Light, Life and Love William Ralph Inge,1904      Light, Life and Love William Ralph Inge,1935-01-01      **Light, Life, and Love** W. R. Inge,2015-02-17 TO most English readers the Imitation of Christ is the representative of mediaeval German mysticism In reality however this beautiful little treatise belongs to a period when that movement had nearly spent itself Thomas a Kempis as Dr Bigg has said 1 was only a semi mystic He tones down the most characteristic doctrines of Eckhart who is the great original thinker of the German mystical school and seems in some ways to revert to an earlier type of devotional literature The Imitation may perhaps be described as an idealised picture of monastic piety drawn at a time when the life of the cloister no longer filled a place of unchallenged usefulness in the social order of Europe To find German mysticism at its strongest we must go back a full hundred years and to understand its growth we must retrace our steps as far as the great awakening of the thirteenth century the age of chivalry in religion the age of St Louis of Francis and Dominic of Bonaventura and Thomas Aquinas It was a vast revival bearing fruit in a new ardour of pity and charity as well as in a healthy freedom of thought The Church in recognising the new charitable orders of Francis and Dominic and the Christianised Aristotelianism of the schoolmen retained the loyalty and profited by the zeal of the more sober reformers but was unable to prevent the diffusion of an independent critical spirit in part provoked and justified by real abuses Discontent was aroused not only by the worldiness of the hierarchy whose greed and luxurious living were felt to be scandalous but by the widespread economic distress which prevailed over Western Europe at this period      **Light, Life, and Love** W. Inge,2016-03-23 William Ralph Inge was an English author Anglican prelate and professor of divinity at Cambridge He is best known for his works on Plotinus and neo platonistic philosophy and on Christian mysticism From the Introduction TO most English readers the Imitation of Christ is the representative of mediaeval German mysticism In reality however this beautiful little treatise belongs to a period when that movement had nearly spent itself Thomas a Kempis as Dr Bigg has said was only a semi mystic He tones down the most characteristic doctrines of Eckhart who is the great original thinker of the German mystical school and seems in some ways to revert to an earlier type of devotional literature The Imitation may perhaps be described as an idealised picture of monastic piety drawn at a time when the life of the cloister no longer filled a place of unchallenged usefulness in the social order of Europe To find German mysticism at its strongest we must go back a full hundred years and to understand its growth we must retrace our steps as far as the great awakening of the thirteenth century the age of chivalry in religion the age of St Louis of Francis and Dominic of Bonaventura and Thomas Aquinas      **Light, Life, and Love** Inge William Ralph,2016-06-21 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they
