Southerners Portrait Of A People:

Southerners Charles Kuralt, 1989-10-01 The Quotable Southerner Polly Powers Stramm, 2020-01-01 Southerners have always had something to say Focusing on the unique qualities of both the landscape and people Quotable Southerner showcases the linguistic insight of the region s native and adopted sons and daughters Sometimes insightful sometimes hilarious these quotes will have readers smiling laughing and shaking their heads *Southerners* Charles Kuralt, 1986 Charles Kuralt bestselling author and inveterate traveler takes a nostalgic trip back to his early years in the South sharing the phenomena that has made the Southern spirit what it is Illustrated with over 400 duotone and 50 full color photographs

Living a Life of Southern Soul Stephanie D, **Southern Writers** Joseph M. Flora, Amber Vogel, 2006-06-21 This new edition of Southern Writers assumes its distinguished predecessor s place as the essential reference on literary artists of the American South Broadly expanded and thoroughly revised it boasts 604 entries nearly double the earlier edition s written by 264 scholars For every figure major and minor from the venerable and canonical to the fresh and innovative a biographical sketch and chronological list of published works provide comprehensive concise up to date information Here in one convenient source are the South s novelists and short story writers poets and dramatists memoirists and essayists journalists scholars and biographers from the colonial period to the twenty first century What constitutes a southern writer is always a matter for debate Editors Joseph M Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense New to this volume are younger writers who have emerged in the quarter century since the dictionary s original publication as well as older talents previously unknown or unacknowledged For almost every writer found in the previous edition a new biography has been commissioned Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners Southern Writers is an indispensable reference book for anyone intrigued by the subject *Legacy of Disunion* Susan Mary Grant, Peter J. Parish, 2003-03-01 The conviction that the American Civil War left a massive legacy to the country has generally been much clearer than the definition of what that legacy is Did the war as Ulysses S Grant believed bequeath power intelligence and sectional harmony to America or did it as many have argued sow racial and regional bitterness that has blighted the nation since 1865 What exactly was the legacy of disunion This collection explores that question from a variety of angles showcasing the work of twelve scholars from the United States and the United Kingdom The essays ponder the role of history myth and media in sustaining the memory of the war and its racial implications in the South Abraham Lincoln s legacy and the war s consequences in less studied areas such as civil military relations constitutional and legal history and America s ascent on the international stage By juxtaposing American and non American interpretations this stimulating volume sheds light on aspects of the war s legacy that from a purely American viewpoint are sometimes too close for comfort Perhaps the greatest legacy of the Civil War is its ongoing debate and continuing fascination worldwide The Southern Way of Life

Charles Reagan Wilson, 2022-11-30 How does one begin to understand the idea of a distinctive southern way of life a concept as enduring as it is disputed In this examination of the American South in national and global contexts celebrated historian Charles Reagan Wilson assesses how diverse communities of southerners have sought to define the region s identity Surveying three centuries of southern regional consciousness across many genres disciplines and cultural strains Wilson considers and challenges prior presentations of the region advancing a vision of southern culture that has always been plural dynamic and complicated by race and class Structured in three parts The Southern Way of Life takes readers on a journey from the colonial era to the present from when complex ideas of southern civilization rooted in slaveholding and agrarianism dominated to the twenty first century rise of a modern multicultural southern living As Wilson shows there is no singular or essential South but rather a rich tapestry woven with contestations contingencies and change Racial Narratives and the Development of Trumpism Arthur H. Garrison, 2024-11-25 History is storytelling History is the selection of facts placed in a specific order to result in a specific conclusion It s the choice of facts the prioritization of facts and the ignoring of facts that creates the narrative of history the narrative of the American story The American story is the creation of specific historical events and the meanings that have been applied to them Since America is defined by ideas and not ethnicity it matters what narratives of America that Americans accept support and defend White Narratives Matter The Whitewashing of the American Story and How Racial Narratives Explain the Development of Trumpism uses original speeches and writings of politicians and other social leaders from Thomas Jefferson to Tucker Carlson to explore how the White social conservative worldview narrative of American history developed over the past two centuries White Narratives Matter explores how this process of fact selection prioritization and development of White social conservative rhetoric of the American story has defined American politics and policies which culminated in the rise of Donald Trump and Trumpism within the American political landscape **Profile in black and white : A frank portrait of South Carolina** Howard H. Quint, 2025-03-02 In Profile in Black and White A Frank Portrait of South Carolina Howard H Quint presents a compelling exploration of the rich tapestry of South Carolina s social cultural and political landscapes Written with an analytical lens and infused with vivid storytelling the book delves into the complexities of race relations highlighting the dichotomy between the state s proud heritage and its deeply entrenched inequalities Quint s literary style seamlessly weaves personal narratives with historical accounts creating a candid portrayal that confronts the reader with the stark truths of a state steeped in contradiction and resilience Howard H Quint a noted scholar and historian draws on his extensive background in Southern studies to craft this incisive examination of South Carolina His personal experiences in the region and his academic pursuits have endowed him with a profound understanding of the intricate dynamics of race and identity This intimate knowledge informs his narrative allowing him to present a balanced yet unflinching view of a state that serves as a microcosm of larger American issues Profile in Black and White is essential reading for those seeking to understand the complexities of Southern identity and race

relations Quint's incisive observations not only foster a deeper appreciation of South Carolina's history but also encourage critical reflection on current societal challenges This book is a must read for students historians and anyone invested in the ongoing conversation about race in America **Encyclopedia of Television** Horace Newcomb, 2014-02-03 The Encyclopedia of Television second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the Encyclopedia of Television 2nd edition website
