The Glory And Fall Of The Ming Dynasty:

The Glory and Fall of the Ming Dynasty Albert Chan, 1982 Describes the government economy social structure and history of the Ming dynasty and offers a picture of what life was like in China between 1368 and 1644 *Power Restructuring In China And Russia* Mark Lupher, 2018-02-12 The massive economic transformations and political upheavals that have been sweeping China and the Soviet Union in the final decades of the twentieth century are among the great dramas of our time Yet the origins of these revolutionary changes are murky and their outcomes unclear Have we witnessed the demise of an archaic authoritarian order and the rise of pluralism and democracy or are the tumultuous events of the post Mao era and the period of perestroika more usefully viewed in light of broader patterns of power and politics in Chinese and Russian history Considering these questions with a new interpretation of power relations and political processes in China and Russia Mark Lupher explores the imperial era the communist period and the current situation in both countries Rather than speaking of reform which too often is understood as liberalization along Western lines his discussion is focused on power restructuring the ebb and flow of state power the centralization and decentralization of political and economic power and the three way struggles between central rulers various elites and nonprivileged groups that drive these processes Lupher s power restructuring analysis is noteworthy in combining broad comparative historical analysis and conceptualization with a closely focused discussion and reinterpretation of the Chinese Cultural Revolution the core of his book By comparing and bringing new light to bear on a series of pivotal episodes in Chinese and Russian history he furthers our understanding and assessment of processes that will continue to unfold in China Russia and the former Soviet republics

The Troubled Empire Timothy Brook, 2013-03-11 The Mongol takeover in the 1270s changed the course of Chinese history The Confucian empire a millennium and a half in the making was suddenly thrust under foreign occupation What China had been before its reunification as the Yuan dynasty in 1279 was no longer what it would be in the future Four centuries later another wave of steppe invaders would replace the Ming dynasty with yet another foreign occupation The Troubled Empire explores what happened to China between these two dramatic invasions If anything defined the complex dynamics of this period it was changes in the weather Asia like Europe experienced a Little Ice Age and as temperatures fell in the thirteenth century Kublai Khan moved south into China His Yuan dynasty collapsed in less than a century but Mongol values lived on in Ming institutions A second blast of cold in the 1630s combined with drought was more than the dynasty could stand and the Ming fell to Manchu invaders Against this background the first coherent ecological history of China in this period Timothy Brook explores the growth of autocracy social complexity and commercialization paying special attention to China s incorporation into the larger South China Sea economy These changes not only shaped what China would become but contributed to the formation of the early modern world **The Eunuchs in the Ming Dynasty** Shih-shan Henry Tsai, 1996-01-01 This book is the first on Chinese eunuchs in English and presents a comprehensive picture of the role that

they played in the Ming dynasty 1368 1644 Extracted from a wide range of primary and secondary source material the author provides significant and interesting information about court politics espionage and internal security military and foreign affairs tax and tribute collection the operation of imperial monopolies judiciary review the layout of the palace complex the Grand Canal and much more The eunuchs are shown to be not just a minor adjunct to a government of civil servants and military officers but a fully developed third branch of the Ming administration that participated in all of the most essential matters of the dynasty The veil of condemnation and jealousy imposed on eunuchs by the compilers of official history is pulled away to reveal a richly textured tapestry Eunuchs are portrayed in a balanced manner that gives due consideration to able and faithful service along with the inept the lurid and the iniquitous *Gardens of a Chinese Emperor* Victoria M. Siu, 2013-06-12 The Garden of Perfect Brightness Yuanming Yuan in the western suburbs of the Qing capital Beijing was begun by the great Kangxi r 1661 1722 and expanded by his son Yongzheng r 1722 1735 and brought to its greatest glory by his grandson Qianlong r 1736 1796 A lover of literature and art Qianlong sought an earthly reflection of his greatness in his Yuanming Yuan For many years he designed and directed an elaborate program of garden arrangements Representing two generations of painstaking research this book follows the emperor as he ruled his empire from within his garden In a landscape of lush plants artificial mountains and lakes and colorful buildings he sought to represent his wealth and power to his diverse subjects and to the world at large Having been looted and burned in the mid nineteenth century by western forces it now lies mostly in ruins but it was the world's most elaborate garden in the eighteenth century The garden suggested a whole set of concepts religious philosophical political artistic and popular represented in landscape and architecture Just as bonsai portrays a garden in miniature the imperial Yuanming Yuan at the height of its splendor represented the Qing Empire in microcosm Includes 62 color plates and 35 black white photographs **The Military Revolution** Geoffrey Parker, 1996-04-18 This is a new edition of Geoffrey Parker's much admired illustrated account of how the West so small and so deficient in natural resources in 1500 had by 1800 come to control over one third of the world Parker argues that the rapid development of military practice in the West constituted a military revolution which gave Westerners an insurmountable advantage over the peoples of other continents This edition incorporates new material including a substantial Afterword which summarises the debate which developed after the book's first publication Peking Susan Naquin, 2000 A monumental social history of Peking over 500 years seen through the lens of the temple and with attention to and appreciation of the role religion played in the development of the imperial capital **Confucianism and the Succession Crisis of the Wanli Emperor, 1587** Daniel K. Gardner, Mark C. Carnes, 2022-07-01 Confucianism and the Succession Crisis of the Wanli Emperor 1587 is set in the Hanlin Academy in Ming dynasty China Most students are members of the Grand Secretariat of the Hanlin Academy the body of top ranking graduates of the civil service examination who serve as advisers to the Wanli emperor Some Grand Secretaries are Confucian purists who hold that tradition obliges the emperor

to name his first born son as successor others in support of the most senior of the Grand Secretaries maintain that it is within the emperor's right to choose his successor and still others as they decide this matter among many issues confronting the empire continue to scrutinize the teachings of Confucianism for guidance The game unfolds amid the secrecy and intrigue within the walls of the Forbidden City as scholars struggle to apply Confucian precepts to a dynasty in peril World History of Warfare Christon I. Archer, 2002-01-01 This book provides a wide ranging and comprehensive coverage of warfare across times and cultures Its main strengths are its ability to provide context for each period discussed comparison between developments in Europe Asia and the colonized world and critical and up to date bibliographies that allow the reader to pursue subjects in greater depth Jacket flap Military Strategy Jeremy Black, 2020-04-07 A global account of military strategy which examines the practices rather than the theories of the most significant military figures of the past 400 years Strategy has existed as long as there has been organised conflict In this new account Jeremy Black explores the ever changing relationship between purpose force implementation and effectiveness in military strategy and its dramatic impact on the development of the global power system Taking a total view of strategy Black looks at leading powers notably the United States China Britain and Russia in the wider context of their competition and their domestic and international strengths Ranging from France's Ancien Regime and Britain's empire building to present day conflicts in the Middle East Black devotes particular attention to the strategic practice and decisions of the Kangxi Emperor Clausewitz Napoleon and Hitler
