

The Mongols In History

SJ Ball

The Mongols In History:

The Mongols A History Jeremiah Curtin, 2024-03-18 This book is a detailed account of the political affairs of the Mongol Empire and its immense impact on geopolitics and the shape of global power Primarily covering the Mongol Empire wars with the empires of Persia Islam China and its internal struggles and feuds The reason and results of the slaughters that took place The strategies that were used The betrayals and acts of revenge The tools used for war Regions conquered by the Mongols had their trade stabilized as the Mongols provided protection and law The empire had a semi democratic republic but not always recognized by blood kin of former Khans whom were their leaders Originally nomadic tribes whose identity is bound to tribal politics but united they became a powerful force whose opponents underestimated them at their own peril Goodreads

The History of the Mongol Conquests J. J. Saunders, 2001-03-29 By far the best modern narrative account of the most extensive land empire in the history of the world David Morgan author of *The Mongols*

The Mongols in History Bertold Spuler, 1971

A Short History of the Mongols George Lane, 2018-01-25 The Mongol Empire was the mightiest land empire the world has ever seen At its height it was twice the size of its Roman equivalent For a remarkable century and a half it commanded a population of 100 million people while the rule of Chinggis Genghis Khan marched undefeated from the Pacific Ocean to the Caspian Sea George Lane argues that the Mongols were not only subjugators who swept all before them but one of the great organising forces of world history His book traces the rise of the Great Khan in 1206 to the dissolution of the empire in 1368 by the Ming Dynasty He discusses the unification of the Turko Mongol tribes under Chinggis leadership the establishment of a vigorous imperium whose Pax Mongolica held mastery over the Central Asian steppes imaginative policies of religious pluralism and the rich legacy of the Toluid Empire of Yuan China and Ilkhanate Iran Offering a bold and sympathetic understanding of Mongol history the author shows that commercial expansion cultural assimilation and dynamic political growth were as crucial to Mongol success as desire for conquest

The Mongols and the West Peter Jackson, 2014-05-01 The Mongols had a huge impact on medieval Europe and the Islamic world This book provides a comprehensive survey of contacts between the Catholic West and the Mongol world empire from the first appearance of Chinggis Khan s armies in 1221 down to the death of Tamerlane 1405 and the battle of Tannenberg 1410 This book considers the Mongols as allies as well as conquerors the perception of them in the West the papal response to the threat and opportunity they presented the fate of the Frankish principalities in the Holy Land in the path of the Mongol onslaught Western European embassies and missions to the East and the impact of the Mongols on the expanding world view of the maturing Middle Ages For courses in crusading history and medieval European history

The Mongol Empire John Man, 2014 The untold story of the world s greatest empire and the creation of modern China Genghis Khan is one of history s immortals a leader of genius driven by an inspiring vision for peaceful world rule Believing he was divinely protected Genghis united warring clans to create a nation and then an empire that ran across much of Asia Under his grandson Kublai Khan the

vision evolved into a more complex religious ideology justifying further expansion Kublai doubled the empire's size until in the late 13th century he and the rest of Genghis's Golden Family controlled one fifth of the inhabited world Along the way he conquered all China gave the nation the borders it has today and then finally discovered the limits to growth Genghis's dream of world rule turned out to be a fantasy And yet in terms of the sheer scale of the conquests never has a vision and the character of one man had such an effect on the world Charting the evolution of this vision John Man provides a unique account of the Mongol Empire from young Genghis to old Kublai from a rejected teenager to the world's most powerful emperor

The Mongol Conquests in World History Timothy May,2013-02-15 The Mongol Empire can be seen as marking the beginning of the modern age and of globalization as well While communications between the extremes of Eurasia existed prior to the Mongols they were infrequent and often through intermediaries As this new book by Timothy May shows the rise of the Mongol Empire changed everything through their conquests the Mongols swept away dozens of empires and kingdoms and replaced them with the largest contiguous empire in history While the Mongols were an extremely destructive force in the premodern world the Mongol Empire had stabilizing effects on the social cultural and economic life of the inhabitants of the vast territory allowing merchants and missionaries to transverse Eurasia The Mongol Conquests in World History examines the many ways in which the conquests were a catalyst for change including changes and advancements in warfare food culture and scientific knowledge Even as Mongol power declined the memory of the Empire fired the collective imagination of the region into far reaching endeavors such as the desire for luxury goods and spices that launched Columbus's voyage and the innovations in art that were manifested in the masterpieces of the Renaissance This fascinating book offers comprehensive coverage of the entire empire rather than a more regional approach and provides an extensive survey of the legacy of the Mongol Empire

The Mongols David Morgan,1986 The revised second edition of this highly praised introduction to the Mongol Empire takes account of recent scholarship in the field Provides an overview of the government religion and politics of the Mongolian Empire Considers the effects of Mongol military campaigns on other countries and peoples in China Russia Persia and Europe Assesses the astonishing military career of Chingiz Genghis Khan Now includes a new epilogue assessing the contribution of recent scholarship to our understanding of the Mongols history Well illustrated by maps and photographs throughout

History of the Mongols Bertold Spuler,1972 The history and migration of the Mongols westward from Eastern Asia and their influence on civilization

The Secret History of the Mongols Professor Urgunge Onon,Urgunge Onon,2005-08-18 There has long been a need for a scholarly English edition of the great 13th century historical epic The Secret History of the Mongols the only surviving Mongol source about the empire The book is mainly about the life and the career of Chinggis Khan his ancestors and his rise to power Chinggis Khan was not only a military genius but also a great statesman and diplomat Through a combination of armed force and diplomacy he managed to merge the complex system of alliances which existed between diverse tribes into a

powerful confederacy that swept across most of Eurasia starting in 1219 Urgunge Onon's fresh translation brings out the excitement of this epic with its wide ranging commentaries on military and social conditions religion and philosophy while remaining faithful to the original text This fully annotated edition is prefaced by a 36 page introduction setting the work in its cultural and historical context
