The Golfing Machine:

The Golfing Machine Homer Kelley,1982 Homer Kelley's Golfing Machine Scott Gummer,2009 In 1939 an average Joe named Homer Kelley played golf for the first time and scored 116 a respectable score for a beginner but frustrating for a science obsessed perfectionist like Kelley He did not play again for six months then carded a 77 He devoted the next 30 years to solving the science behind the perfect golf swing Here veteran journalist Scott Gummer brings to light the untold story of golf s most curious genius Homer Kelley's Golfing Machine Scott Gummer,2009-05-14 The remarkable true story of a lone genius whose quest to unlock the science behind the perfect swing changed golf forever In 1939 Homer Kelley played golf for the first time and scored 116 Frustrated he did not play again for six months when he did he carded a 77 Determined to understand why he was able to shave nearly 40 strokes off his score Kelley spent three decades of trial and error to unlock the answer and to recapture that one wonderful day when golf was easy and enjoyable In 1969 Kelley self published his findings in *The Golfing Machine* The Computer Age Approach to Golfing Perfection The bestselling instruction books of the day required golfers to conform their swings to the author s ideals but Homer Kelley configured swings to fit every golfer He found an enthusiastic disciple in a Seattle teaching pro named Ben Doyle who in turn found an eager student in 13 year old prodigy Bobby Clampett Clampett s initial success in amateur golf shined a bright spotlight on Homer Kelley and *The Golfing Machine* but when the young star suffered a painfully public collapse and faltered as a pro critics were quick to blast Kelley and his complex and controversial ideas With exclusive access to Homer Kelley s archives author Scott Gummer paints a fascinating picture of the man behind the machine the ultimate outsider who changed the game once and for all of us *The Golfing Machine*: Homer Kelley,2006 **The Golfing Machine** Homer Kelley,1971 Making Sense of THE GOLFING MACHINE. ,1985 **The golfing machine** Homer Kelley,1979 **The Secret of Golf** George Peper,Mary Tiegreen,2005-01-01 Presents advice wisdom and tips on how to master the game of golf with contributions by notable teachers and stars and accompanied by instructional photographs and drawings vintage art period photographs and trivia

The Poetics of Golf Andy Brumer,2007-01-01 Many golfers would agree with Andy Brumer that there is poetry in the game of golf And Brumer is not the first to insist that there is more to the game than the superstars swing gurus and high tech equipment that dominate talk of the game today In this series of essays Brumer one of the most insightful writers on golf considers the game from unexpected and often surprising angles At once contemplative and compelling *The Poetics of Golf* explores the links between golf and life by way of art and literature philosophy and psychology In portraits of various players including Tiger Woods Jack Nicklaus Annika Sorenstam and Arnold Palmer among others Brumer teases out the truths that their games can tell us not just about golf but about character and courage And he also offers an unconventional yet enlightening look at the intricacies of the golf swing course architecture and golfing equipment Finally his book reveals to us in its content and also in its wide ranging often lyrical style that golf is by no means only a game *The Golf Book* Robert

Sudha Hamilton, 2022-02-24 This is a book about golf and in particular why the game of golf is so special It is a book about why I love the game and why it has captured my passion and imagination Golf is unlike most other sporting contests in that you play primarily against the course and to a lesser extent against your playing partners and other competing golfers The lie of the land challenges you from the opening tee shot until the final putt drops The golf ball is not moving around when you come to play your shot and so appears to benignly beckon you to strike it The ground however may not be flat beneath your feet and uneven lies are common all over the course The face of the club head and golf ball are relatively small surfaces especially when you draw back the club head on a lengthy shaft until it is behind your head Returning the face of the club head square to the back of the ball at speed is no easy task for the beginner at the game of golf My intention in writing this book is to get inside some of the magical moments and some of the more humorous aspects of the game of golf There is an undeniable communing with nature flavour underpinning the game of golf where the field of play is so massive and majestic All successful subcultures have their own jargon which is delightfully shared by its members Golfers love to swap cliches whilst on the course as a rich part of the golfing experience A golf ball propelled onto the green by a well struck shot is said to be on the dance floor A shot struck beyond the green has airmailed the green An ace is a rare hole in one and this is an exclusive club within the game of golf for those golfers who have achieved this feat Golfers wanting a ball to cease its journey across the green cry out bite A putt successfully rolled into the hole is drained Alternatively that putt could lip out and fail to remain in the hole Golf is a test of character and your sporting mettle A test of how you can stand up to scrutiny and the individual demands of a solo game like golf I think this is a big part of the game s appeal Men and women enjoy the challenge of pitting themselves against the course There is nowhere to hide during a competitive round and you only have yourself to blame when you muck it up and fall short The legendary Bobby Jones in his early days used to throw clubs and carry on out of frustration until it was pointed out to him what a bad look poor sportsmanship was and how damaging it can be to your game The mental game the character required to play golf and some of the history of the game s greatest are all a part of The Golf Book Green Cathedral Dreams 250 pages
