Sharif, 2023-10-12 Oil and Development in the Arab Gulf States 1985 brings together in one volume the manifold sources of information on the Arab Gulf region especially the impact of oil revenues on its economic political and social development It provides a balanced core of primary and secondary sources on various aspects of the economics of Arab oil between 1973 and 1983 Energy Abstracts for Policy Analysis ,1983 Economic Development in the Middle East Rodney Wilson, 2021-09-23 This new edition examines how development in the Middle East is being influenced by global economic change This comparative textbook focuses on the region s strengths and highlights development success especially in the Gulf Turkey and Israel The major structural changes in the economies of the Middle East are analysed and current employment challenges are discussed The impact of demographic changes is considered notably the dramatic decline in birth rates which will have implications for future employment The contribution of banks and capital markets to the region s development is appraised including that of Islamic financial institutions which play a prominent role in the Gulf Cooperation Council GCC countries but are on the margins of the financial systems elsewhere Historically development in the GCC was linked to oil and gas production and prices a key issue being whether these are being decoupled as economies diversify and become more self sustaining The evidence on this from the GCC is encouraging with transparent and accountable financial management and major improvements in economic governance despite the lack of democracy Examining the drivers of economic development in the Middle East in a regional and global context this fully updated textbook is a key resource for students and academics interested in economic development and the political economy of the Middle East Encyclopedia of African History 3-Volume Set KEVIN SHILLINGTON., 2005 Small States: Economic Review and Basic Statistics, Volume 15 Commonwealth Secretariat, 2011 This unique annual collection of key economic and statistical data on states with fewer than 5 million inhabitants is an essential reference for economists planners and policy makers working on issues of concern to small states This volume contains 68 tables covering development indicators and 3 articles focusing on public private partnerships **Mideast File** ,1986 **International Commerce** ,1969 **Mobilizing Human Resources in the Arab World (RLE Economy of Middle East)** R. Paul Shaw, 2015-05-15 R Paul Shaw has travelled widely in the Arab world obtaining data and gathering impressions first hand from national and local planners In this book he identifies population and manpower problems that are likely to become more serious and more difficult to solve if they are neglected at this early stage of Arab development He focuses on five broad areas which are directly or indirectly related to mobilizing human resources and his book will be of special interest to all those who are concerned with such issues as population migration employment inequality the emancipation of women construction and agriculture Dr Shaw proposes policy directives which are sensitive to the problems as they are seen by the Arab governments

themselves and sets out practical guidelines which can be used by Arab planners and policy makers An important feature of the book with respect to current literature on Arab development is that it moves away from a preoccupation with growth related investments to a concentration on development related population manpower and employment issues By bringing together such comprehensive empirical and bibliographic information it will also be invaluable as a reference source for some twenty Arab countries First published in 1983 **Middle East Record Volume 2, 1961** Yitzhak Oron,1961
