James Aitchison

The Golden Harvester The Vision Of Edwin Muir

Hugh MacDiarmid, George Ogilvie

The Golden Harvester The Vision Of Edwin Muir:

The Golden Harvester James Aitchison, 1988 Highlights the mythical elements in Muir's works attributing heavy influence to the poet's treatment by a Jungian psychoanalyst The chapters are arranged by archetypal theme Draws on published works and unpublished radio scripts Annotation copyright Book News Inc Portland Or **Edwin Muir** Margery Palmer McCulloch, 2019-08-06 Rather than emphasising the Christian transcendental elements in Edwin Muir's writing this critical study focuses on the single disunited world a search for meaning and values in the unstable mundane world Taking the reader chronologically through all his major works it analyses the significance of Muir's Orcadian background the influence of German Romanticism on his early poetry and his European interests in general The stylistic maturity of his later poetry is given particular attention as is the relevance of Scotland to his whole work Although Muir has traditionally been seen as standing apart from MacDiarmid's Renaissance this challenging new study shows how he did in his own way fulfil its aim by taking Scottish Literature and criticism back into the mainstream of European culture Margery Palmer McCulloch is Senior Research Fellow in Scottish Literature at the University of Glasgow She is co editor of Scottish Literary Review Her recent books include Modernism and Nationalism Source Documents for the Scottish Renaissance and Scottish Modernism and its Contexts 1918-1959 Literature National Identity and Cultural Exchange published by Edinburgh University Press in 2009

Beyond Scotland, 2021-09-20 Scottish creative writing in the twentieth century was notable for its willingness to explore and absorb the literatures of other times and other nations From the engagement with Russian literature of Hugh MacDiarmid and Edwin Morgan through to the interplay with continental literary theory Scottish writers have proved active participants in a diverse international literary practice Scottish criticism has arguably often been slow in appreciating the full extent of this exchange Preoccupied with marking out its territory with identifying an independent and distinctive tradition Scottish criticism has occasionally blinded itself to the diversity and range of its writers In stressing the importance of cultural independence it has tended to overlook the many virtues of interdependence The essays in this book aim to offer a corrective view They celebrate the achievement of Scottish writing in the twentieth century by offering a wider basis for appreciation than a narrow idea of Scottishness Each essay explores an aspect of Scottish writing in an individual foreign perspective together they provide an enriching account of a national literary practice that has deep and often surprisingly complex roots in international culture **The Mainstream Companion to Scottish Literature** Trevor Royle, 2012-01-06 The Mainstream Companion to Scottish Literature is the most comprehensive reference guide to Scotland's literature covering a period from the earliest times to the early 1990s It includes over 600 essays on the lives and works of the principal poets novelists dramatists critics and men and women of letters who have written in English Scots or Gaelic Thus as well as such major writers as Robert Henryson William Dunbar Gavin Douglas Allan Ramsay Robert Fergusson Robert Burns Walter Scott Robert Louis Stevenson and Hugh MacDiarmid the Companion also lists many minor writers whose work might

otherwise have been overlooked in any survey of Scottish literature Also included here are entries on the lives of other more peripheral writers such as historians philosophers diarists and divines whose work has made a contribution to Scottish letters Other essays range over such general subjects as the principal work of major writers literary movements historical events the world of printing and publishing folklore journalism drama and Gaelic A feature of the book is the inclusion of the bibliography of each writer and reference to the major critical works This comprehensive guide is an essential tool for the serious student of Scottish literature as well as being an ideal guide and companion for the general reader The Rhetoric of Topics and Forms Gianna Zocco,2021-01-18 The fourth volume of the collected papers of the ICLA congress The Many Languages of Comparative Literature includes articles that study thematic and formal elements of literary texts Although the question of prioritizing either the level of content or that of form has often provoked controversies most contributions here treat them as internally connected While theoretical considerations inform many of the readings the main interest of most articles can be described as rhetorical in the widest sense given that the ancient discipline of rhetoric did not only include the study of rhetorical figures and tropes such as metaphor irony or satire but also that of topoi which were originally viewed as the places where certain arguments could be found but later came to represent the arguments or intellectual themes themselves Another feature shared by most of the articles is the tendency of undeclared thematology which not only reflects the persistence of the charge of positivism but also shows that most scholars prefer to locate themselves within more specific often interdisciplinary fields of literary study In this sense this volume does not only prove the ongoing relevance of traditional fields such as rhetoric and thematology but provides contributions to currently flourishing research areas among them literary multilingualism literature and emotions and ecocriticism Ecology and Modern Scottish Literature Louisa Gairn,2008-05-01 This book presents a provocative and timely reconsideration of modern Scottish literature in the light of ecological thought Louisa Gairn demonstrates how successive generations of Scottish writers have both reflected on and contributed to the development of international ecological theory and philosophy Provocative re readings of works by authors including Robert Louis Stevenson John Muir Nan Shepherd John Burnside Kathleen Jamie and George Mackay Brown demonstrate the significance of ecological thought across the spectrum of Scottish literary culture This book traces the influence of ecology as a scientific philosophical and political concept in the work of these and other writers and in doing so presents an original outlook on Scottish literature from the mid nineteenth century to the present **Encyclopedia of British Writers, 1800 to the Present** George Stade,Karen Karbiener,2010-05-12 Contains alphabetically arranged entries that provide biographical and critical information on major and lesser known nineteenth and twentieth century British writers and includes articles on key schools of literature and genres **Scotland's Harvest** Richie McCaffery,2023-07-24 This study is the first exploration of the impact of World War Two on Scottish poets of both the front line and the home front World War One has always been thought of as a poet s war one of horror and futility The poetry of World War Two by

