Symbolic Mythology and Translation of a Lost and Forgotten Language John Martin Woolsey, 1917 **The Horse in Magic and Myth** M. Oldfield Howey, 2012-04-18 Rich compilation of legend and lore from mythology, Bible, folklore, literature, other sources. Tales of headless horses, fairy horses, seahorses, plus associations with gods and patron saints, metempsychosis, creation myths. *Myths, Symbols and Legends of Solar System Bodies* Rachel Alexander, 2014-11-04 This book is an amateur astronomer's guide to the mythology and symbolism associated with the celestial bodies in the Solar System and even includes some of the legendary tales of people who had or have a connection with these objects. It explores different cultures, for example, the Greco-Roman and the Norse, and different times and how stories were used to explain the worlds they saw above them. You'd be amazed how much of our world today reflects the myths and stories of these cultures. Most amateur astronomers are familiar with the various Solar System objects, but they will be only peripherally aware of what ancient cultures thought of these other worlds. In fact, the mythology of the planets challenges many twenty-first-century concepts and beliefs. There are other books available on astromythology, but this one focuses mostly on our own Solar System as opposed to the constellations and deep sky objects. Alexander offers a new angle on timeless subjects and is exciting, informative, and dramatic, as well as surprisingly relevant to everyday life. Find out for yourself how our modern world is steeped in the bygone worlds of yesteryear. *Animals and Animal Symbols in World Culture* Dean Miller, 2014-01-01 A comprehensive guide to the history of human interaction with the creatures of the earth, air, and water. This book provides historical perspective on mankind's complicated relationship with all creatures, from tiny insects to larger beasts. From the alligator to the wryneck, key animals from every continent are profiled with articles focusing on how different cultures viewed the creatures with which they shared land and the ones they considered omens of gods and devils. In addition to the numerous articles on specific animals, there are also entries on the role of animals in Christian art and how shamans took the form and power of animals in key ceremonies. The work is highly illustrated, and subjects of major interest are provided with individual bibliographies of further reading on the subject at the end of each article. *A Dictionary of Symbols* Juan Eduardo Cirlot, 2002-01-01 A valuable reference, this informative and entertaining volume presents a key to elucidating the symbolic worlds encountered in both the arts and the history of ideas. Alphabetical entries clarify essential meanings of each symbol as drawn from religion, astrology, alchemy, numerology, other sources. 32 black and white illustrations. **Life Symbols as Related to Sex Symbolism** Elizabeth Edwards Goldsmith, 2011-01-31 Life symbols as related to sex symbolism.

a brief study into the origin and significance of certain symbols which have been found in all civilisations such as the cross the circle the serpent the triangle the tree of life the swastika and other solar emblems showing the unity and sympathy of thought underlying their use as religious symbols The Buddhism of Tibet, Or, Lamaism with Its Mystic Cults, Symbolism and Mythology, and in Its Relation to Indian Buddhism ... Laurence Austine Waddell, 1899 **The Encyclopedia of Secret Signs and Symbols** Adele Nozedar, 2024-05-07 The aim of this book is to seek a true understanding of the secret signs sacred symbols and other indicators of the arcane hidden world that are so thickly clustered around us During this process we ll shed light on the cultural psychological and anthropological nature of our signs and symbols We ll also be surprised to discover that many of the everyday things we take for granted can hold hidden secrets and by having the key to this knowledge we ll gain an insight into the minds and concerns of our forbears who constructed these symbols Provided by publisher Myths and Symbols in Hindu Religion Bhagwat Rana, 2009
