Soviet Strategy in Southern Africa: Gorbachev's Pragmatic Approach Peter Vanneman, 1990      *Soviet Strategy Towards Southern Africa* J. A. Du Plessis, 1976 Evaluates basic Soviet strategy towards southern Africa in the period immediately before Angola gained its independence on 11 November 1975 the reaction from the Soviet Union with reference to the pro Moscow MPLA takeover and the basic aims of the Soviet Union in the post Angola phase      Soviet Strategy in Southern Africa Philip Uren, 1979      **Africa** Dirk Thomas Kunert, 1981      **Southern Africa and the Soviet Union** Keith Somerville, 1993 Describes the African and Soviet motivations objectives and strategies the Southern African geopolitical environment and the development of Soviet theoretical approaches to the region all taken from an African perspective The book is a survey of the relations of African states with the USSR      *Soviet Strategy Toward Southern Africa* Daniel R. Kempton, 1989-05-15 This study is the first significant work to examine Soviet involvement with national liberation movements NLMs in Africa as a separate subcategory of Soviet foreign policy in the developing world The text compares and contrasts actual Soviet behavior with declared policy Daniel R Kempton presents three case studies the African National Congress ANC in South Africa The Movimento Popular de Libertacao de Angola MPLA and the Zimbabwe African People s Union ZAPU These cases trace the development of the Soviet Union s ties to the national liberation movements the amount and types of assistance provided and the impact of the relationship on the national liberation movements General analysts of international relations analysts of Soviet foreign policy and Africanists will find this a valuable resource The author contends that during the 1960s and 1970s the Soviet Union pursued a common strategy toward all three national liberation movements Although the strategy was applied flexibly to take into account the idiosyncracies of the individual liberation struggles in each case the Soviet Union pushed the national liberation movement to adopt the Soviet political model The Soviet view was that the adoption of this model would eventually lead to the development of relatively more stable and dependable allies Since 1980 however in each case there is significant evidence that the Soviet Union has altered markedly if not abandoned its previous strategy      **U.S. Relations with South Africa: An Annotated Bibliography** Y G-M Lulat, 1990-12-31 A comprehensive two volume annotated bibliography of books and monographs journal articles government documents documents of nongovernmental organizations and substantive magazine and newspaper articles published since the late nineteenth century Annotated entries contain a short abstract a table of contents and information on reviews Each volume contains an author and subject index and a periodical is included in Volume Two Topics covered include US Foreign Policy Southern Africa in US South African Relations Nuclear Technology and Other Sectors of Trade and Economic Relations Education Scientific and Cultural Exchanges African Americans and South Africa Divestment Disinvestment and Sanctions Divestment Disinvestment and Sanctions Comparative Studies This two volume work is part of a larger project that included publication of a nearly 700 page book titled United States Relations with South Africa A Critical Overview from the

Colonial Period to the Present which is a critical overview of relations between the United States and South Africa going nearly as far back as the very beginning of their inception as permanent European colonial intrusions and it not only gives attention to the importance of contributions from nonofficial actors in shaping official relations but also considers the impact of the geopolitical location of South Africa within southern Africa where the presence of other nations particularly Angola Mozambique Namibia and Zimbabwe looms large

Soviet Strategy John Baylis, Gerald Segal, 2021-01-26 This book first published in 1981 is an analysis of the Soviet Union's military strategy taking in both sides of the hawks and doves views of the USSR's intentions It examines the Soviet approach to nuclear war defence and deterrence in the nuclear age and the calculation of risk in the use of the military instrument One of the main themes running through the chapters is that although the Soviet Union clearly does not view military issues in the same way as does the West their approach is not necessarily aggressive and dangerous in all respects

Ogunbadejo, 2016-10-06 This important study examines the role of Africa's strategic mineral resources in global defense and in the international economic system Beginning with an overview of the situation as a whole the author discusses the role of transnational corporations in the exploitation of Africa's mineral resources and explains the implications of the theories of Matthew Effect dependency core periphery and imperialism Among the issues Ogunbadejo considers are the political economy of strategic minerals the political significance of American European and Soviet dependence on these minerals vis a vis their relations with the producer nations and the impact of geopolitical considerations on U S South African relations

West Germany and Namibia's Path to Independence, 1969-1990 Thorsten Kern, 2019-06-05 Namibia's main liberation movement the South West Africa People's Organisation SWAPO relied heavily on outside support for its armed struggle against South Africa's occupation of what it called South West Africa While East Germany's solidarity with Namibia's struggle for national self determination has received attention little research has been done on West Germany's policy towards Namibia which must be seen in the light of inter German rivalry The impact of the wider realities of the Cold War on Namibia's rocky path to independence leaves ample room for research and new interpretations In this study Thorsten Kern shows that German division played a vital role in West Germany's position towards Namibia during the Cold War The two states deeply diverging policies characterised in this context by competition for influence over SWAPO were strongly affected by the Cold War rivalry between the capitalist West and the communist East Yet ultimately the dynamics of rapprochement helped to bring about Namibia's independence This book is based upon a doctoral dissertation presented to the University of Cape Town in 2016 Kern conducted research in the National Archives of Namibia and in German archives and his work draws on interviews with contemporary witnesses
