The Hamlyn Of Wines:

The Hamlyn Book of Wines John Paterson,1975 *The Hamlyn Pocket Dictionary of Wines* John Paterson,1980-01-01

The Wine Pioneers Anton Massel,2008 At first there were the horticulturists and wine growers then came the wine makers the coopers and the cellar masters Inevitably there were wine shippers and wine merchants Chemists and biologists added their skills in the past two centuries and only very recently came the oenologists and the professional wine tasters Wine writers play an important role in today s wine trade and there were always wine connoisseurs and wine snobs From 5000BC to the modern day this book provides a chronological history of the wine pioneers through the ages The Spirituality of Wine Gisela H. Kreglinger ,2016 Wine serves an important role both in Scripture and in the Christian church but its significance has received relatively little theological attention in modern times This book fills that gap Viewing wine as a gift of God s created bounty and as a special symbol used pervasively throughout Scripture Kreglinger canvasses the history of wine in the church particularly its use in the Lord s Supper discusses the fascinating process of winemaking and considers both the health benefits of wine and the dangers of alcohol abuse Offering a vision of the Christian life that sees God in all things including the work of a vintner and the enjoyment of a well crafted glass of wine **Wine and the Vine** P. T. H. Unwin,1996 Wine and the Vine provides an introduction to the historical geography of viticulture and the wine trade from prehistory to the present Throughout the rich symbolic and cultural significance of wine is related to its evolution as a commercial product The book thus discusses both the numerous symbolic roles assigned to wine and the vine by people of different religions and also the internationalisation of wine production and marketing *Vicarious* K.J. Bradford,2012-05-18 Id like to thank you for taking this journey with me These recipes are more than just food for the body they are the story of my life Vicarious is a philosophy that should be applied t your whole life That you have something to live through It is my hope that you and your family grow and progress as the book did Let this be the beginning of a life fulfilled Remember live opulent live fulfilled live vicariously my friend Sincerely K J Bradford **Wine and the Vine** Tim Unwin,2005-07-12 Very few books have products as diverse as those of the grape vine even fewer have products with such a cultural significance Wine and the Vine provides an introduction to the historical geography of viticulture and the wine trade from prehistory to the present It considers wine as both a unique expression of the interaction of people in a particular environment rich in symbol and meaning and a commercial product of great economic importance to particular regions **The Seventeenth-Century Customs Service Surveyed** William B. Stephens,2016-03-03 In January 1682 William Culliford a loyal and experienced officer in the King s customs service began an extraordinary journey under Treasury orders to investigate the integrity and efficiency of the customs establishments of southwest England and south Wales as part of a drive to maximize the Crown s income from customs duties on which it relied for much of its revenue Starting at Bristol Culliford eventually completed this daunting task in Cornwall over two years later in the spring of 1684 His report on each of

the ports he inspected the primary source for this book revealed widespread smuggling and fraud in the context of a customs service both lacking in efficiency and riddled with corruption The book documents the varied frauds and wide ranging abuses uncovered and their facilitation by customs officers only too ready to collude with smugglers dishonest merchants and seamen and to accept bribes to ignore tax evasion It describes too Culliford s assessment of the administrative practices of each port inspected and his judgment on the levels of probity and efficiency of individual officers detailing his recommendations for procedural improvements and the treatment of the corrupt and incompetent and incidentally of those suspected of political and religious dissent Additionally the book presents a body of statistical data on the customs revenue actually collected at individual ports in the 1670s and 1680s and surveys the extent and nature of the maritime trade of the ports Culliford examined It thus not only throws light on the history of the customs service but provides a rare insight into the interactions of economic social and political issues in the later seventeenth century and makes a valuable contribution to the particular histories of the ports and maritime districts visited by this energetic and tenacious investigator **Imperial**

Wine Jennifer Regan-Lefebvre, 2024-04-23 A fascinating and approachable deep dive into the colonial roots of the global wine industry *Imperial Wine* is a bold rigorous history of Britain s surprising role in creating the wine industries of Australia South Africa and New Zealand Here historian Jennifer Regan Lefebvre bridges the genres of global commodity history and imperial history presenting provocative new research in an accessible narrative This is the first book to argue that today s global wine industry exists as a result of settler colonialism and that imperialism was central not incidental to viticulture in the British colonies Wineries were established almost immediately after the colonization of South Africa Australia and New Zealand as part of a civilizing mission tidy vines heavy with fruit were symbolic of Britain s subordination of foreign lands Economically and culturally nineteenth century settler winemakers saw the British market as paramount However British drinkers were apathetic towards what they pejoratively called colonial wine The tables only began to turn after the First World War when colonial wines were marketed as cheap and patriotic and started to find their niche among middle and working class British drinkers This trend combined with social and cultural shifts after the Second World War laid the foundation for the New World revolution in the 1980s making Britain into a confirmed country of wine drinkers and a massive market for New World wines These New World producers may have only received critical acclaim in the late twentieth century but *Imperial Wine* shows that they had spent centuries wooing and indeed manufacturing a British market for inexpensive colonial wines This book is sure to satisfy any curious reader who savors the complex stories behind this commodity chain *Table Wines* M. A. Amerine, M.A. Joslyn, 2023-07-28 This title is part of UC Press s *Voices Revived* program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1970