contrast has long languished in its shadow though there was a much greater amount of it written This book asks whether these poets felt they were grown for war or rather that they grew through war experience with an emphasis on the possibilities of the future instead of cataloguing the senseless horror of the battlefield How were the hopes of Scottish poets different from their English counterparts How was their poetry different and how did it impact on their later lives

Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study Actas del XXI congreso internacional de

English Poetry Since 1940 Neil Corcoran, 2014-07-15

Neil Corcoran's book is a major survey and interpretation of modern British poetry since 1940 offering a wealth of insights into poets and their work and placing them in a broader context of poetic dialogue and cultural exchange The book is organised into five main parts beginning with a consideration of the late Modernism of T S Eliot and W H Auden and ranging decade by decade from the poetry of the Second World War and the New Romanticism of Dylan Thomas to the Movement the poetry of Northern Ireland the variety of contemporary women's poetry and the diversity of the contemporary scene The book will be especially useful for students as it includes detailed and lively readings of works by such poets as Ted Hughes Seamus Heaney and Philip Larkin Scottish Literature Since 1707 Marshall Walker, 2017-07-12 Marshall Walker's lively

and readable account of the highs and lows of Scottish literature from this important date to the present addresses the important themes of democracy power and nationhood Disposing of stereotypical ideas about Scotland and the Scots this fresh approach to Scottish literature provides a critical interpretation of its distinctive style and presents the reader with an informative introduction to Scottish culture Coverage includes the Scottish enlightenment and the world of Boswell and David Hulme to the Scottish Renaissance associated with Hugh MacDiarmid Developments in the contemporary literary scene include John McGrath's theatre Company and the fiction and poetry of Alastair Gray and Ian Crichton Smith Particular attention is given to the work of Scottish women writers such as Lady Grizel Baillie and Liz Lochhead who have been much neglected in previous literature *Encyclopedia of British Writers* Christine L. Krueger, 2014-07 This concise encyclopedic

reference profiles more than 800 British poets

The Making of Orcadia Berthold Schoene-Harwood, Berthold

Schoene, 1995 The gradual establishment of George Mackay Brown as Orkney's literary spokesman over the last four decades has instigated a revival of the Orcadian tradition in literature In light of Paul Ricoeur's concept of narrative identity this study explores the correlations between Brown's work and the construction and maintenance of a distinct Orkney identity It

posits that communal identity derives from dynamic narrative processes merging fact and fiction into a story that is generally accepted as authentic in spite of its essentially mythic nature **The Hugh MacDiarmid-George Ogilvie Letters** Hugh MacDiarmid, George Ogilvie, 1988 **The Heart Could Never Speak** George Pattison, 2013-06-25 The book offers an interpretation of a posthumously published poem by Edwin Muir 1887 1959 beginning The heart could never speak But that the Word was spoken The poem is read as summing up Muir's lifelong struggle with fundamental questions about the meaning of existence questions often developed in dialogue with such figures as Nietzsche Heidegger and Kafka These references allow us to bring Muir into conversation with modern existentialist philosophy and theology and Muir's poetic thought is seen as both illuminating and as illuminated by such existentialist thinkers as Heidegger Bultmann Kierkegaard and Berdyaev Themes such as death time love the nature of language and the alienation brought about by technological mass society and the threat of nuclear catastrophe are central to the poem's subject matter and are dealt with by Muir in such a way as to make possible a Christian version of existentialist thought The perennial nature of such questions in modern society makes the poem as relevant to contemporary issues in religious thought today as when it was written For all its simplicity it is the argument of the book that it makes an abiding contribution to human self understanding **Annual Report and Accounts** Arts Council of Great Britain, 1987 *Scottish Literary Journal* , 1987 Waterstone's Guide to Scottish Books Nick Rennison, Colette Bryce, 1998

Eventually, you will categorically discover a supplementary experience and talent by spending more cash. still when? pull off you say you will that you require to acquire those all needs in the manner of having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to comprehend even more with reference to the globe, experience, some places, with history, amusement, and a lot more?

It is your definitely own era to play a role reviewing habit. along with guides you could enjoy now is **The Golden Harvester The Vision Of Edwin Muir** below.
