

The Getty Bronze

David Rinne, Jiří Frel

A decorative red circular graphic element, resembling a stylized arrow or a semi-circle, is positioned to the right of the text bar.

The Getty Bronze:

The Getty Bronze Jiří Frel, 1982-01-01 Released from his prison of incrustation having rested on the ocean floor for thousands of years the bronze statue of an athlete stands in a quietly arrogant pose having just placed an olive crown the symbol of victory in the Olympic Games on his head In this monograph devoted to the Getty Bronze Dr Frel analyzes the technique and style that point to its attribution to the great fourth century Greek sculptor Lysippos The conservation of the bronze its possible identity as a Hellenistic prince and its place in Lysippos's oeuvre are discussed *The Getty bronze* J. Paul Getty Museum, Jiří Frel, 1978 Discusses bronze statue that may be attributed to Lysippos Antiquities in the J. Paul Getty Museum J. Paul Getty Museum, Jiří Frel, 1978 The Getty Bronze Jiří Frel, 1978 *The Bronze Statue of a Youth* David Rinne, Jiří Frel, 1975-01-01 Reproductions rarely form a part of any true art collection but the circumstances leading to the recreation of an ancient bronze statue for the Getty Museum were unique With many accompanying photographs David Rinne leads the reader through the fascinating process of casting a bronze statue utilizing molds taken from the head and foot of the original bronze in the Getty collection and the torso of the same statue from the Burdur Museum in Turkey

Artistry in Bronze Jens M Daehner, Kenneth Lapatin, Ambra Spinelli, 2017-11-21 The papers in this volume derive from the proceedings of the nineteenth International Bronze Congress held at the Getty Center and Villa in October 2015 in connection with the exhibition Power and Pathos Bronze Sculpture of the Hellenistic World The study of large scale ancient bronzes has long focused on aspects of technology and production Analytical work of materials processes and techniques has significantly enriched our understanding of the medium Most recently the restoration history of bronzes has established itself as a distinct area of investigation How does this scholarship bear on the understanding of bronzes within the wider history of ancient art How do these technical data relate to our ideas of styles and development How has the material itself affected ancient and modern perceptions of form value and status of works of art www.getty.edu/publications/artistryinbronze

GETTY BRONZE., 1982 **The Victorious Youth** Carol C. Mattusch, 1997 In this full study of the statue Victorious Youth the first in nearly 20 years the author takes into account the most recent art historical information and scientific data about the piece Included is a complete conservation report The Devil in the Gallery Noah Charney, 2021-09-15 It's an in depth look at varied time periods and artists which readers interested in gossip drama or art history will enjoy Library Journal Starred Review Scandal shock and rivalry all have negative connotations don't they They can be catastrophic to businesses and individual careers A whiff of scandal can turn a politician into a smoking ruin But these potentially disastrous negatives can and have spurred the world of fine art to new heights A look at the history of art tells us that rivalries have in fact not only benefited the course of art from ancient times to the present but have also helped shape our narrative of art lending it a sense of drama that it might otherwise lack and therefore drawing the interest of a public who might not be drawn to the objects alone There would be no Sistine Chapel by Michelangelo had rival Raphael not tricked the pope into

assigning him the commission certain that Michelangelo who had never before worked with frescoes would botch the job and become a laughing stock Scandal and shock have proven to be powerful weapons when harnessed and wielded willfully and well That scandal is good for exposure has been so obviously the case that many artists have courted it intentionally which we will define as shock intentionally overturning expectations of the majority in a way that traditionalist find dismaying or upsetting but which a certain minority avant garde find exciting From Damien Hirst presenting the public with a shark embalmed in formaldehyde and entombed in a glass case to Marcel Duchamp trying to convince the art community that a urinal is a great sculpture shock has been a key promotional tool The Devil in the Gallery is a guided tour of the history of art through its scandals rivalries and shocking acts each of which resulted in a positive step forward for art in general and in most cases for the careers of the artists in question In addition to telling dozens of stories lavishly illustrated in full color of such dramatic moments and arguing how they not only affected the history of art but affected it for the better we will also examine the proactive role of the recipients of these intentionally dramatic actions The art historians the critics and even you the general public The Devil likes to lurk in dark corners of the art world morphing into many forms Let us shed light upon him

Studia Varia Jiří Frel, 1994

Unveiling the Energy of Verbal Artistry: An Emotional Sojourn through **The Getty Bronze**

In some sort of inundated with displays and the cacophony of fast transmission, the profound energy and mental resonance of verbal artistry usually fade into obscurity, eclipsed by the continuous assault of sound and distractions. Yet, nestled within the musical pages of **The Getty Bronze**, a captivating perform of literary beauty that impulses with organic feelings, lies an unique journey waiting to be embarked upon. Composed by a virtuoso wordsmith, that magical opus books readers on a mental odyssey, lightly revealing the latent potential and profound affect stuck within the intricate internet of language. Within the heart-wrenching expanse of the evocative evaluation, we will embark upon an introspective exploration of the book is central subjects, dissect their captivating writing model, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
