The Bronzeville Community Manifesto and Covenant A. E. Rowe Press, 1998-12 *The Qumran Community* Michael A. Knibb, 1987-07-09 This book provides a new translation of substantial extracts from the Qumran writings which comprise an important part of the Dead Sea scrolls The writings reflect the beliefs and practices of a religious community which existed on the shores of the Dead Sea between the middle of the second century BC and AD 68 They shed considerable light on the Essenes whose movement had an important focus at Qumran In addition to selecting the most significant legislative poetic and liturgical writings Professor Knibb provides a commentary dealing with major interpretative problems raised by the extracts The Anthroposophical Society as a Michael Community Paul Mackay, 2013 What lies spiritually and cosmically at the foundation of a community like the Anthroposophical Society In wrestling with this question I have come to the inner conviction that it is justified to speak of the Anthroposophical Society as a Michael community Paul Mackay How can one understand Rudolf Steiner s use of the word we in the last part of the Foundation Stone Meditation What we found from our hearts and direct from our heads with focused will What is the meaning of we here In the first part of this original and inspiring work Paul Mackay takes this question as a point of departure developing a unique approach to working with the

seven rhythms of the Meditation Based on personal experiences he concludes that the rhythms express the members of the human makeup We in the fifth rhythm has the quality of spirit self The second part of the book considers the same we from a karmic perspective with reference to Steiner s lectures on karmic relationships events in the fourth and ninth centuries the mystery of death and evil and the restoration of karmic truth What s the use of telling people over and over that we re not a sect if we act like a sect You see something that needs to be well understood especially by the members of the Anthroposophical Society is what any society in our modern age requires A society must not be a sect in any way If the Anthroposophical Society is to stand on firm ground the word we can really never play a role in regard to opinion Again and again anthroposophists are heard saying to the rest of the world We the Society think this or that This or that is going on with us We want this or that In earlier times societies could present a face of conformity to the world Now this is no longer possible Within a contemporary society each individual must really be a free human being Only individuals have views thoughts and opinions Rudolf Steiner 1923 *Christianity and Community in the West* Simon Ditchfield,2017-03-02 How did Christians in early modern Western Europe express their sense of community This book explores the various ways in which religious identities were defined developed and defended within both Protestant and Roman Catholic contexts in England and on the Continent over a period vital for the history of Christianity As such it will be of interest not only to historians of religion but also to students of social and cultural history in general *From the Damascus Covenant to the Covenant of the Community* Stephen Hultgren,2007-04-30 The focus of this volume is a history of covenantal theology in the Dead Sea Scrolls At the heart of the work the author provides new insight into the origins of the new covenant in the land of Damascus Damascus covenant and of the Qumran community covenant of the community The Damascus covenant arose as a national restoration movement in 3rd century BC Palestine among Jews who traced their history back to the returnees from exile The Qumran community emerged out of the Damascus covenant in the 2nd century BC as a refuge for the faithful when the Damascus covenant and the Teacher of Righteousness suffered the betrayal of some of their adherents Other chapters explore the topics of dualism the righteousness of God in the thanksgiving hymns and covenant renewal Wealth in the Dead Sea Scrolls and in the Qumran Community Catherine Murphy,2018-12-24 This volume is concerned with exploring sectarian attitudes toward wealth and the economic practices that gave rise to and issued from those attitudes An introductory chapter establishes the state of the question Three subsequent chapters focus on major sectarian texts the Damascus Document the Rule of the Community and 4QInstruction A Other sectarian and non sectarian texts that mention wealth are discussed in a fifth chapter while archaeological evidence from the Qumran region and contemporary documentary texts are introduced in chapters seven and eight Finally ancient secondary testimony on Essene economic practices is discussed The book breaks new ground in arguing for several biblical rationales for the practice of shared wealth Its integration of archaeological and documentary evidence sheds surprising new light on the economic organization of the

Qumran community **Scriptural Interpretation and Community Self-Definition in Luke-Acts and the Writings of Justin Martyr** Susan Wendel, 2011-02-14 Although scholars often assume that Luke and Justin similarly claim the sacred texts of Jews for the non Jewish church this book offers a fresh analysis that uncovers significant differences between their respective depictions of the relationship between Christ believers and the Jewish scriptures
