South Africa's Security Dilemmas:

South Africa's Security Dilemmas Christopher Coker, 1987-08-10 This book looks at South Africa's military future. It specifically examines the military problems which South Africa will face over the next decade. According to the author, South Africa is a colossus with feet of clay. He points out that South Africa will have problems because of service morale deficiency of equipment and performance of the defense sector. He also discusses how the West has taken for granted South Africa's alignment with the Western World and its ramifications. Finally, Coker shows that South Africa's security dilemmas are largely of its own making. He concludes that choices between roles have been avoided for far too long and some hard decisions will have to be made.

Security and Politics in South Africa Peter C. J. Vale, 2003 Exploring how the region is changing today as transnational solidarity and a single regional economy remove the distinctions between national and international politics, he asks whether South African domination can finally be overcome and considers what sort of cosmopolitan political arrangement will be appropriate for southern Africa in the new century.

BOOK JACKET **African Security Issues** Bruce E. Arlinghaus, 2019-08-16 As African nations emerge more fully from the immediate postindependence era, there is a pressing need to examine their security concerns from both African and

Industrial Adjustment in South Africa Peter G. Batchelor, Susan Willett, 1998 Peter Batchelor and Susan Willett analyse the response of the South African defence industry to drastic cuts in military expenditure and the demilitarization of society since the end of the cold war and apartheid and the stabilization of the regional security situation The new ANC led government is seeking to use the resources released the peace dividend to restructure and revitalize the country s industrial base and to support reconstruction development and redistribution A lively debate on the country s security needs and strategic doctrine is under way As in other countries strategies of industrial diversification and conversion have met with limited success In the absence hitherto of any coherent government policy on defence industrial adjustment significant skills and technologies have been lost or wasted This book provides a historical analysis of South Africa s unique opportunity to develop new and innovative policies on defence and security matters the arms industry and arms exports and makes a valuable contribution to the international debate on the relationship between disarmament and development **Values,**

Interests and Power: South African foreign policy in uncertain times Daniel D. Bradlow, Elizabeth Sidiropoulos, 2020-01-01 About the publication South Africa s foreign policy makers are facing a substantial challenge From the advent of the democratic era in 1994 through to the early 2000s South Africa was a highly respected actor in international affairs with a number of impressive accomplishments in the areas of global governance peacekeeping and international norm entrepreneurship However since that time the country s international standing has declined The value based and innovative foreign policy that earned the early post apartheid South African government such great international respect has been replaced by a more transactional and tactically driven approach to international affairs The country s position as Africa s leading economy and voice in international affairs is increasingly being challenged by other African states This book explores how South Africa can develop a foreign policy strategy that is appropriate to the uncertain times in which we live and that both helps the country address its overwhelming domestic challenges of poverty inequality and unemployment and regain its former high international reputation The contributors to this book offer analyses and proposals for developing such a strategy within the context of the country s constitutional order and institutional constraints and that addresses the diverse and complex global and regional aspects of the country s international relations Endorsements In this valuable book which should be on every diplomat s bookshelf some of SA s foremost experts offer the government frank and compelling advice on how to conduct a much better foreign policy over the next decade The authors challenge Pretoria to muster all the country s assets and skills and not just those of the ruling party to pursue only the most important foreign policy goals And to be guided always by the lodestar of the Constitution Peter Fabricius Foreign Policy Analyst former
