Leavitt* South Atlantic Modern Language Association, 1953 *South Atlantic Studies for Sturgis E. Leavitt. Edited by Thomas B. Stroup and Sterling A. Stoudemire. [With a Portrait.]* Sturgis Ellen LEAVITT, 1953 **South Atlantic Studies for Sturgis E. Leavitt** Sturgis E. Leavitt, 1953 Pornographic Sensibilities Nicholas R. Jones, Chad Leahy, 2020-11-29 Pornographic Sensibilities stages a conversation between two fields Medieval Early Modern Hispanic Studies and Porn Studies that traditionally have had little to say to each other The collection offers innovative new approaches to the study of gendered and sexualized bodies in medieval and early modern textual production including literary and historical documents The volume s embrace of the interpretative tools of Porn Studies also inscribes a critical provocation in what ways can contemporary modes of reading the past serve to freshly illuminate not only the contours of that same past but also the very critical assumptions of the present upon which fields like medieval and early modern Hispanic Studies are built In this way Pornographic Sensibilities encourages at once both rigorous historicizations of pre and early modern culture and playful engagement with presentism considered here as a critical tool to undress the hidden assumptions of both past and present This move substantively challenges long held critical orthodoxies among scholars of pre Enlightenment periods for whom the very category of pornography itself has often problematically been framed as an anachronism when applied to their work **The Allegory of Good Love** Dayle Seidenspinner-Núñez, 1981 *Danger! Educated Gypsy* Ian Hancock, 2010 This is a timely collection of Ian Hancock s selected writings His impact upon Romani Studies has been truly remarkable both in terms of his contributions to linguistics and Gypsy historiography and in his re assessment of Romani identity within the Western cultural fabric **Between History and Fiction** Tracy Crowe Morey, 2010 This study explores a number of early modern comedias that deal with historical siege or military episodes in the history of the Iberian peoples Cervantes s *La Numancia* Lope de Vega s *El asalto de Mástrique* and his lesser known *La nueva victoria de don Gonzalo de Córdoba* Calderón de la Barca s *El sitio de Breda* and Velázquez de Guevara s *El Hércules de Ocaña* are key texts examined here Taking the distinction between history and fiction in Neo Aristotelian literary theory as a point of departure this book considers the intellectual and historical conditions that affect the ways in which early modern dramatists interpret historical events according to their own literary and ideological purposes The interplay of history and fiction demonstrates uses and discontents of legitimizing fiction in the early modern period Parallel themes of epic and siege intermingled with romance and carnivalesque humour provide alternative perspectives to early modern representations of empire and war on the Spanish stage **Milton and the Resources of the Line** John Creaser, 2022-06-30 This book will change how readers read not only Milton but any poetry Whereas prose is written in sentences poetry is written in lines lines that may or may not coincide with the syntax of the sentence Lines add an aural and visual mode of punctuation with some

degree of pause and weight at the line turn So lineation the division of poetry into lines opens a repertoire of possibilities to the poet Notably it encourages an enhanced concentration on meaning rhythm and sound It makes metrical patterns possible with interactions between regularity and deviation or it makes possible the presence or absence of structural rhyme or the multiple variations of the line turn whether in harmony with syntax or overflowing in ways that may be either more or less conspicuous Starting from theories of Derek Attridge this book develops new methods for exploring the expressive resources of the verse line as exploited by the greatest of English poets John Milton Topics examined include the interaction of strictness and freedom in the rhythms of Milton s line and paragraph the interfusion of diverse prosodies in a single poem approaches to free verse rhyme in the earlier lyric verse and modes of near rhyme in the later blank verse the diverse modes of onomatopoeia and the complex interweavings of prosody and ideology in this very political poet The great themes and issues and characters of Milton s innovative and always controversial poetry are perceived afresh being approached intimately through the rich possibilities of the line and the insights of the approach illuminate the reading of any poetry
