INSTANT NEW YORK TIMES BESTSELLER In the pursuit of authenticity of accurate history and undeniable courage no
words matter more than I was there Read *Luck of the Draw* and the life of Frank Murphy and ponder this how did those boys
do such things Tom Hanks The epic true story of an American hero who flew during WWII as featured in the Steven Spielberg
and Tom Hanks TV Series *Masters of the Air* Beginning on August 17 1942 American heavy bomber crews of the Eighth Air
Force took off for combat in the hostile skies over occupied Europe The final price was staggering 4 300 B 17s and B 24s
failed to return nearly 21 000 men were taken prisoner or interned in a neutral country and a further 17 650 made the
ultimate sacrifice *Luck of the Draw* is more than a war story It s the incredible inspiring story of Frank Murphy one of the
few survivors from the 100th Bombardment Group who cheated death for months in a German POW camp after being shot
out of his B 17 Flying Fortress Now with a new foreword written by his granddaughter Chloe Melas of NBC and daughter
Elizabeth Murphy A gripping inspirational account of incredible bravery resilience and sheer will to survive A truly
extraordinary story General David Petraeus U S Army Ret **Fire and Fury** Randall Hansen,2025-05-08 Insightful
rigorously researched and splendidly written Donald L Miller author of *Masters of the Air* During World War II Allied
bombing obliterated every major German and Japanese city Before the dropping of the atomic bombs conventional bombing
had killed approximately 400 000 Germans and 330 00 Japanese the vast majority civilians Two thirds of Germans who died
under the bombs did so in 1944 and 1945 and in the last year of the war cities with little military were obliterated In Japan
American bombers destroyed all but three major Japanese cities and the people in them after March 1945 These raids
occurred in other words when Allied victory was assured and when precision bombing techniques were far more advanced
than they were earlier in the war *Fire and Fury* asks why Based on extensive archival sources interviews with bombing
survivors airmen and published first hand accounts the book looks at the bombing campaign from an avowedly human
perspective Allied German and Japanese It recreates the experience of living through the death of a city It presents the
complex personalities of the senior airmen and explores why bombing campaigns that seem so excessive seventy five years
later seemed reasonable to many at the time It explains why those campaigns became so murderous so late in the war And it
asks with the full benefits of time s fullness whether it was all worth it Perfect for fans of Max Hastings James Holland and
