Resources in Education ,1993-12 The Evolving Landscape of Higher Education in India Sudhanshu

Bhushan,2025-01-23 The edited volume discusses the long period of post colonial developments in higher education in India It examines the legitimacy of the policies pursued post pandemic with a focus on the role of teachers and the students voices It addresses the essential question of how the technological ascendance in higher education addresses social justice What is the role of teachers in a new landscape of higher education It offers insights into the efficiency centric proposition of the state market technology triad the current paradigm of higher education worldwide It presents evidence to understand how efficiency has a tradeoff with various aspects of social justice The authors deal with questions such as the challenges of privatization and how the commodification of higher education runs counter to the idea of inclusive higher education The authors critically look at the online form of higher education and how it has led to the shrinkage of democratic spaces in higher education It discusses the transformative role of teachers with increasing managerialism of higher education The book highlights a deep understanding of the increasing role of the market and technology and their influence in negating an inclusive and democratic public space in higher education It appeals to teachers and students by enabling them to understand the market s and technology s impacts on higher education It has the potential to be a reference book in colleges and universities It will help the large community of practitioners and policymakers guard against the dangers of overt marketization The book benefits policymakers university administrators and teachers and researchers of higher education interested in governance technology teaching and research in higher education

Histories of Health in Southeast Asia

Tim Harper,Sunil S. Amrith,2014-10-01 Health patterns in Southeast Asia have changed profoundly over the past century In that period epidemic and chronic diseases environmental transformations and international health institutions have created new connections within the region and the increased interdependence of Southeast Asia with China and India In this volume leading scholars provide a new approach to the history of health in Southeast Asia Framed by a series of synoptic pieces on the Landscapes of Health in Southeast Asia in 1914 1950 and 2014 the essays interweave local national and regional perspectives They range from studies of long term processes such as changing epidemics mortality and aging and environmental history to detailed accounts of particular episodes the global cholera epidemic and the hajj the influenza epidemic of 1918 WWII and natural disasters The writers also examine state policy on healthcare and the influence of organizations from NGOs such as the China Medical Board and the Rockefeller Foundation to grassroots organizations in Thailand Indonesia and the Philippines

Singapore

Michael D. Barr,2018-12-13 Singapore gained independence in 1965 a city state in a world of nation states Yet its long and complex history reaches much farther back Blending modernity and tradition ideologies and ethnicities a peculiar set of factors make Singapore what it is today In this thematic study of the island nation Michael D Barr proposes a new approach to understand this development From the pre colonial period through

to the modern day he traces the idea the politics and the geography of Singapore over five centuries of rich history In doing so he rejects the official narrative of the so called Singapore Story Drawing on in depth archival work and oral histories Singapore A Modern History is a work both for students of the country s history and politics but also for any reader seeking to engage with this enigmatic and vastly successful nation **The Asian Gang Revisited** Claire E. Alexander,2024-01-11 In her groundbreaking ethnography The Asian Gang published in 2000 Claire Alexander explored the creation of Asian Muslim masculinities in South London Set against the backdrop of the moral panic over Asian gangs in the mid 1990s and based on 5 years of ethnographic fieldwork the book explored the idea of the gang friendships and the role of brothers in the formation performance and negotiation of ethnic religious and gendered identities The Asian Gang Revisited picks up the story of the Asian gang over the subsequent two decades examining the changing identities of the original participants as they transition into adulthood in the context of increased public and political concerns over Muslim masculinities spanning the War on Terror grooming gangs and increased Islamophobia Building on her ongoing relationships with the men over 25 years the book explores education employment friendship marriage and fatherhood and religious identity and examines both the changes and the continuities that have shaped this group It traces the lives of its participants from their teenage years through to their early mid 40s A unique longitudinal study of this small diverse but still close cohort of men the book offers an intimate rich and textured account of what it means to be a Muslim man in contemporary Britain **Newspaper Press Directory** ,1976 Environmental Politics and Governance in Southeast Asia Syed Mohammed Ad'ha Aljunied,2025-10-02 In this book Aljunied analyses how ASEAN and its key maritime member states of Singapore Malaysia and Indonesia govern environmental issues through strategic engagements with social forces In the new millennium ASEAN states power is enhanced and solidified through regulatory statehood strategic renewal and moral ideology in order to subdue civil resistance while managing non traditional security threats Through a comparative analysis of Southeast Asia this book highlights how state capitalist society relations are shaped by politics of scale and social conflict in order to reinforce authoritarianism and intensify capitalism development agendas at the expense of environmental preservation With this the book explores how civil society challenge and are suppressed by state power at national and regional platforms A pioneering scholarly work this book represents a major contribution to the intersection between political science environmental governance and Southeast Asian Studies by offering rich theoretical and empirical insights into the dynamics of state capitalist society relations in an era of global environmental crisis **The Neuropsychology of Asian-Americans** Daryl Fujii,2011-01-11 This volume is the first comprehensive resource to assist neuropsychologists to provide culturally competent services to Asian Americans provide an optimal environment for test administration interpret tests within a cultural context and give culturally sensitive feedback and recommendations It also provides an insight of how neuropsychology is currently practiced in different Asian countries *Reinventing Japan* Martin Fackler,Yoichi Funabashi,2018-03-14 Highly readable yet

deeply researched this book serves as an essential guide to the many ways in which Japan has risen to become one of the world's most creative and innovative societies. During its so-called Lost Decades, Japan has quietly reinvented itself from a nation with an economy playing catch-up into a global leader in innovation and creativity, one whose soft power extends from postmodern architecture to pluripotent stem cells. Written by a dozen experts in their fields, including architect Kengo Kuma, designer of Tokyo's 2020 Olympic stadium, this book describes Japan's contributions to the world in fields ranging from fashion and pop culture to development aid and historical reconciliation. In addition, it demonstrates how Japan has led efforts to contend with several social and economic challenges facing the entire developed world, including demographic aging, rising health care costs, and wasteful consumption. Using these accomplishments as evidence, it argues that in an era of questions surrounding the capability of American leadership, the time has come for Japan to step into a new role as a purveyor of models and values better suited to today's multipolar and diverse world.

Comparative Politics of Southeast Asia Aurel Croissant, Philip Lorenz, 2017-12-26. This textbook provides a comprehensive introduction to the political systems of all ASEAN countries and Timor-Leste from a comparative perspective. It investigates the political institutions, actors, and processes in eleven states, covering democracies as well as autocratic regimes. Each country study includes an analysis of the current system of governance, the party and electoral system, and an assessment of the state, its legal system, and administrative bodies. Students of political science and regional studies will also learn about processes of democratic transition and autocratic persistence, as well as how civil society and the media influence the political culture in each country.
