Southeast Asian Textiles:

Textiles of Southeast Asia Robyn Maxwell, 2012-08-07 Textiles provide a visual history of a country's culture and crafting traditions in a way few other things can accomplish. In *Textiles of Southeast Asia*, Dr. Robyn Maxwell provides the definitive work on Southeast Asian textiles. Traditional textiles are one of the most widely collected and important categories of Southeast Asian art. Using an extensive range of locally produced raw materials and an astonishing array of techniques including applique, weaving, batik, and embroidery, the textiles of Southeast Asia are astonishing in their versatility and originality. Textiles are used to fashion everything from everyday clothing to sacred and ceremonial costumes, shrouds, and wrapping cloths, hangings, banners, and ritual regalia, all of which are represented and explained in *Textiles of Southeast Asia*. This authoritative text focuses on the changing relationship between indigenous Southeast Asian traditions and the outside influences continuing to be brought to the area, which change the nature of the region's textile traditions. This book considers the various ways Southeast Asian textile artisans reacted over the centuries to the steady stream of new and powerful ideas and raw materials arriving from India, China, the Islamic world, and Europe. A detailed and definitive resource, *Textiles of Southeast Asia* is a welcome addition to the field of textiles.

Textiles of Southeast Asia Robyn J. Maxwell, 1990 Created from an extensive range of locally produced and imported raw materials and designed using an astonishing number of techniques including different types of applique, decorative weaving, tie-dyeing, batik, and embroidery, Southeast Asian textiles are used to fashion an extraordinary variety of objects ranging from everyday clothing to sacred and ceremonial costumes. This authoritative study focuses on the interplay between indigenous Southeast Asian traditions and the external cultural forces that have been a crucial part of the historical development and changing nature of the region's textile traditions. Maxwell considers the various ways Southeast Asian textile artisans reacted to the new ideas and raw materials from outside regions. The social, cultural, and religious dimensions of this art, the factors that condition how people create textiles, the way these are used, and the meaning of motifs and symbols are explored in detail. Including examples of textiles, some in categories that have never before been published, this reference work is a valuable contribution to the field of ethnographic textiles.

Southeast Asian Textiles Robyn J. Maxwell, 1987 *Cultures at Crossroads* Australian National Gallery, 1992 *The Secrets of Southeast Asian Textiles* Jane Puranananda, 2006-12-01 Journey with fifteen scholars to Southeast Asia and neighboring countries to discover the hidden meanings behind traditional textiles. Throughout Asia, textiles have played an important role in concepts of power and kingship and are also closely associated with shamanistic Buddhism and Islamic beliefs. The book presents scholarship and research from scholars from around the world and who participated in the James H. W. Thompson Foundation symposium, Status, Myth, and the Supernatural: Unraveling the Secrets of Southeast Asian Textiles, which was held in Bangkok in August of 2005. With hundreds of color illustrations and much new material not previously published, this 250-page volume presents many new perspectives on a fascinating topic.
