constitutes justice what authorises the detective to track down the villain who owns the countryside national and social identities and the question of how we measure cultural value      *Murder in the Mews* Agatha Christie, 2013-07-30 Agatha

Christie's classic *Murder in the Mews* presents a mystifying criminal conundrum that will seriously test the superior detecting skills of the unflappable Hercule Poirot. Barbara appears to have committed suicide while her flatmate was away for the weekend. But how did a woman holding a pistol in her right hand manage to shoot herself in the left temple? Inspector Japp calls for the assistance of Hercule Poirot. *Murder in the Mews* is a miniature classic of characterization, incident, and suspense.

**Dining Room Detectives** Silvia Baucekova, 2015-09-04 In the structuralist understanding as proposed by John G. Cawelti, a classical detective novel is defined as a formula which contains prescribed elements and develops in a predefined ritualistic manner. When described in this way, the crime fiction formula very closely resembles a recipe: when one cooks, they also add prescribed ingredients in a predefined way in order to produce the final dish. This surprising parallel serves as the starting point for this book's analysis of classical detective novels by Agatha Christie. Here, a structuralist approach to Golden Age crime fiction is complemented by methodology developed in the field of food studies in order to demonstrate the twofold role that food plays in Christie's novels: namely, its function as an element of the formula, a literary device, but also as a cultural sign. Christie employed food on various different levels of her stories in order to portray characters, construct plots, and depict settings. What is more, incorporating domesticity and food in her novels helped her fundamentally alter the rigid conventions of the crime fiction genre as it developed in the nineteenth century and enabled her to successfully introduce the character of the female detective and to feminise the detective novel as such.

**Burial Plots in British Detective Fiction** Lisa Hopkins, 2021-01-24 *Burial Plots in British Detective Fiction* offers an overview of the ways in which the past is brought back to the surface and influences the present in British detective fiction written between 1920 and 2020. Exploring a range of authors including Agatha Christie, Patricia Wentworth, Val McDermid, Sarah Caudwell, Georgette Heyer, Dorothy Dunnett, Jonathan Stroud, and Ben Aaronovitch, Lisa Hopkins argues that both the literal and literary disinterment of the past use elements of the national past to interrogate the present. As such, in the texts discussed, uncovering the truth about an individual crime is also typically an uncovering of a more general connection between the present and the past. Whether detective novels explore murders on archaeological digs, hauntings, cold crimes, or killings at Christmas, Hopkins explores the underlying message that you cannot understand the present unless you understand the past.

**Critical Essays on English and Bengali Detective Fiction** Debayan Deb Barman, 2022-02-28 *Critical Essays on English and Bengali Detective Fiction* brings together three strains of detective fiction: British, American, and Bengali. The import of detective fiction from Britain has influenced generations of writers of Bengali detective fiction. In this anthology of critical essays by scholars on detective fiction, we have divided the contents into three groups. First, there are essays on classic British detective fiction with essays on Charles Dickens, Wilkie Collins, Arthur Conan Doyle, Agatha Christie, P. D. James, Kate Atkinson, and Margery Allingham. The second section is on American hard-boiled fiction with essays on Dashiell Hammett and Raymond Chandler. The third section is on Bengali detective fiction with essays on Hemendra Kumar Roy, Saradindu Bandyopadhyay, and Satyajit Ray. Together

these essays bring three strains of detective fiction into conversation to show the gradual postcolonial attempt of Bengali detective fiction to outgrow colonial influences and create an original and organic tradition of regional and vernacular detective fiction

**Agatha Christie** M. Makinen,2006-10-10 Christie s books depict women as adventurous independent figures who renegotiate sexual relationships along more equal lines Women are also allowed to disrupt society and yet the texts refuse to see them as double deviant because of their femininity This book demonstrates exactly how quietly innovatory Christie was in relation to gender
