Third Series** Library of Congress. Copyright Office, 1969 *Henry Clay Frick and the Golden Age of Coal and Coke, 1870-1920* Cassandra Vivian, 2020-04-09 Once the beehive coke oven was perfected in Fayette County Pennsylvania the coal and coke industry began to flourish and supply other fledgling industries with the fuel they needed to succeed The thrust of this growth came from Henry Clay Frick who opened his first coal mines in the Morgan Valley of Fayette County in 1871 There he helped lead the industry making it the major developmental force in industrial America This book traces the birth and growth of the early coal and coke industry from 1870 to 1920 primarily in Fayette and Westmoreland Counties Beyond Frick s importance to the industry other major topics covered in this history include the lives and struggles of the miners and immigrants who worked in the industry the growth of unions and the many strikes in the region and the attempts to clean the surrounding waterways from the horrific pollution that resulted from industrial development Perhaps the most significant fact is that this book uses primary sources contemporary with the golden age of the coal and coke industry That effort offers an alternative view and helps repair the common portrayal of Frick as corrupt by showing his work as that of an industrial genius **Islamic Law and Muslim Same-Sex Unions** Junaid Jahangir, Hussein Abdullatif, 2016-10-03 This book is written with the objective of reasonably addressing the need of Muslim gays and lesbians for a life which involves intimacy affection and companionship within the confines of a legal contract Contemporary conservative Muslim leaders unreasonably promote false marriages with straight spouses failing which they prescribe the solution of permanent celibacy as a test This book delves into an extensive scholarship on the same sources that conservative Muslim leaders draw on the Qur an Hadith and jurisprudence It is argued that the primary sources of Muslim knowledge addressed sexual acts between the same gender in the context of inhospitality exploitation coercion and disease but not true same sex unions past Muslim scholarship is silent on the issue of sexual orientation and Muslim same sex unions The arguments of contemporary conservative Muslim leaders are deconstructed and the case for Muslim same sex unions is made based on jurisprudential principles and thorough arguments from within the Muslim tradition **Between Redemption And Revival** Jeff Halper, 2019-04-15 In the Zionist view of Israeli history the Old Yishuv of Jerusalem the Jewish community of the 19th and early 20th centuries was a lifeless body ruled by hypocrites cheats and unschooled rabbis and its importance was downplayed and ignored in this study of the Old Yishuv Dr Halper uncovers the personalities issues and events that formed Introduction to Humanities' 2002 Ed., 2002 *International Investment Arbitration* Mohamed A.M. The Great Caliphs Amira K. Bennison, 2014-05-14 This endlessly informative history brings the classical Islamic world to life In this accessibly written history Amira K Bennison contradicts the common assumption that Islam somehow interrupted the smooth flow of Western civilization from its Graeco Roman origins to its more recent European and American manifestations Instead she places Islamic civilization in the longer trajectory of Mediterranean civilizations and sees the Abbasid Empire 750 1258 CE as the inheritor and interpreter of Graeco Roman traditions At its zenith the Abbasid caliphate stretched over the entire Middle East and part of North Africa and influenced Islamic regimes as far west as Spain Bennison s examination of the politics society and culture of the Abbasid period presents a picture of a society that nurtured many of the civilized values that Western civilization claims to represent albeit in different premodern forms from urban planning and international trade networks to religious pluralism and academic research Bennison s argument counters the common Western view of Muslim culture as alien and offers a new perspective on the relationship between Western and Islamic cultures
