**The Wolf King's Missing Mate** Lenora D. Darlington, 2025-11-01 When an ancient curse strips the most powerful werewolf king of his destined mate s memories he must win her heart all over again before the curse claims them both and destroys the balance between worlds Darius Ravencrest has ruled the Shadowmere Pack for over four centuries but his reign has been marked by one devastating failure the night his mate Celeste Moonwhisper was torn from his arms by a vengeful witch s curse The curse didn t kill her it did something far worse It stripped away every memory of their bond their love and the supernatural world itself casting her into the human realm with a new identity But the curse was never just about revenge it was about power loss and a mother s broken heart For twenty five years Darius has searched for her while slowly transforming into the monster his enemies claim he is Without his mate s acceptance of their bond he grows weaker with each passing moon his humanity slipping away as his wolf side dominates His pack grows restless rival alphas circle like vultures and the ancient magic that once made him invincible begins to fade Worse the supernatural world itself is failing without Celeste s power to maintain the balance creatures are becoming violent and magic grows unstable Celeste Nightingale lives a quiet life as a small town librarian plagued by vivid dreams of silver eyes and moonlit forests and phantom pains she can t explain She s always felt like something was missing like she s living someone else s life Her best friend Maya seems to be the only one who understands her always knowing exactly what to say and appearing at just the right moments When mysterious accidents start happening around her books bursting into flame at her touch animals following her home plants growing overnight she begins to suspect she s losing her mind Everything changes when Darius finally finds her But the curse has evolved into something far deadlier if she remembers who she truly is before the blood moon it will kill her instantly If he speaks directly of their bond the death curse triggers immediately Darius must court his own mate as a stranger protecting her from supernatural threats she can t see while fighting his own transformation into a beast But Celeste isn t the same woman who was taken from him and she s not sure she wants the life of power and danger that remembering would bring His former best friend and brother in arms Knox Steelwood exiled for challenging Darius s

increasingly ruthless rule returns to claim Celeste believing he can offer her the life Darius never could As supernatural enemies close in and the blood moon approaches Celeste must integrate two lifetimes of memories without losing herself while Darius must choose between saving his mate and saving his soul But the true enemy isn't the curse it's Morgana Blackthorn whose son died heartbroken and reckless in battle after Celeste chose Darius over their arranged engagement The blood moon isn't just a deadline it's when Morgana can steal Celeste's power and become the most powerful supernatural being alive Some love stories span lifetimes Others must be rewritten to save the world A passionate paranormal romance featuring second chance love memory loss ancient curses morally complex antagonists found family betrayal dual POV and a love worth defying fate itself      The Magical Treehouse Adventure and other stories Siddhesh Chindarkar, 2023-07-09 Moral stories are laden with valuable lessons and teach children important values such as honesty kindness compassion and courage Through relatable characters and engaging narratives children learn about the consequences of their actions and the impact they can have on others By witnessing characters making moral choices children internalize these values helping shape their own behavior and decision making skills      Destined Mate Celeste Ravenmoor, 2025-08-07 An addictive fantasy romance filled with witchcraft dangerous secrets and a powerful mate bond I thought my biggest problem freshman year would be surviving organic chemistry I never expected to set my dorm room on fire with my mind Arcanum University was supposed to be a fresh start A place to focus blend in and build a normal college life But from day one things felt off My anxiety attacks spiraled Electronics short circuited around me And Caspian the pre-med heartthrob from psych class kept watching me like he knew something I didn't Turns out I'm not just a college student I'm a witch A powerful one And Arcanum isn't just any school it's a hidden haven for supernatural students living among clueless humans Now I'm juggling midterms and magic rush week and rune circles Caspian insists we're fated mates Orion my brilliant study partner thinks there's a deeper link between science and sorcery But someone on campus is targeting students like me If I don't get control of my powers fast people will die There's no going back to normal There's only the magic I must master And the destiny I can't outrun Perfect for fans of dark academia magical college romance and slow burn supernatural bonds      **Missing Teeth And What Lies Beneath** Victoria Rocus, Five years have passed since Fated Mates Dr Rosie Parker and Fae tax accountant Declan Phineas Fitzpatrick aka Lord Nuada have joined their lives together Thanks to The Morrigan's intervention the governments of the Mundane world have called an uneasy truce regarding the attacks and kidnappings of their Fae dimensional neighbors thus allowing the Fitzpatricks the opportunity to return home to Salem Massachusetts for a few months a year True to his word Declan works to keep his growing family happy and content balancing his Otherworldly responsibilities with Rosie's desire for a sense of normalcy within the parameters of a typical Mundane life When a troubled figure from the past adds a raised level of threat to their complicated lives Lord and Lady Nuada do their best to keep their children safe even when their decisions are less than popular with the kids themselves A
